SUBJECT:	SERVICE BASE BUDGETS 2021/22	
WARD(S) AFFECTED:	ALL	TERMS OF REFERENCE: EDS

1.0 Recommendations

- 1.1 That the proposed income and expenditure revenue budget for this Committee's services for 2021/22 as detailed in **Appendix 1** is considered and recommended to the Finance and Management Committee for approval.
- 1.2 That the proposed fees and charges as detailed in **Appendix 2** for 2021/22 are considered and approved.

2.0 Purpose of the Report

- 2.1 As part of the annual financial planning cycle, the report details the Committee's proposed base budget for 2021/22 with comparisons to the current year budget. This includes an overview of the Committee's main spending areas.
- 2.2 It is proposed that the estimated income and expenditure is included in the consolidated budget of the Council for 2021/22 within the Council's overall medium-term financial position. This will be considered by the Finance and Management Committee on 11th February 2021.
- 2.3 The report also sets out proposals for the level of fees and charges under the responsibility of this Committee for 2021/22.

3.0 Executive Summary

- 3.1 The Committee is responsible for some large spending areas, including Waste Collection and Street Scene and a range of services across Environmental Health and Economic Development.

Income

- 3.2 The Committee is also responsible for services where significant amounts of income are generated for the Council which contribute to the cost of services. These include

licensing, trade waste, land charges and local planning applications. In total, these generate income of approximately £1.5m per annum.

- 3.3 These income streams can have a big impact on the Council's overall financial position and are a risk in the Council's Medium-Term Financial Plan (MTFP). Income generated can be difficult to predict year-on-year as it is subject to external factors such as the type and volume of planning applications.
- 3.4 In accordance with Regulations, income should not be to such an extent from year to year that large surpluses are made. This is particularly the case for Planning Fees, Land Charges and Licensing. Any additional income should ideally be reinvested back into services, used as a contribution to non-chargeable work or one-off costs, or process charges for services reduced.

The Council's Overall Financial Position

- 3.5 The Council's MTFP was fully reviewed and updated in November 2020. The overall position on the General Fund has not changed fundamentally over the last year. The current level of the General Fund Reserve remains above the £1.5m statutory balance by the end of the planning cycle.
- 3.6 However, the continuing issue is the projected deficits each year over the life of the Plan. Although the current level of reserves can be utilised to meet the projected deficits, this is not a sustainable solution in the longer-term. Delays to the Fair Funding Review also leaves the Council with uncertainty regarding future funding past 2021/22.
- 3.7 The Finance and Management Committee will consider the detail of the overall financial position on 11th February 2021, including proposals from this Committee.
- 3.8 It is important that the Committee scrutinises its spending base closely to identify budget savings and carefully examines any areas where there are cost pressures, together with any proposals to increase spending.

Summary of Expenditure

- 3.9 The following table provides an overall summary at service level of the Committee's net revenue expenditure.

	2021/22 £	2020/21 £	Movement £
Economic Development	344,350	365,920	-21,570
Environmental Services	809,185	781,433	27,752
Highways & Parking	61,801	126,385	-64,585
Licensing & Land Charges	20,624	23,254	-2,630
Planning	638,628	617,974	20,655
Street Scene	1,194,076	1,063,950	130,126
Waste & Transport	3,080,615	2,728,207	352,407
	6,149,279	5,707,124	442,155

- 3.10 The above table shows that the Committee's net expenditure is estimated to increase overall between 2020/21 and 2021/22 by £442,155. Detail of the changes within each service area is listed in **Appendix 1**. A summary of changes is shown in the following table.

	£'000
Salaries	375
Tyres & spare parts	21
Insurance	18
Internal recharge	6
Fuel	6
Professional fess	4
Food Safety income	-10
Grant payments	-12
Transfer to Finance & Management	-18
One-off costs 20/21 removed	-57
Gully cleansing contract	-69
	264
Depreciation	178
Base Budget Increase	442

3.11 Excluding the increase in depreciation which is an accounting adjustment and not a cost to the Council, the increase in actual expenditure based on the proposed budgets is £264k. The majority of the increased budget variances listed were expected and have previously been included within the MTFP.

Salaries

3.12 Employee costs have increased by approximately £40k due to incremental salary rises, but the main increase is due to the approved restructures for Cultural Services, Environmental Services and Operational Services in February, July and October 2020. All additional costs were included in the MTFP in November.

3.13 The Cultural Services restructure impacts mainly on the Housing and Community Services Committee, but Environmental Education staffing support was increased with Planning Services contributing to the revised structure. The overall increase to the budget is £15k and if Planning fee income is below the budget in 2021/22, any shortfall will be funded from the Planning earmarked reserve.

3.14 Environmental Services increased the number of staff but also promoted existing staff and increased the income budget for Food Safety as part of their restructure. This has increased the overall budget in 2021/22 by £59k.

3.15 The Operational Services restructure update included changes due to District growth, management support and the proposal to bring the gully cleansing service in-house. Although the total increase to the base budget is £194k (including fuel increases), the actual increase to the General Fund MTFP is approximately only £8k as the growth element was already covered within a provision.

Tyres and Spare Parts

3.16 The cost of £21k for anticipated increases in vehicle maintenance was included within the MTFP as a known variance and has been transferred into the Base Budget for 2021/22. It is expected that costs will increase over the life of the plan therefore an additional sum per year is included within the MTFP and will be transferred into the Base Budget as required.

Insurance

- 3.17 Insurance cover is an overall increase to the Council of £31k between 2020/21 and 2021/22. The impact on this Committee is £18k of the total and is mainly due to an increase in Vehicle Insurance associated with the increase in the number of vehicles.

Transfers Between Committees

- 3.18 Due to the Business Change and ICT restructure approved in 2019, changes have been made to the location of individual budgets within this service area.
- 3.19 The budget for Computer Maintenance agreements for GIS has now been transferred from the Street Naming and Numbering cost centre and is now included within Digital Services in Finance and Management Committee.

One-off Costs

- 3.20 Consultancy costs for a review of Waste provision (£20k), body cams and equipment for the new Community Safety Enforcement Officer (£10k), contributions towards the East Midlands Economic Gateway (£22k) and a study on the Ivanhoe Line (£5k) were all approved and actioned during 2020/21 as one-off costs, and therefore these budgets have been removed for 2021/22.

Other Variances

- 3.21 An increase for costs of membership to Keep Britain Tidy has been proposed of £4k as there will be two surveys a year undertaken in 2021/22 with only one survey a year in previous years.
- 3.22 Grant payments have previously been made to Repton and Etwall Parish Council's for maintenance of the Public Conveniences, but these facilities are now closed and in a state of disrepair and therefore the grants of £4k are no longer payable. A grant sum of £8k for two financial years was approved to pay Overseal Parish Council for the transfer of the public conveniences from the Council with no future revenue contributions. The removal of these grants is a benefit to the General Fund of £12k going forwards.

Earmarked Reserves

- 3.23 Some spending is financed by drawing down earmarked reserves. After taking account of these amounts, the estimated balance on the relevant reserves is shown in the following table.

	Balance B/fwd 2020/21 £	Estimated Movement 2020/21 £	Estimated Movement 2021/22 £	Estimate Balance 31/03/22 £
Local Plan Support Costs	145,233	0	0	145,233
Planning Staffing and Support Costs	138,775	-36,999	-56,337	45,439
Environmental Education	16,414	4,260	-13,469	7,205
Building Control Transition	13,709	-13,709	0	0
District Conservation Works	10,000	0	-10,000	0
New Town Centre Grant - Non-Heritage	43,717	0	-43,717	0
Operational Services Public Open Spaces	146,906	0	-50,000	96,906
Garden Village Fund	77,854	-77,854	0	0
Planning 20% Fee Increase	90,598	0	0	90,598
	683,206	-124,302	-173,523	385,381

3.24 The estimated drawdowns are included in the appropriate cost centres in the Committee's budget.

3.25 Based on past years, it is likely that these reserves will not be drawn down to the extent noted above and additional contributions may be received to supplement these reserves. It should be noted however that there is a risk with the Environmental Education service that the reserve level is very low and if the reduction in income that has been forecast due to the unknown impact of the pandemic is accurate this could present concerns to future service delivery.

4.0 Detail

4.1 The Committee's budgets by service area are detailed in **Appendix 1**.

Basis of the Budget

4.2 Budgets are generally calculated on a "no increase" basis i.e. they are maintained at the same level as the previous year adjusted only for known changes, price increases and variations due to contractual conditions.

4.3 In addition, budgets are also subject to a base line review which is used to justify proposed spending. This process places responsibility on budget holders to justify their spending budgets by specifying their needs in a more constructed manner. This is supported by the Financial Services Unit, who analyse trends across services compared to current budgets.

Ongoing Service Provision

4.4 The budgets are based substantively on a continuation of existing service provision (in respect of staffing levels, frequency, quality of service, etc).

4.5 The full year effects of previous year's restructures and budget savings have been included, with non-recurring items removed.

Changes in Pay

- 4.6 A pay award is not included within the Base Budget at this stage as no official notification has been submitted to the Council although it is expected that no award will be made in 2021/22 in accordance with the Government's national pay freeze.
- 4.7 The MTFP includes a provision for a potential pay award increase of 2.5% per year for all employees from 2022/23.

