Date: 03 October 2023

Dear Councillor,

Overview and Scrutiny Committee

A Meeting of the **Overview and Scrutiny Committee** will be held at **Council Chamber**, Civic Offices, Civic Way, Swadlincote, DE11 0AH on **Wednesday**, **11 October 2023** at **18:00**. You are requested to attend.

Yours faithfully,

Chief Executive

To: Labour Group

Councillor S Bambrick (Chair), Councillor M Gee (Vice-Chair) Councillors A Jones, G Jones and L Mulgrew.

Conservative Group

Councillors N Atkin, A Kirke and D Muller.

AGENDA

Open to Public and Press

1	Apologies.	
2	To note any declarations of interest arising from any items on the Agenda	
3	To receive any questions by members of the public pursuant to Council Procedure Rule No. 10. In accordance with Council Procedure Rule No. 10 Mr Ayre will ask the following questions:	3 - 3
4	To receive any questions by Members of the Council pursuant to Council Procedure Rule No. 11.	
5	BUDGET SETTING APPROACH 2024-25	4 - 9
6	SECTION 106 CONTRIBUTIONS	10 - 21
7	COMMITTEE WORK PROGRAMME	22 - 23

Exclusion of the Public and Press:

8 The Chair may therefore move:-

That in accordance with Section 100 (A)(4) of the Local Government Act 1972 (as amended) the press and public be excluded from the remainder of the Meeting as it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that there would be disclosed exempt information as defined in the paragraph of Part I of the Schedule 12A of the Act indicated in the header to each report on the Agenda.

9 To receive any exempt questions by Members of the Council pursuant to Council Procedure Rule No. 11.

In accordance with Council Procedure Rule No. 10 Mr Steven Ayre will ask the following questions:

- Q 1. Why haven't you notified all the tenants of south Derbyshire where the asbestos is in their homes?
- Q2. Can you notify them that they can make a claim for risk off the council for negligence under the Health and Safety At Work Act 1974?

SUBJECT: BUDGET SETTING APPROACH

2024-25

WARD(S) ALL TERMS OF

AFFECTED: REFERENCE: FM08

1.0 Recommendations

1.1 That the Committee notes the budget setting approach within the report and Members provide feedback accordingly to the Strategic Director (Corporate Resources).

2.0 Purpose of the Report

2.1 To consult Members on the approach for setting the 2024/25 budget.

3.0 Detail

INTRODUCTION

3.1 This report seeks feedback from Members on the proposed approach for setting the Council's budget for 2024/25, including any budget proposals Members wish to instruct officers to consider and develop.

BACKGROUND

- 3.2 The Local Government Act 1992 requires the councils that are billing authorities complete and approve their budgets and set a council tax before 11 March immediately prior to the start of the financial year on 1 April.
- 3.3 Officers have now started to review the detailed income and expenditure budgets by service for the forthcoming 2024/25 financial year across all its operations the General Fund and Housing Revenue Account (HRA) revenue accounts and the General Fund and HRA Capital Programmes.

- 3.4 The Strategic Director (Corporate Resources) has set out some early budget setting principles for services to work with (see below).
- 3.5 The purpose of this report is to consult Members on any further features or principles they would like to set as part of determining next year's budget, to ensure that proposals are considered in the context of the overall budget position and affordability. The early discussion also provides an opportunity for Members to instruct officers to consider and develop budget proposals.

KEY PRINCIPLES TO DEVELOPING BUDGET PROPOSALS

- 3.6 The three key principles set out to Managers in preparing their budgets for next year are:
 - 3.6.1 Budgets should support Service Plan and the Council Plan Overall, services should align with Service Plans and the Council Plan. This is a fundamental principle to ensure that appropriate funding is in place. It will also reduce and remove the need for further reports to committee for additional funding requests, unless there are specific requests from members on this or there are other requirements around procurement or other approval considerations.
 - 3.6.2 Revenue investment should be based on demonstratable need or be self-funding This means that any cost-pressures (such as inflation pressures on supplies, services, and contracts), additional staff or reductions in income due to lower demand or reduced fees, should, insofar as is possible, be "self-funding". This means services should try as far as is reasonably practical to off-set increases in financial resources by making savings in other areas or alternatively, additional revenue investments should be fully demonstrated.

