

Appendix C: Health and Safety - Accident Statistics 2014/15

Purpose of the Report

This report provides an overview of the number of accidents that have occurred during the period 1 July to 30 September 2014 within the Council.

Background

The Health & Safety Officer provides advice and training on health and safety matters across the Council. This Officer is also responsible for producing management information on the number of accidents. These are collated on a regular basis and are reported to the joint Health & Safety Committee. This Committee reviews the accidents and makes recommendations or learning that needs to be implemented.

Accident Statistics

The Council's accident statistics are broken down into reportable and non-reportable accidents.

Reportable accidents are those covered by RIDDOR (Reporting of Injuries, Diseases & Dangerous Occurrences Regulations, 1995). These accidents have to be reported to the Health and Safety Executive and include:

- Where a member of staff has been required to stay in hospital for 24 hours after an accident;
- Where a member of the public was taken to hospital for treatment after the accident;
- If the accident results in the member of staff being off work for 3 days after the date of the accident,

The table overleaf shows the number of accidents that have occurred during the current quarter by reportable accident type and category and the year to date.

During the second quarter of 2014/15 there were 36 accidents in which 16 accidents involved employees. This includes 3 accidents involving employees which were of a reportable nature – one employee being struck by a moving vehicle, one employee was involved in a slip/trip or fall and one other incident relating to the heat.

There were 17 accidents involving members of the public (primarily children) taking part in the summer play schemes. Two members of staff running play activities had also been injured. The number of children who took part in the summer play schemes was over 8,000.

Appendix C: Health and Safety - Accident Statistics 2014/15

**Table: Accident Cause Statistics – (for the 2nd Quarter - 1 July to 30 September 2014) and Year to Date: Comparative
Accident Cause Statistics for the previous year (2013/14)**

Accident Cause	Quarter 2 (1July - 30 September 2014)					Current Year To Date (2014/15) Actual				Previous Year (2013/14) Actual			
	Non Reportable		Reportable		Total	Non Reportable		Reportable		Non Reportable		Reportable	
	Employees	Public	Employees	Public		Employees	Public	Employees	Public	Employees	Public	Employees	Public
Manual handling	2	-	-	-	2	3	2	-	-	4	-	1	-
Contact Fixed Objects (e.g. sharps)	-	1	-	-	1	1	2	-	-	4	2	-	-
Struck by Moving Vehicles RTA's	-	-	-	-	-	-	-	-	-	2	-	2	-
Struck by Moving Objects - others	4	4	1	-	9	6	4	2	-	9		1	-
