REPORT TO: OVERVIEW and SCRUTINY AGENDA ITEM: 7

COMMITTEE

DATE OF CATEGORY:

MEETING: 13th OCTOBER 2021 RECOMMENDED

OPEN

REPORT FROM: STRATEGIC DIRECTOR

(CORPORATE RESOURCES)

MEMBERS' KEVIN STACKHOUSE (01283 595811)

CONTACT POINT: kevin.stackhouse@south-derbys.gov.uk

DOC: h/KS/collaborative working/O&S report Oct 2021

SUBJECT: COLLABORATIVE WORKING

TERMS OF WARD(S) ALL REFERENCE:

AFFECTED:

1.0 Recommendations

1.1 That the Committee notes the current extent of partnership and collaborative working undertaken by the Council and identifies the next steps within the scope of the review.

2.0 Purpose of Report

2.1 To provide details of the various partnership and collaborative working arrangements currently in place across the Council. In accordance with the Committee's approved Work Programme, this report provides an overview of collaborative working and a basis to consider other areas which could have potential for similar arrangements.

3.0 Detail

- 3.1 **Appendix 1** details the various ways across each of the three Directorates, in which the Council works with partners and other organisations to deliver services.
- 3.2 These vary considerably in size and scope ranging from strategic arrangements such as the South Derbyshire Partnership and the Derbyshire Economic Partnership to more service-related arrangements in areas such as Licensing and Waste Management.
- 3.3 Generally, many of these arrangements are informal in that there are no particular contractual arrangements in place.
- 3.4 They are based more on a commitment and understanding to work collaboratively in partnership for the "greater good" under some form of administrative arrangement. They generally involve working with other agencies, the voluntary sector and private sector organisation and not just other local authorities.
- 3.5 The Appendix also highlights those specific services where there are more formal arrangements in place to deliver services as part of a Shared Service with other local authorities or under a Service Level Agreement. These include:

- Internal Audit
- Procurement
- Fraud
- Building Control
- Land Charges
- Emergency Planning
- Conservation Services
- 3.6 These arrangements have been approved by the Council following consideration of a Business Case and are deemed to be the best way of delivering that service.
- 3.7 Although savings may have been generated from these arrangements, generally, cost is not the main driving force. Issues such as resilience and capacity in service provision, together with access to greater skills, have been major factors.
- 4.0 <u>Financial Implications</u>
- 4.1 None
- 5.0 Corporate Implications
 - **Employment Implications**
- 5.1 None
 - **Legal Implications**
- 5.2 None

Corporate Plan Implications

5.3 It is important to ensure that all partnership and collaborative working should be contributing towards the Council's priorities.

Risk Impact

5.4 None directly

6.0 Community Impact

Consultation

6.1 None required

Equality and Diversity Impact

6.2 None

Social Value Impact

6.3 None

APPENDIX 1

<u>List of Current Partnerships Including Arrangements with other Local</u> <u>Authorities</u>
