We have just been made aware that the Spread Eagle, on Main Street in Etwall, has applied to have their license extended.

We live behind the pub and have had noise issues with it. Earlier this year, environmental health agreed with us and asked them to be quieter.

A lot of noise is generated by cars leaving the pub, that continuing till later in the evening is un-acceptable.

I've tried ringing to object, but no one answers.

Regards,

Dan Smith  
Portland Street,  
Etwall.

**Subject:** extended licensing for spread eagle etwall

i am emailing to object to the proposal of the spread eagle public house extended licensing hours. Around this area we already have to put up with loud music at weekends along with shouting from people at closing time cars revving up and when the pub quiz is on that also very loud.

regards

**Subject:** The Spread Eagle Public House - Etwall Derby

Dear sir/madam

I wish to raise objection to the proposed variations, the above public house has applied for. If these extended hours are granted, they will cause nuisance to not only my own family, but many others that surround this pub, that may not be aware of the application.

My concerns are that the noise from the car park, and beer garden plus the late night loud music, will be detrimental to our standard of living. This being one of the main reasons we moved to be in a village environment, and ultimately could affect the value of our property.

Yours faithfully

**Subject:** variation to spread eagle opening times

Dear Sir / Madam

I wish to raise my objections to the variation in licensing hours applied for by the Spread Eagle pub in Etwall.

I live at the top end of the pub car park, and there have been many times especially during the hot summer nights when we cannot have the windows open because of the noise coming from the patio area, and this can go on until 1:00 am, so I hate to think what extended opening hours will do.

We also have to deal with car doors slamming, and revving engines when the customers finally decide to go home, which invariably wakes us and our young son up whose bedroom is on the pub side of the house.

I hope you will consider my objections before making your decision, and if you want to discuss any aspects further please get in touch.
