Dear Sirs,

Re: Dog and Duck Shardlow

I am writing to state my objections to the above's application for extended hours and late night entertainment.

1. The pub is located in a quiet residential area in a peaceful village. If the application is granted, this will cause disturbance late at night to local residents. The disturbance will come from a) music etc b) the noise of people leaving the pub after midnight in a drunken state.

2. I am concerned that the character of the pub will change. Instead of being a facility for local families to enjoy a meal, it is likely to attract the type of drinker who cause problems in our city centres late at night. We do not want these problems to spread to Shardlow.

3. These drinkers are far more likely to be drawn from outside Shardlow. Shardlow does not enjoy good public transport therefore drink driving could be encouraged.

4. Extra police cover could be required. This is paid for by our taxes.

Yours faithfully

J. Tweed.
