Details of representation.....

Prevention of Crime and Disorder

The proposed venue is in very close proximity to residential housing much of which in this area is occupied by elderly residents such as ourselves. The potential for vandalism, hooliganism burglary and other anti social behaviour posed by crowds of up to 4,999 people with extensive access to unlimited alcohol will be high.

Prevention of Public Nuisance

The Close proximity of the proposed venue to residential housing. Will pose an unacceptable level of noise from the attendees and the music, particularly live music, throughout the day and late into the evening. This will prevent residents from the ability to comfortably enjoy their outside spaces for seven months of the year spanning three seasons. This added to the already intrusive noise from Donnington Park and East Midlands airport will be unbearable.

Public Safety

This would be compromised due to the huge increase in traffic, in an area which already suffers heavy congestion, by attendees and also contractors etc. setting up stages and other facilities before and after events. The roads and streets around this area, particularly Church Square, Castle Street and Church Street are already heavily congested particularly at weekends and public/school holidays with visitors to the Pool, shops and cafes and Melbourne Hall and gardens.

Traffic will not approach the venue solely from the Wilson road as most traffic coming from Derby and the north will arrive via the Swarkstone causeway and pass through the towns already congested streets and exacerbating the parking problems. A serious accident with these circumstances is almost inevitable.

Once the Licensing Section has received this form you will receive a written acknowledgement and you may be contacted to discuss the issue prior to any referral to a sub-committee hearing.