Overall, proposals will need to demonstrate an evidence-based business case which sets out the service need and how additional revenue funding will seek to meet that need, and where possible, reduce ongoing expenditure or increase income in other areas.

3.6.3 Capital growth will be considered based on need and innovation meaning it is essential for the maintenance of service delivery or will improve service delivery by way of revenue improvement - Ideally, if we are creating or enhancing an asset, it should be because it will improve the council's financial position through reducing spend or generating income, or it must be because we need to do this to maintain services.

Again, this requires services to document and demonstrate a sound business case and evidence service investment need.

THE BUDGET SETTING APPROACH

- 3.7 There are several other features of the budget process that are different this year or that are important for members to have an understanding of and these are set out below.
- 3.8 The first key feature is that the budget will be set using an "incremental budgeting" approach. This is where the current year's budget is taken forward into the new year, adjusted for changes presented to members and subsequently approved.
- 3.9 As such, all budgetary changes, will be set out in reports. This will be the case for individual changes above a de-minimis level of £5k, but for amounts lower than £5k, all service area changes will be consolidated and reported as "deminimis changes", by directorate.
- 3.10 Proposals around additional staffing resource will be set out clearly so that proposed increases to the establishment are well understood.
- 3.11 Similarly, proposals around variations to fees and charges will set out the basis of any changes and the resultant impact to income.
- 3.12 It is envisaged that, since proposals are to be presented in a way that identifies a clear business need, there will be a forthcoming reduction in any need for further reports to committee for additional funding requests. However, it is recognised that there may be specific requests from committees to sign off at future proposal milestones, receive updates on the progress of new initiatives, or other requirements, such as procurement award sign off.
- 3.13 To ensure effective financial scrutiny, early member engagement on the budget is being undertaken, starting with this context setting report. Engagement with each of the committees is proposed to be held with Environmental and Development Services Committee (ED&S) on 21 September 2023, Housing and Community Services Committee (H&CS) on 28 September 2023, Finance and Management Committee (F&MC) on 5 October 2023 and Overview and Scrutiny (O&SC) on 11 October 2023.
- 3.14 A draft budget position will then be prepared and presented to F&MC at its 23 November meeting. The Committee will agree the draft budget for approval to commence the public and statutory consultation.
- 3.15 During January, the draft budget will be presented to policy committees and O&SC. The reports will present the consolidated draft budget and individual proposals to give each policy committee the holistic view of the Council's finances and affordability considerations, as well as the committee specific detail.
- 3.16 In the past, public consultation has been achieved through Area forums. This year, the process will be expanded to include online consultation, to run for 6 weeks. Feedback from the consultations will be reported to F&MC at its meeting on 15 February, alongside feedback and changes made as a result of policy

committee review. F&MC will review the final proposed budget considering consultation feedback and make its recommendations to Council for final approval.

MEDIUM TERM FINANCIAL PLANNING

- 3.17 The Council's current Medium Term Financial Plan (MTFP) includes provision for growth and inflationary demands. The assumptions and associated financial risks are considered as a worst-case scenario and there are recurring budget gaps being met by reserves over the life of the plan.
- 3.18 As the budget is developed, the plan will be reviewed and renewed to align with the new proposed budget from 2024. The review will include the assessment of all assumptions that drive the future financial forecasts in the plan as well as the creation of the worst- and best-case scenarios against a "base case" to set out the most likely outcome.
- 3.19 A new Medium Term Financial Strategy will also be developed later into the budget setting timetable and presented alongside the budget for approval in February. This overarching strategy will consider the future funding expectations and opportunities for increasing the Council's self-sufficiency in the light of diminishing central government grants and an uncertain future funding outlook and a cycle of recurrent 1-year local government funding settlements, whilst ensuring the Council can continue to fund and deliver excellent services.