Inflation

- 4.8 The Base Budget for 2021/22 has been uplifted by inflation where this applies, for example contract obligations.
- 4.9 Some base costs will be subject to inflation during future years and in some cases, it will be unavoidable, for example employee costs, when national pay increases are approved.
- 4.10 Allowances for inflation based on various assumptions regarding price increases, etc. are calculated across the main spending heads at an average of 2%.

Risks

- 4.11 All Committee budgets have been reviewed and known changes to income and expenditure have been reflected in the proposed base budget for 2021/22 as detailed in the report. Additional resources have been included in the proposed budgets for growth.
- 4.12 Other financial risks associated with the Committee's services are identified in the following table.

Risk	Issue / Potential Effect	Mitigating Action
Reduction in Income	Budgeted income from Planning, Licensing etc. totals £1.5m is not sustainable	Base budgets reflect actual income but remain prudent. This report contains detail on changes in anticipated income and is based on known marketplace conditions
Recycling	The Council is aware that the cost of kerbside recycling may be subject to increase	This is still under review. A provision of £100k has been set-aside in the MTFP to offset any additional costs. Additional costs are being incurred in 2020/21 due to Covid-19, but these are being funded by a Government Grant.
Growth	The Council's MTFP identifies underlying cost pressures yet to surface as a risk due to pressure from residential development.	A provision for growth has been set-aside in the MTFP each year over the life of the Plan and this is kept under review.

Proposed Fees and Charges 2021/22

- 4.13 **Appendix 2** provides a schedule of the proposed charges for next financial year together with a comparison to the existing charge. All charges are exclusive of VAT

and where applicable, VAT is added at the appropriate rate in accordance with HMRC regulations.

- 4.14 A detailed review of fees and charges has been undertaken as part of the budget round. Where possible, charges have been increased to reflect inflation and the demand for services. The key points are detailed in the following sections.

Land and Property Searches

- 4.15 No changes are proposed for 2021/22.

Private Hire (Taxi) Licences

- 4.16 No changes are proposed for 2021/22, although these are subject to periodic review and considered separately for example, when regulations change.

Animal Licences

- 4.17 No changes are proposed for 2021/22, although these are subject to periodic review and considered separately for example, when regulations change.

Other Licences

- 4.18 No changes are proposed for 2021/22, although these are subject to periodic review and considered separately for example, when regulations change.

Environmental Services

- 4.19 Increases in Food Export certificates by 2% rounded to the nearest £ has been proposed.
- 4.20 Income can fluctuate from year to year and is expected to be around £80k which is a £10k increase on 2020/21 and was approved as part of the Environmental Services restructure.

Charges under the Licensing and Gambling Acts of 2003 and 2005

- 4.21 As the licensing authority, the Council is required to comply with the charging regime set under statute. The fees quoted are the maximum charged under the legislation. It is unlikely however that many of these licences, for example those that apply to casinos, will be applicable.

Pest Control Charges

- 4.22 Increases on all fees have been proposed and fluctuate between 2% and 6% after a review of the cost of maintaining the services.
- 4.23 It has been proposed to remove the fees for treatment of cockroaches as there is not a requirement for this service in the community.

Waste Collection

- 4.24 No changes are proposed for 2021/22.

Planning Services

- 4.25 Planning application fees are not included within the fees and charges for approval as these are currently set nationally.
- 4.26 It is proposed to increase footpath applications/orders and planning enquiries by inflation to cover the cost of resources.

Street Naming and Numbering

- 4.27 A 5% increase has been proposed against all fees to assist with the costs of continuing development and improvement of the addressing systems and data quality.

5.0 Financial Implications

- 5.1 As detailed in the report.

6.0 Corporate Implications

Employment Implications

- 6.1 None

Legal Implications

- 6.2 None.

Corporate Plan Implications

- 6.3 The proposed budgets and spending under the responsibility of this Committee provides the financial resources to enable many of the on-going services and Council priorities to be delivered.

Risk Impact

- 6.4 The Financial Risk Register is detailed in the MTFP and financial risks specific to this Committee are detailed in section 4.

7.0 Community Impact

Consultation

- 7.1 The budget will be disseminated through Local Area Forums and separate consultation will be undertaken with the local business community.

Equality and Diversity Impact

- 7.2 None.

Social Value Impact

7.3 None.

Environmental Sustainability

7.4 None.

8.0 Conclusions

8.1 That the proposed base budgets are scrutinised and approved to provide financial resources for continuation of service delivery.

9.0 Background Papers

9.1 None.
