Welcome to our Corporate Plan

We are delighted to introduce our Corporate Plan for 2020 – 2024.

Following engagement with partners, our communities and our staff, we are proud that people tell us South Derbyshire is a friendly and welcoming place.

Our Corporate Plan has our vision and values at its core which play an important role in ensuring that we deliver our services and care for our District and its people to the best of our abilities.

This plan concentrates on the issues that are most important to the people who live and work in South Derbyshire, on national priorities set by the Government and on the opportunities and challenges presented by the environmental, economic and social aspects of the District.

We have identified our three key priorities as: Our Environment, Our People, Our Future.

Our plan seeks to ensure that our District remains a great place to live, visit and invest.

Our District

South Derbyshire is a rural District in central England covering an area of over 100 square miles.

Its population currently stands at 102,400 and forecasts suggest that by 2031 the number of people who call it home will have risen to more than 112,000.

The convergence of the A38 and A50 in the District and with the country's second largest freight airport on the doorstep, South Derbyshire is one of the best-connected areas in the country. The District is also at the heart of The National Forest which brings economic, environmental and social benefits.

In a period when concern for the environment is more prominent than ever, as part of the District's growth, a careful eye is being kept on protecting the environment and promoting responsible behaviour.

For many years the District has been the fastest growing in Derbyshire and is, in fact, currently one of the fastest growing areas in England. This reflects the fact that the area offers a high quality of life and is a place people want to live and work.

Our Vision and Values

Our values are important, they underpin the way we operate as an organisation and will help and inspire us to achieve our vision.

Our Vision is:

The Council plays an important role in protecting the environment and promoting responsible behaviour and we are committed to creating a 'cleaner, greener' District.

The framework we have in place is accredited and ensures continual

improvement of our environmental performance.

We will work with partners locally and regionally to help the Council achieve carbon neutrality by 2030, making South Derbyshire cleaner and greener for future generations.

Our key aims to deliver this priority are:
