CR1	Universal Credit (UC)	Ongoing changes to the welfare system and Universal Credit impact on resources in Benefits and Customer Services.	Resources allocated to the team are not in line with workload demands.	Financial and Resource	4	1	4	<ul style="list-style-type: none"> The Local Council Tax Reduction Scheme has been redesigned to improve the customer experience and make it easier/more efficient to administer. The new scheme was adopted by the Council in February 2022 and is now in place for 2022-2023. A service review will ensure the team is flexible and can adapt to changes in workload in future years. Following a major system upgrade, improved document management functions, the introduction of a linked CRM system and automation are being explored to increase productivity within the team and improve interaction with customers. 	2	1	2	Continually monitor the workload and resources allocated to the team.	No change in Q1.	Head of Customer Services
CR2	Fraudulent activities	The possibility of fraud being undetected.	National studies show fraud leads to a significant loss of resources within the Public Sector as a whole.	Financial and Reputational	4	3	12	<ul style="list-style-type: none"> The Council has a Shared Service Arrangement with Derby City Council which supports the delivery of the Council's Anti-Fraud & Corruption Plan, which aims to introduce stronger anti-fraud processes across council tax, business rates, benefits, Right to Buy, social housing, supported accommodation and wider service areas. The unit also delivers fraud awareness training across the Council. This agreement was extended for 2022-2023. Public agencies such as the DWP and HMRC increasingly share data with local authorities on a real-time basis. This allows compliance checks to take place to spot and eliminate the potential for fraud and error in a timely manner. Single Person Discount checks on Council Tax are also regularly undertaken. 	2	2	4	<ul style="list-style-type: none"> The Fraud Unit have an annual work programme which is considered and approved by the Audit Sub-Committee. Outcomes are also reported to the Audit Committee. Authorities are being asked to be extra vigilant due to the potential for fraud to increase during Covid-19. 	No change in Q1.	Head of Customer Services
CR3	Procurement Services	Limited resources to enable good quality advice and support for Services.	The Council does not have its own procurement department	Resource	3	3	9	<ul style="list-style-type: none"> The Council is part of a Shared Service Arrangement with other Derbyshire Agencies and has access to a wider pool of resources for support and advice. 	1	3	3	Continue to review the SLA with the Lead Partner. CR4	Public Building	Ensuring public buildings are safe and have adequate repair budgets to ensure they remain fit for purpose.	Funding available within the budget provisions to deliver the planned maintenance programme	Financial and Compliance	2	3	6	<ul style="list-style-type: none"> The additional repairs reserve has addressed the risk in the short term Condition surveys are being undertaken with a view to preparing a planned maintenance programme and comparing estimated costs against available budgets. The safety measures identified within the Covid-19 risk assessments have been implemented. 	2	2	4	<ul style="list-style-type: none"> Continually monitor and review the repair budgets to ensure adequate funding is available for the Planned Maintenance Programme going forward. 	Minor change to mitigating action: The safety measures identified have been implemented.	Head of Corporate Property
CR7	Payroll Service	There is no additional capacity or expertise within the team to cope with any down time	Employees and members not receiving payments due is significant	Resource	4	4	16	<ul style="list-style-type: none"> A report was approved in August 2021 for the approval to look into a new system or provide additional resources. There is a support function for payroll provision available to the Council from the supplier of the payroll software which can be utilised in an emergency. Discussions regarding cover of the payroll service are currently underway with the software supplier to make the detail more formal. 	1	2	3		Update to mitigating action: Removed Chesterfield Borough Council support. Update to Further action: Removed Review finance structure.	Head of Finance
CR9	Transformation Compliance	Committing to already allocated resources or finances of projects outside the annual work programme for ICT and Business Change	The Council has signed up to a Transformation Roadmap which would be adversely affected and not delivered therefore failing the corporate plan target.	Strategic	4	2	8	<ul style="list-style-type: none"> Ensure all Heads of Service are aware of the roadmap and the implications of adding additional projects. Ensure Transformation Steering Group members understand when they are involved in other work how that affects the ability to deliver critical transformation projects. Key TSG members feeding back any discussions or ongoing work relating to unauthorised projects as soon as possible. 	3	2	6		No change in Q1.	Head of Business Change, ICT, Digital

CR10	Banking and Counterparty Limits	Authorised signatories being unavailable, Internet failure resulting in no access to the bank accounts.	Result in a breach of the approved counterparty limits set by the Council	Resource	4	3	12	<ul style="list-style-type: none"> Annual leave and meetings of both approvers and administrative functions are monitored by the team to ensure any potential risks are mitigated. 5 administration staff have responsibility for setting up transfers of cash therefore any external internet failure is mitigated by having at least 2 other staff to take over the process. There are 3 approvers for banking transactions, 2 of which are the S151 and Deputy S151 Officers. At least 1 of these officers is always available for approvals. Cash flow forecasts are updated daily, and any known transfers are set up in advance. The risk of the Internet failure is mitigated through risk CR23 	1	1	1		No change in Q1.	Head of Finance
CR11	Failure of systems external to Finance	The Academy system interfaces data for Housing Benefit, Council Tax and Business Rates daily. The AIM system interfaces cash files daily.	Impacts of Customer accounts and financial statements not being up to date with cash paid and the FMS not including all assets and liabilities resulting in potential qualification of the Financial Statements	Compliance and reputational	2	3	6	<ul style="list-style-type: none"> An annual maintenance fee is paid to the system providers for system support and disaster recovery. Daily reconciliations of cash are completed by the Finance team to ensure that any failure is recognised immediately. To prevent any reputational issues, a major failure would result in debt collection reminders being delayed. Bank accounts are also reconciled daily, and any missing cash files would be manually transferred into the FMS to ensure the Debtor position is correct. Council Tax, Business Rates and Housing Benefit interface files are reconciled monthly but the processing of the interface files is a manual task so any failure of file generation would be recognised immediately and reported to the IT Helpdesk. An upgrade to the Academy system has taken place. 	1	1	2		No change in Q1.	Head of Finance

CR12	Government Funding - a reduction in core funding	As a growth area, the Council's proportion of core funding is heavily reliant on the New Homes Bonus (NHB) and Business Rates and this has started to reduce.	The Council's core funding has been reduced by £418,000 between 2021/22 to 2022/23. If this trend continues, following a review of the funding system by the Government, then the Council will need to review its income and expenditure ahead of 2025/26.	Financial	4	3	12	<p>Financial Planning</p> <ul style="list-style-type: none"> The Council plans its finances over five years for the General Fund and 10 years for the Housing Revenue Account. Its financial target of achieving a minimum level of contingency balance on a rolling five-year basis allows for a planned and timely approach to address any financial difficulties. The Medium-Term Financial Plan (MTFP) is regularly reviewed, updated, and reported to the Finance and Management Committee on a quarterly basis. <p>Current Financial Position</p> <ul style="list-style-type: none"> Overall, the General Fund currently shows a healthy position due to the level of reserves, although the medium-term projection forecasts an increasing deficit in future years as it highlights increasing expenditure to meet the population growth, but a reduction in core funding. Projected budget deficits could be financed from reserves if required, although this would become unsustainable after 2024/25. The impact of Covid-19 on the short-term financial position is being kept under review; temporary increases in expenditure and loss of income are being met from additional Government funding received. The Council has approved that no new revenue spending, over and above that approved by the Council in February 2022, is committed until the medium-term situation becomes clearer following a review of the funding system by the Government. 	4	3	12	The Medium- Term Financial Plan is being kept under review and reported to the Finance and Management Committee on a quarterly basis.	No change in Q1.	Strategic Director, Corporate Resources
CR13	The Economy - the impact of the national economic situation locally.	Rising inflation and a gap in the supply of materials, services, and labour.	Rising costs, the availability of materials and pressure on recruitment and retention.	Financial	4	3	12	<p>Support for Local Businesses</p> <ul style="list-style-type: none"> The Government has provided various funding and support for local businesses and residents to help them overcome the impact of Covid-19. <p>Regeneration</p> <ul style="list-style-type: none"> In addition, major residential development has largely continued and following an initial downturn in planning applications in April 2020, they have since shown a strong and sustained upward turn. 	3	3	9	Keep under review through quarterly reporting. 								<ul style="list-style-type: none"> The Finance and Management Committee approved a new capital investment programme of approximately £4 million on 8 October 2020 which is providing resources for investment in regeneration and community projects. <p>Treasury Management</p> <ul style="list-style-type: none"> The MTFP is not reliant on interest rates increasing from the current level to generate revenue on its reserves and balances. Any increase would be a direct benefit to the Budget. Apart from debt associated with its Council Housing, the Council is debt free. Regarding the HRA debt, this is now all fixed interest rates and is affordable within the Housing Revenue Account's financial plan. <p>Base Budget</p> <ul style="list-style-type: none"> The Council's Budget for 2022/23 has included provision for increasing prices on fuel utilities and materials. 						
CR14	Technology, Data and Security – keeping pace with developments in IT, together with the management and security of data	There is a potential security risk for running outdated or unsupported systems Employees not following due process in relation to IT and data security	There is potential to loss operational data and for reputational damage, together with possible fines, should a data breach occur.	Strategic	4	4	16	<p>IT Upgrades and Development</p> <ul style="list-style-type: none"> The Council has an ICT replacement programme in place which directs hardware and corporate infrastructure upgrades. This is resourced through provision in the IT base budget, together with an IT Asset Replacement Reserve. New laptops, smartphones and an upgrade to Microsoft 365 was completed in 2020. <p>Security of Systems</p> <ul style="list-style-type: none"> The Council is currently compliant with the Government's Public Services Network requirements. Regular Internal Audit Reviews test the robustness of systems and the infrastructure with recommendations to strengthen the ICT environment being reported to and monitored by the Audit Sub-Committee. Due to potential virus attacks, measures are in place to restrict Internet access and to control the use of mobile devices. 							12	<p>Security of Data</p> <ul style="list-style-type: none"> Regular briefings and guidance documents are issued to raise awareness of data and security issues. An E-learning package is completed annually by all Officers with access to Council systems and equipment. The Council's Data Protection Officer has direct access to the Leadership Team on matters concerning Information Governance. Whilst staff have been working remotely communications have been sent to remind of the dangers of cyber-attacks. The security in place is the same for end users regardless of location therefore hardware and software need no special arrangements in response to COVID working practices, however staff are the first, last, strongest, and weakest chain in our defences. A mandatory Cyber Security e-learning package must be completed annually. A number of procedures and policies are also in place that mandate more secure ways of working such as no use of personal email addresses and devices, information classification and encryption. The Council is currently upgrading its telephone infrastructure to enable full compliance with the Payment Card Industry (PCI) regulations. The implementation of actions to strengthen security and the safeguarding of data subject to PCI, are being monitored by the Audit Sub-Committee. 			8	The Learning & Development Officer will provide quarterly reports to the Head of BC&ICT to confirm the % of staff who have completed the E learning training.		
CR16	Business Continuity	Flu Pandemic Fuel Shortage Loss of Buildings ICT Failure	Loss of Service provision	Operational	3	4	12	<ul style="list-style-type: none"> Some aspects of this risk can be transferred as business interruption cover is in place as part of the Council's Property Insurance Policy. Business Continuity and Emergency Plans are in place and regularly reviewed in accordance with the Civil Contingencies Act. The Council buys in support from Derbyshire County Council to ensure that the Council's plans remain up to date. COVID risk assessments and action plans are in place and resources made available to provide employees with the equipment to work from home wherever possible as well as access to resources to support their physical and mental health and wellbeing. The Council continues to deliver all of its services. This is being undertaken within national guidelines and in conjunction with other agencies in Derbyshire. Guidance is being provided to staff 	4	2	8	Consultation with residents regarding access to services also in process. Accommodation review to be undertaken. All staff have been invited to attend orientation sessions to find out more about how the new policy will affect them. 						
CR17	Capacity and Resilience	Service demand and loss of skills	Recruitment, retention and development of the workforce and dealing with additional demand for services due to Growth.	Operational	3	3	9	<ul style="list-style-type: none"> Resources set-aside in the MTFP in growth provisions and training budgets to expand service provision and develop the workforce. Since 2018, several major services across the Council have been restructured to strengthen service provision and improve capacity. Proposed restructures in Community and Cultural Services and Housing have recently been approved and implemented to increase capacity and resilience. A restructure of the Council's Senior Management was implemented on 1 April 2019. The aim of the new structure was to create resilience in service provision with the creation of new Head of Service posts, including new posts to focus on Organisational Improvement/Learning and Development. The management restructure also combined resources to create centralised Business Change and Policy teams to support business transformation across the Council. 	2	2	4	The Flexible Working Policy takes into account the risk associated with ensuring capacity and resilience in the delivery of services and retention of the workforce.	Minor change to further actions.	Strategic Director, Corporate Resources
CR18	Terrorism and potentially violent situations	As a public body there is a potential for the Council and its workforce to become a target.	From time to time, members of the workforce do face individual threats while undertaking their duties	Operational	3	4	12	<ul style="list-style-type: none"> Lone working systems in place including a 'Solo-Protect' warning and call for assistance system. CR19	Statute and Regulation	Failure to meet requirements.	There is no recent evidence to suggest any significant issues; the impact would depend on the nature of the failure.	Compliance	2	3	6	<ul style="list-style-type: none"> This applies to many Council services. In general, the necessary skills and resources are in place to ensure that the Council meets its statutory duties. In addition, the Council's Constitution, policies and procedures aim to support strategic and regulatory delivery. <p>Note: Some aspects of this risk can be transferred as the Council has insurance cover in place. If the failure rises due to an action of an employee during the normal course of their duties, it is covered under the Official Indemnity (accidental or negligent act) or Professional Indemnity (breach of professional duty) Policies.</p>	1	3	3	Keep under review. Continue training and awareness for staff.	No change in Q1.	Strategic Director, Corporate Resources
