Date: 21 December 2017

Dear Councillor,

**Environmental and Development Services Committee**

A Meeting of the **Environmental and Development Services Committee** will be held in the **Council Chamber (Special)**, on **Thursday, 04 January 2018 at 18:00**. You are requested to attend.

Yours faithfully,

Chief Executive

To:- **Conservative Group**  
Councillor Watson (Chairman), Councillor Muller (Vice-Chairman) and Councillors Mrs Brown, Coe, Mrs Hall, Mrs Patten, Roberts, Tipping and Wheeler

**Labour Group**  
Councillors Chahal, Dunn, Taylor and Tilley

## **AGENDA**

### **Open to Public and Press**

- 1** Apologies and to note any Substitutes appointed for the Meeting.
- 2** To note any declarations of interest arising from any items on the Agenda
- 3** To receive any questions by members of the public pursuant to Council Procedure Rule No.10.
- 4** To receive any questions by Members of the Council pursuant to Council procedure Rule No. 11.
- 5** SERVICE BASE BUDGETS 2018-19 **3 - 29**

### **Exclusion of the Public and Press:**

- 6** The Chairman may therefore move:-  
That in accordance with Section 100 (A)(4) of the Local Government Act 1972 (as amended) the press and public be excluded from the remainder of the Meeting as it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that there would be disclosed exempt information as defined in the paragraph of Part I of the Schedule 12A of the Act indicated in the header to each report on the Agenda.
- 7** To receive any Exempt questions by Members of the Council pursuant to Council procedure Rule No. 11.

<b>REPORT TO:</b>	<b>ENVIRONMENTAL AND DEVELOPMENT SERVICES COMMITTEE: SPECIAL – BUDGET</b>	<b>AGENDA ITEM: 5</b>
<b>DATE OF MEETING:</b>	<b>4<sup>th</sup> JANUARY 2018</b>	<b>CATEGORY: RECOMMENDED</b>
<b>REPORT FROM:</b>	<b>STRATEGIC DIRECTOR (CORPORATE RESOURCES)</b>	<b>OPEN</b>
<b>MEMBERS' CONTACT POINT:</b>	<b>KEVIN STACKHOUSE (01283 595811)</b> <a href="mailto:Kevin.stackhouse@south-derbys.gov.uk">Kevin.stackhouse@south-derbys.gov.uk</a>	<b>DOC:</b> s/finance/committee/2017-18/budget
<b>SUBJECT:</b>	<b>SERVICE BASE BUDGETS 2018 / 2019</b>	<b>REF:</b>
<b>WARD(S) AFFECTED:</b>	<b>ALL</b>	<b>TERMS OF REFERENCE: EDS</b>

## **1.0 Recommendations**

- 1.1 That the proposed revenue income and expenditure for 2018/19 for the Committee's Services as detailed in **Appendix 1** are considered and referred to the Finance and Management Committee for approval.
- 1.2 That the proposed fees and charges as detailed in **Appendix 2** for 2018/19 are considered and approved.

## **2.0 Purpose of Report**

- 2.1 As part of the annual financial planning cycle, the report details the Committee's proposed base budget for 2018/19, with a comparison to the current year, 2017/18. This includes an overview of the Committee's main spending areas.
- 2.2 It is proposed that the estimated income and expenditure is included in the consolidated budget of the Council for 2018/19 subject to the Council's overall medium-term financial position. This will be considered by the Finance and Management Committee during the coming month.
- 2.3 The report also sets out proposals for the level of fees and charges under the responsibility of this Committee for the next financial year, 2018/19.

## **3.0 Summary and Overview**

- 3.1 The Committee is responsible for some large spending areas, in particular on Waste Collection and Street Cleansing, together with a range of services across Environmental Health.

## **Income**

- 3.2 The Committee is also responsible for services where significant amounts of income are generated for the Council, which contribute to the cost of services. These include licensing, trade waste collections, together with building regulation applications, land charges and local planning applications. In total, these generate income of approximately £1.6m per year.
- 3.3 Consequently, these income streams can have a big impact on the Council's overall financial position and are considered to be a risk in the Council's Medium-Term Financial Plan (MTFP). Income generated can be difficult to predict year-on-year as they are subject to external factors such as the type and volume of planning applications and when individual licences are due for renewal.
- 3.4 Furthermore, some services, such as Building Regulations, offer a commercial service in addition to its statutory duty and consequently are in direct competition with private sector organisations.
- 3.5 In accordance with Regulations, income should not be to such an extent from year to year, that large surpluses are made. This is particularly the case for Planning Fees, Building Regulations, Land Charges and Licensing. Any additional income should ideally be reinvested back into the services, used as a contribution to non-chargeable work or one-off costs, or prices charged for services reduced.
- 3.6 From around 2009/10, the economic downturn had a negative impact on these major income streams, which adversely affected the Council's overall financial position.
- 3.7 However, from 2014/15 there has been a steady increase in income compared to that budgeted, in particular from planning fees. Income from Building Regulations has steadily decreased over the past 3 years as commercial competition has reduced the Council's market share and this has been reflected in the Base Budget.
- 3.8 The Council governs a growth area and consequently income can rise quite sharply from time-to-time as planning consents are granted. The adopted Local Plan should provide a steady income stream but will result in less speculative applications.

## **The Council's Overall Financial Position**

- 3.9 The Council's MTFP was reviewed and updated in October 2017. In principle, the overall position on the General Fund has not changed fundamentally over the last year. The current level of the General Fund Reserve remains healthy and is projected to remain so over the next 3 to 4 years based on current forecasts.
- 3.10 However, the continuing issue is the projected budget deficit over the medium-term from 2019/20 when the impact of the reduction in core funding takes effect. Although the current level of reserves can be used to meet the

projected deficit, this is not a sustainable solution in the longer-term. The MTFP continues to assume that base budget expenditure will increase year-on-year but overall core funding will reduce.

3.11 The Finance and Management Committee will consider the detail of the overall financial position on 11<sup>th</sup> January, including proposals from this Committee.

3.12 Therefore, it is important that the Committee scrutinises its spending base closely to identify potential budget savings and carefully examines any areas where there are cost pressures, together with any proposals to increase spending.

### Summary of Expenditure

3.13 The following table provides an overall summary at service level, of the Committee's net revenue expenditure.

Summary of Net Revenue Expenditure	Approved Budget 2017/18 £	Proposed Budget 2018/19 £	Change £
Transport	700,824	597,562	-103,262
Economic Development	246,592	244,622	-1,970
Environmental Education	73,789	75,674	1,885
Environmental Health	504,854	507,079	2,225
Highways	24,468	44,548	20,080
Licensing and Land Charges	-15,732	-23,788	-8,056
Planning	492,175	475,179	-16,997
Town Centre	89,585	95,137	5,551
Waste Collection & Street Cleansing	1,861,637	2,087,008	225,371
<b>Total Net Expenditure</b>	<b>3,978,193</b>	<b>4,103,020</b>	<b>124,827</b>

3.14 The above table shows that the Committee's net expenditure is estimated to increase overall between 2017/18 and 2018/19 by £124,827. Detail of the changes within each service area is listed in **Appendix 1**. A summary of changes is shown in the following table.

Changes in Base Budget 2017/18 to 2018/19	£'000
Increased Land Charges, Trade Waste and Street Naming Income	-48
Refuse Collection Establishment Increase	127
Other Staffing Costs	-40
Inflation	10
Additional Recycling Costs	66
Planning Software	27
Fuel Costs	17
<b>Approved Changes</b>	<b>159</b>
Increased Gulley Cleaning Costs	20
Planning Software Upgrade	25
<b>Additional Changes</b>	<b>45</b>
<b>Change in Total Service Expenditure</b>	<b>204</b>
Less: Depreciation	-79
<b>Base Budget Increase</b>	<b>125</b>

- 3.15 Excluding the decrease in Depreciation, which is an accounting adjustment and not a cost to the Council, the increase in actual expenditure based on the proposed budgets, is £204k. Of the £204k increase, known expenditure of £159k has previously been reported.
- 3.16 Clearly, the main variance is the overall increase in Establishment costs for Waste Collection due to growth of the District which was approved by Committee on 16<sup>th</sup> November. The main reasons for other variances are detailed in the following sections.

### **Inflation**

- 3.17 This amount (£10k) relates to the annual indexation on the Recycling Contract. This is included within the MTFP.

### **Planning Income and Software**

- 3.18 An increase in Planning income was approved from a base level of £600k to £750k in February 2016 for a two year period from 2016/17 to 2017/18. Income over the past 2 years has far exceeded the budget and is forecast to be favourable in 2017/18 based on current performance.
- 3.19 The Town and Country Planning (Fees for Applications, Deemed Applications, Requests and Site Visits) (England) (Amendment) Regulations 2017 is currently in draft awaiting approval and an implementation date. Once approved, Planning Fees will increase by 20% and this is expected to be implemented for 2018/19.
- 3.20 Based on the current volume of applications it is likely that income levels will be greater than £600k in 2018/19 so it is proposed that the income budget remains at £750k but is kept under review as part of the MTFP.
- 3.21 Any increase in Planning income due to the 20% uplift will need to be ring-fenced for use in Planning Development. The anticipated increase in income has not been included in the Base Budget for 2018/19.
- 3.22 A Planning Software upgrade is due to be undertaken in 2018/19 at a one-off additional cost of approximately £25k. Due to on-site server limitations the existing planning and land charges software will, as an interim solution, have to be hosted off-site to ensure business continuity until all systems can be migrated to this new solution. Going forward, software costs are likely to increase by around £5k per annum but this is subject to a procurement exercise.
- 3.23 The Council has also purchased a new Section 106 software solution plus the new GIS software that provides enhanced website functionality. The total of these software solutions is an additional £27k and have previously been reported.

## Depreciation

- 3.24 Depreciation charges are reversed out in Finance Committee on consolidating the Council's budget. They reflect charges for using capital assets in service delivery in accordance with accounting regulations. The charge relates to vehicles, plant and equipment as assets are written down in the Council's accounts. There is no impact on actual spending levels.

## Recycling & Gulley Cleaning Costs

- 3.25 The budget has been aligned with actual costs being incurred over the last year. The increase mainly relates to additional collection costs for "bring sites" and calendar distributions for Recycling and contractor spend on Gulley Cleaning.

## Fuel Costs

- 3.26 The proposed budget has been increased by £17k and is based on usage over the last two years with an increase of 10% on the unit price. The increase has been provided for in the MTFP.

## Other Staffing Changes

- 3.27 Changes to other staffing areas are summarised in the following table and further detail is given below.

Other Staffing Costs	£'000
Incremental Pay Rises	28
Reduced Hours	-5
Expired Short-Term Posts	-65
Reduced Earmarked Reserve Funding for above Posts	40
Posts Transferred to Housing & Community Services	-38
<b>Total Other Staffing Changes</b>	<b>-40</b>

- 3.28 All posts on the Council's Establishment are budgeted for in full during the budget round. There are 2 posts within Planning on short-term contracts that expire on 31<sup>st</sup> March 2018 and 1 that expires on 30<sup>th</sup> June 2018. These posts have been considered in the budget and have reduced the Establishment cost by £65k. This reduction has been off-set in part by a reduction in allocated reserve funding of £40k.
- 3.29 A change in hours for 1 post has reduced forecasted salary costs by £5k plus a transfer of staff from Environmental and Development to Housing and Community Services approved in April 2017 has further reduced staffing costs by another £38k. The corresponding increase in costs is to be reported to the Housing and Community Services Committee during the Budget round.
- 3.30 Incremental salary rises have increased Establishment costs by £28k. This cost has been included within the MTFP.

## Earmarked Reserves

3.31 Some spending is financed by drawing down earmarked reserves. After taking account of these amounts, the estimated balance on the relevant reserves is shown in the following table.

<b>Environmental Services Earmarked Reserves</b>	Balance b/fwd 01/04/17	Estimated drawdown 17/18	Estimated drawdown 18/19	Estimated balance 31/03/19
New Town Centre Grants – Non-Heritage	26,397	0	0	26,397
Planning Staffing and Support Costs	62,409	-42,409	0	20,000
Environmental Education	37,347	-12,382	0	24,965
<b>Total Earmarked Reserves</b>	<b>126,153</b>	<b>-54,791</b>	<b>0</b>	<b>71,362</b>

3.32 The estimated drawdowns are included in the appropriate cost centres in the Committee's budget.

3.33 At this stage, none of the Reserves include any further income from external contributions although, based on past years, it is likely that some will be received.

## 4.0 Detail

4.1 The Committee's budgets by service area are detailed in **Appendix 1**.

### **Basis of the Budget**

4.2 Budgets are generally calculated on a "no increase basis," i.e. they are maintained at the same level as the previous year adjusted only for known changes, price increases and variations due to contractual conditions, etc.

4.3 In addition, budgets are also subject to a base line review which is used to justify proposed spending. This process places responsibility on budget holders to justify their spending budgets by specifying their needs in a more constructed manner. This is supported by the Financial Services Unit, who analyse recent trends across services compared to current budgets.

### **On-going Service Provision**

4.4 The budgets are based substantively on a continuation of existing service provision (in respect of staffing levels, frequency, quality of service, etc.).

4.5 The full year effects of previous year's restructures and budget savings have been included, with any non-recurring items removed.

### **Changes in Pay**

4.6 A pay award is not included within the Base Budget at this stage as discussions are still on-going between the Local Government Unions and the National Employers. The MTEP includes a provision of 2% for a potential increase.

## Inflation

- 4.7 The Base Budget for 2018/19 has been uplifted by inflation/indexation where this applies, for example contract obligations.
- 4.8 Clearly, some base costs will be subject to inflation during future years and in some cases it will be “unavoidable,” for example employee costs, when national pay increases are approved.
- 4.9 Allowances for inflation based on various assumptions regarding price increases, etc. are calculated across the main spending heads.

## Risks

- 4.10 All Committee budgets have been reviewed and known changes to income and expenditure have been reflected in the proposed base budget for 2018/19 as detailed in the report. Additional resources have been included in the proposed budgets for recycling costs and growth.
- 4.11 Other financial risks associated with the Committee’s services are identified in the following table.

Risk	Issue / Potential Effect	Mitigating Action
<b>Reduction in Income</b>	Budgeted income from Planning, Licensing, etc. totals £1.6.m is not sustainable.	Base Budgets reflect actual income but remain prudent. Building Control income has been reducing in recent years due to commercial competition. The budget for 2018/19 has remained at £200k after a reduction in 2017/18 and current income is in line with the budget. This report has highlighted potential changes in charges for Planning Fees. Current income, although lower than 2015/16 and 2016/17, is in line with the Budget for 2017/18; a budget of £750k has been proposed for 2018/19 with regular review in the MTFP. With the adoption of the Local Plan, this should bring forward some major planning applications but will result in less speculative applications going forward.
<b>Recycling</b>	The Council has been made aware that the cost of the Kerbside Recycling Scheme may need to increase.	This is still under review. A provision of £100,000 has been set-aside in the MTFP to offset any additional costs.
<b>Growth</b>	The Council’s MTFP identifies “underlying cost pressures yet to surface” as a risk, due to pressure from residential development. In addition, there is additional demand on current resources in Planning and Land Charges	A provision for growth has been set-aside in the MTFP and this is forecast to increase every year over the length of the Plan. Additional resources have been invested in Waste Collection and these costs, together with their financing, have

	to meet the volume of planning applications and land searches associated with development.	been included in the proposed budgets for 2018/19.
--	--	--

## **Proposed Fees and Charges 2018/19**

4.14 **Appendix 2** provides a schedule of the proposed charges for the next financial year 2018/19, together with a comparison to the existing charge. All charges are exclusive of VAT and where applicable, VAT is added at the appropriate rate in accordance with HMRC regulations.

