## **Primary Use**

Below are the transactions taken from the back office computer system for a period of 2 weeks from the 15<sup>th</sup> to the 29<sup>th</sup> June 2013.

The back office system does not provide a summary of transactions, so each day of sales for 2 weeks has been manually counted. We can produce the figures used to give the results below, however each day of transactions consists of around 40 pages.