CR20	Health and Safety	The potential to contravene Health and safety procedure, practice and legislation through non-adherence to safe systems of work, risk assessments and associated work practices.	Serious harm through incidents and near misses	Compliance	4	4	16	<ul style="list-style-type: none"> The Council employs a Health and Safety Officer. All employees are provided with the relevant training and PPE required for their role. An on-going training programme is in place for all staff and for parts of the workforce where there is a greater risk of an accident. Incidents and near misses are logged, reported and reviewed corporately and any major incidents are investigated to review procedures. Risk assessments are regularly undertaken, and procedures updated when necessary. Monthly and quarterly meetings are held to review health and safety performance and compliance. 	3	2	6	Monitoring and review of incidents and near misses.	Updated to reflect the monitoring of Health and Safety performance.	Head of Organisational Development & Performance
CR21	Managing the environmental impact of incidents across the District	Incidents arising directly from actions by the Council in the provision of its services. For example, an oil spill which contaminates land or water courses	Impacts on environment and economy; increased risk of major events: potential for litigation; reputational damage	Strategic	2	3	6	<ul style="list-style-type: none"> The Council has plans in place through Emergency Planning to manage the environmental impact of any incidents across the District. The Council is accredited to the prestigious international ISO 14001 standard for Environmental Management. The Council has also declared a "Climate Emergency" and has a Corporate Steering Group to oversee an action plan to reduce the Council's carbon footprint and become carbon neutral as an organisation by 2030. (See Risk below) 	2	2	4		Updated to confirm a Corporate Env Co-ordinator appointed in May 2022.	Head of Environmental Services
CR22	Climate Emergency	The failure of the Council to achieve carbon neutrality for its operations by 2030 and carbon neutrality for the District by 2050.	Impacts on environment and economy; increased risk of major events: potential for litigation; reputational damage	Strategic	4	3	12	<ul style="list-style-type: none"> Achievement of the carbon reduction ambitions are mainly vested in our Climate and Environment Strategy and Climate & Environment Action Plan. The Action Plan contains planned and programmed actions and will be reviewed annually. Emerging statute is expected to exert significant influence over the Council's operations and indirect influence in relation to climate change. 				Actively seeking external funding.	And date for new Carbon Emissions Report.	
CR23	Internet Connection	The effects of the internet connection becoming unavailable for a length of time would be a major incident.	Most applications whether they are onsite or hosted will need the Council's internet connection to be active for their use. There is only one ISP in Swadlincote. Therefore, if the cable is damaged or the service is disrupted, no internet connection will be available.	Strategic	2	4	8	<ul style="list-style-type: none"> New RA02 Circuits are being procured which have been specified with a resilient line. Although full resilience isn't proved due to a single supplier, the lines are coming from different exchanges so both would have to be out of service for a total loss of connection. There are options to make some services available over alternative connections, be that personal or business, if needed. Four drivers have been recruited into vacant posts. There are a further three vacant driver posts and will be looking to recruit into these posts as soon as possible, Global shortage of microchips: No immediate concerns over purchase of new vehicles, if situation deteriorates then the Team will look to source ex-demonstrator vehicles or nearly new/used vehicles. Short-term hire will also be considered where appropriate The shortage of semiconductors, a key component part in almost all modern electronics, is having a large effect on production of many products. Cars and computer equipment are high profile products to suffer supply chain problems. The only way to combat this problem in relation to purchase of new equipment is to order early and allow up to six months for delivery. Where practical and financially viable orders can be made before the need arises. A good example could be purchase of a new laptop after members approve the post rather than after the candidate has accepted the post and will be starting in a matter of weeks. NOVUS and other contractors have been able to secure alternative supplies/products. The shortage of materials has now translated into an increase in materials prices of between 20-25%. This will likely be reflected in having to renegotiate rates for some repair and maintenance works. 	4	3	12	<p>Currently looking at HGV apprenticeships</p> <p>Management is in constant discussions with local agency driver suppliers to secure additional cover.</p> <p>30 weeks lead period for new RCV's</p> <p>Renegotiation of programmes/rates for major improvement schemes.</p>	<p>Removed EU shortage of materials to manufacture coloured plastic from risk cause/ risk impact. and from mitigating actions</p> <p>Updated mitigating actions for National shortage of HGV drivers to confirm training opportunities are still in place.