4.15 A detailed review of fees and charges has been undertaken as part of the Budget Round. Where possible, charges have been increased to reflect inflation and the demand for services. The key points are detailed in the following sections.

### **Land and Property Searches**

4.16 After an increase in last financial year on residential and commercial premises searches, it has been proposed to retain the current pricing structure for 2018/19.

4.17 The fees and charges list out costs for additional questions. After a thorough review of the process, it is proposed that each of these additional questions should be increased to account for the time and resources utilised in responding. Two new charges are also proposed for residential and commercial questions for Assets of Community value.

4.18 The budgeted income has been increased by £4k to £104k to include the increase in fees for additional questions and the Base Budget allows for a break-even position.

### **Private Hire (Taxi) Licences**

4.19 No changes are proposed for 2018/19.

### **Other Licences**

4.20 No increase in fees has been proposed for 2018/19. Increases in previous years were designed to bring the fees into line with actual costs to ensure that the Council broke-even in administering these licences.

4.21 Total income from all licences of £170k per year is included in the Budget. In both 2015/16 and 2016/17, income totalled £185k. The service currently breaks even.

### **Environmental Services**

4.22 It is proposed to increase the charge for a Food Export Certificate from £52 to £54.

4.23 A new charge for Food Hygiene Re-inspections was approved by this Committee in September and is now included within the Fees and Charges schedule. There is no proposal to increase this fee in 2018/19.

4.24 Income can fluctuate from year to year. In 2015/16, it totalled £67k, £64k in 2016/17 and is currently estimated at £72k for 2017/18. It is expected to be around £70k in 2018/19. However, these levels are far in excess of income generated prior to 2014/15, reflecting the success of certain businesses in the export market.

### **Charges under the Licensing and Gambling Acts of 2003 and 2005**

4.25 As the licensing authority, the Council is required to comply with the charging regime set under statute. The fees quoted are the maximum charged under the legislation. However, it is unlikely that many of these licences, for example that apply to casinos, will be applicable.

### **Pest Control Charges**

4.26 An increase is proposed on domestic services for the removal of rats and wasps. The cost of bait for removal of rats has increased which has prompted the increase in fees. Wasp removal has been compared to other providers and the increased fee is deemed to be reasonable in comparison.

### **Collection of Trade Waste**

4.27 No changes are proposed for 2018/19.

### **Planning Services**

4.28 These do not include fees for planning applications, which are currently set nationally.

4.29 It is proposed to increase charges for footpath diversions and street naming to compensate for the resources required to action requests. The budgeted income for Street Naming and Numbering in 2018/19 has been increased to £38k from £20k to take account of both the current high levels of income forecast in 2017/18 plus the increase in fee.

### **Fees for Building Regulations**

4.31 These are reviewed and approved separately on a periodic basis in accordance with market and general pricing conditions (including legislative requirements) in the sector. The fee structure is designed to recover building regulations costs and associated matters. The current scale of fees, which were last reviewed and updated in July 2014, are available at:

<http://www.south-derbys.gov.uk/about-us/financial-information/fees-and-charges/building-control>

## **5.0 Financial Implications**

5.1 As detailed in the report

## **6.0 Corporate Implications**

6.1 There are no other direct legal, personnel or other corporate implications apart from those detailed in the report.

## **7.0 Community Implications**

7.1 The proposed budgets and spending under the responsibility of the Committee, provides the financial resources to enable many of the on-going services and Council priorities in the Corporate Plan to be delivered to the local community.

## **8.0 Background Papers**

8.1 None

## BUDGET 2018/19

## Environmental and Development

		BUDGET			
£'s		2018/19	2017/18	VARIANCE