TIMETABLE

3.20 The proposed timetable is as follows:

Date & Committee	Milestone
21 September – E&DS 28 September – H&CS 5 October – F&MC 11 October – O&SC	Consultation on budget setting principles/values and budget changes/proposals for development
September – November	Budgets scoped and reviewed by officers and Leadership Team
23 November – F&MC	Consideration of consolidated budget and individual proposals Approval to consult
4 January – E&DS 8 January – H&CS 11 January – F&MC 17 January – O&SC	Committee review of consolidated budgets and individual proposals relevant to Committee service budget Draft MTFS presented to O&SC
24 November – end January	Statutory and public consultation with ratepayers (businesses) and residents

15 February – F&MC	Review of final consolidated budget, review of consultation responses Draft MTFS
28 February – Council	Final approval of Budget and Council Plan Final MTFS

SUMMARY

3.21 Feedback is sought on the overall approach and main features of the budget setting timetable, the key principles, the proposed public consultation and any other areas of the budget Member wish to see developed.

HOUSING,

steffan.saunders@southderbyshire.gov.uk

SUBJECT: SECTION 106 CONTRIBUTIONS

TERMS OF

WARD(S) ALL REFERENCE: (See

AFFECTED: Notes)

1. Recommendations

1.1. To note the Section 106 contributions held by South Derbyshire District Council as outlined at Appendix 1.

2. Purpose of the Report

- 2.1. As part of its annual work plan the Overview and Scrutiny Committee has requested a report that outlines the contributions the Council has secured through Section 106 (S106) agreements from new developments. This is for both financial contributions for off-site infrastructure provision and on-site provision.
- 2.2. At the Overview and Scrutiny Committee meeting held on 30 August 2023, Members requested further information on how projects receive funding, a breakdown of the amounts spent in each Ward area and funding amounts that remain unspent and the timescales for funds being spent.
- 2.3. It was also requested that a representative of the Integrated Care Board (ICB) attend the meeting and outline any plans for extending health care provision in the district using the monies available. A separate presentation is to be given on this by a representative from the ICB.

3. Detail

- **3.1.** Section 106 Agreements under the Town and Country Planning Act 1990 are used as part of the planning application process to address specific issues that arise and are required to make a development acceptable in planning terms. The agreements take the form of a legal agreement, that is site specific.
- 3.2. Section 106 agreements can also:

Page 10 of 23

- a. restrict the development or use of land in any specified way;
- b. require specified operations or activities to be carried out in, on, under or over the land:
- C. require a sum or sums to be paid to the authority on a specified date or dates periodically.

A planning obligation is recorded as a land charge and the obligation runs with the land ownership until the obligation is fully complied with.

Policy INF1 of the South Derbyshire Local Plan Part 1, adopted in June 2016, sets out how infrastructure should be delivered to support and mitigate the effects of new developments sustainably. The value of the contribution that is sought is supported through the Planning Obligations SPD and agreed at the point of the signing of the decision notice and accompanying S106 agreement. In accordance with the Statement of Community Involvement (SCI) Ward Members are consulted upon for planning applications within their individual ward, this is when they have the opportunity to say if there is a particular project they wish to be considered for inclusion within the S106 agreement; should the application get approved either via delegated powers or at Planning Committee.

- 3.3. The authority receives two different types of contributions, direct provision (where the developer typically delivers themselves on-site) and monetary provision (where the developer provides a financial contribution towards off-site provision or long-term on-site management or maintenance). The requirement for monetary provision is detailed within the S106 agreement including how the contribution is expected to be spent and the timeframe for spending prior to the amount being repaid to the developer. In more recent years, where possible Derbyshire County Council, who are collecting authority for infrastructure such as education and highways have been a signatory to the agreements so that they can actively collect their own contributions direct from the developer.
- 3.4. Set out in the Community Infrastructure Levy Regulations 2010 (as amended) it is a mandatory requirement for the Council as a 'contribution receiving authority' to publish an Infrastructure Funding Statement annually. The Infrastructure Funding Statement reports on receipts and expenditure of financial contributions in relation to Community Infrastructure Levy (CIL) and S106. As South Derbyshire District Council does not have a CIL, the obligations reported are all under S106 requirements. This report will be presented to the Environmental and Developmental Services Committee in November 2023, which will cover the 2022-2023 financial year. Previous Infrastructure Funding Statements can be found on the Council's website.
- 3.5. The total current financial value of contributions collected via S106 agreements that are held by the Council is £16,482,581, with the latest spend deadline being 2033. The spend deadline is dependent upon each individual S106 agreement terms. The contributions are split into the below categories, 'unspecified' is whereby the contribution does not fall into any of the previous categories listed for the collecting authorities. For example, Highways and Flood Water Management contributions. Further information on the infrastructure projects that the money is to be spent on is detailed in appendix 1.

Contribution Type	Amount (£)
Affordable Housing	6,966,177
Cultural Services Page 11 of 23	3,724,977

Property Services	45,336
SDDC Unspecified	487,249
Healthcare	2,476,124
DCC Education	1,787,389
DCC Unspecified	525,275
Unspecified	470,034

- 3.6. In relation to contribution in kind, alongside the delivery of affordable housing and open space with play equipment the following types of direct provision, are expected to be received across different Local Plan Part 1 allocations across the District, this break down can be seen in appendix 2.
 - a. Healthcare provision
 - i. Including the provision of a new Doctors surgeries across the District alongside the spending of the financial contributions to either aide the new surgery delivery or support existing surgeries within South Derbyshire. This is subject to take up by the Derby and Derbyshire Integrated Care Board (ICB) depending upon numerous factors including local demand, existing or proposed local healthcare provision and priorities and, the availability of Doctors.
 - b. School provision
 - ii. Including the delivery of new primary schools delivered by Derbyshire County Council as the Local Education Authority in conjunction with the Department of Education alongside providing support to existing schools across South Derbyshire using the terms agreed in S106 agreements.
 - c. Community Centre and / or Outdoor Sports Pitches
 - iii. These are delivered by the developer on behalf of South Derbyshire District Council in accordance with the trigger points contained within the Section 106 agreement.

4. Financial Implications

4.1.S106 agreements have a timescale specified for the spending of the contribution; any contributions that remain unspent at the end of the specified date will need to be repaid to the developer.

5. Corporate Implications

Employment Implications

5.1. None.

Legal Implications

5.2. None directly associated with this report.

Corporate Plan Implications

- 5.3. The S106 agreements reported within Appendix 1 are consistent with several Corporate Plan themes. This includes;
 - Improve the Environment of the District (Our Environment).
 - Promote Heath and Wellbeing across the District (Our People)

• Influence the improvement of Infrastructure to meet the demands of growing (Our Future)

Risk Impact

5.4. There is a risk that if the money is not spent on time than it has to be paid back to the developer. It is critical that projects are adequately managed to prevent this.

6. Community Impact

Consultation

7.1 None.

Equality and Diversity Impact

7.2 None.

Social Value Impact

7.3 The S106 contributions reported will lead to an increase in the provision of specific infrastructure of benefit for the community as specified in appendix 1 of the report.

Environmental Sustainability

7.4 The S106 contributions reported will lead to an increase in open space provision and biodiversity enhancements across the District.

7. Background Papers

Appendix 1: Section 106 Contribution held by South Derbyshire District Council

Appendix 2: Section 106 Contrition held by South Derbyshire District Council by Ward

Appendix 3: Contributions in kind, expected to be delivered across South Derbyshire
