Dear Heather Wheeler MP,

South Derbyshire Pre-Submission Local Plan Part 2

This letter is to inform you of progress on South Derbyshire's Local Plan Part 2 and accompanying documents: Sustainability Appraisal, Habitats Regulations Screening Assessment and Consultation Statement.

You may recall that the Council consulted on the Local Plan Part 2 between December 2015 and February 2016 and again between June and August 2016. We have considered the representations received in response to these consultations and have undertaken some additional evidence gathering, which has informed and helped us to produce a Pre-Submission Local Plan Part 2.

The Pre-Submission Local Plan Part 2 is currently out for consultation. Representations at this stage must be on the grounds of soundness or the legal and procedural compliance (including conformity with the Duty to Cooperate) of the Pre-Submission documents. The representations received will be considered by an independent Planning Inspector at the Local Plan's examination in public.

The enclosed Statement of Representations Procedure contains further information regarding the consultation, including where to view consultation material and how to make representations. More information regarding the Pre-Submission Local Plan Part 2 can be found on the web link: www.south-derbys.gov.uk/localplanpart2 Comments are invited on all documents up until 5pm on 25th November 2016.

Any comments you wish to make as the Member of Parliament would also, of course, be most welcome.

Yours sincerely,

Nicola Sworowski
Planning Policy Manager

Pre-Submission Local Plan Part 2 Response Form

This form is for making representations to the Pre-Submission Local Plan Part 2.

This consultation offers an opportunity to comment on the Local Plan Part 2 before it is submitted to the Planning Inspectorate for independent examination. An independent Inspector will be appointed to examine the Plan and will consider responses alongside the Plan.

Representations at this stage of the plan making process must be made on the grounds of legal compliance, the duty to cooperate and the soundness of the Plan.

Legal Compliance and Duty to Cooperate

To be legally compliant the local plan has to be prepared in accordance within the Duty to Cooperate and legal and procedural requirements. This is set out by legislation and the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended).

Test of Soundness

The National Planning Policy Framework 2012 (paragraph 182) sets out the following in regards to Local Plan soundness:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

If you wish to make representations seeking change to the Local Plan Part 2 (or part of) you should make clear what you want to be changed, why and where possible state exactly how the Development Plan Document should be changed. Your representation should cover concisely all the information, evidence and supporting information necessary to support/justify the representation and suggested change. There will not normally be a subsequent opportunity to make further representation at publication stage.

After this stage, further submission will only be at the request of the Planning Inspector, based on the matters and issues he/she identifies for examination.

General Guidance

- All respondents need to complete Part A – Your Contact Details
- All respondents need to complete Part B. **Please complete separate forms for each representation you wish to make**
- **If you are part of a group that shares a common view**, it would be helpful for the group to send in a single representation, rather than multiple representation forms stating the same comment. Please indicate how many people are represented and how it has been authorised (e.g. by a list with contact details for each person).

Where do I send the completed forms?

What happens next....

Pre-Submission Local Plan Part 2 Consultation - October 2016

Submission - January 2017

Public Examination - date to be confirmed following submission

Adoption - Summer 2017

What is this consultation about?.....

The Pre-Submission Local Plan Part 2 comprises non-strategic housing allocations, defines Settlement Boundaries, and contains development management policies. Once adopted the document will be used (along with Adopted Local Plan Part 1) to guide the Council in making decisions on planning applications in the District.

Representations made at this stage should only be made in regards to soundness, legal and procedural compliance and conformity with the Duty to Co-operate.

Soundness.....

The National Planning Policy Framework says that in order to be sound, the Local Plan should be:

- ✓ **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- ✓ **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- ✓ **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- ✓ **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Legal and Procedural Requirements.....

Representations in relation to the legal compliance of the Local Plan should consider *whether it has been prepared in accordance with relevant **national policies, Local Plan Regulations, Statement of Community Involvement** and subjected to **Sustainability Appraisal** and **assessment in accordance with Habitats Regulation**.*

Duty to Co-operate

Section 110 of the Localism Act 2011 introduced a 'Duty to Co-operate'. Local Authorities are required to work with neighbouring authorities and other prescribed bodies in preparing Development Plan Documents. Local Authorities must "*engage constructively, actively and on an ongoing basis*" during the preparation of Local Plans when they relate to strategic matters. Strategic matters are defined as development including infrastructure that "*would have a significant impact on at least two planning areas*"

Housing Allocations

The Local Plan Part 2 allocates non-strategic housing sites (less than 100 dwellings) for a minimum of 600 dwellings across the District. This is part of the overall strategy for the District set out in policy S4 of the Local Plan Part 1.

The proposed allocations are set out in the table below and maps of each site can be seen in the Pre-Submission document.

BNE8 Local Green Spaces (LGS)

The allocation of LGS is a way of providing special protection against development for green areas of particular importance to local communities.

The District Council has previously consulted on proposed LGS through the Draft Local Plan and has contacted individual landowners. Due to the level of interest and consequent further work required, the Council has decided to establish the principle of LGS in this document, but designate the areas within a separate Development Plan Document.

South Derbyshire Pre-Submission Local Plan Part 2

Welcome to our Pre-Submission Local Plan Part 2 consultation

As you may remember, South Derbyshire District Council (SDDC) consulted on its Draft Local Plan Part 2 between June and August 2016. All of the responses received during the consultation have now been considered and amendments to the Local Plan Part 2 have been made where necessary. SDDC has now produced and is consulting upon its Pre-Submission Local Plan 2.

What is this consultation about?

Representations made at this stage should only be made in regards to soundness, legal and procedural compliance, including whether the plan is in conformity with the Duty to Co-operate. The representations received will be considered by an independent Planning Inspector at a Local Plan examination in public.

Soundness:

The National Planning Policy Framework says that in order to be sound, the Local Plan should be:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** - the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** - the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** - the plan should enable the delivery of sustainable development in accordance with the policies in the Framework

Legal and Procedural Requirements:

Representations in relation to the legal compliance of the Local Plan should consider whether it has been prepared in accordance with relevant **national policies, Local Plan Regulations, Statement of Community Involvement** and subjected to **Sustainability Appraisal** and **Habitats Regulations Assessment**.

Duty to Co-operate

Section 110 of the Localism Act 2011 introduced a 'Duty to Co-operate'. Local Authorities are required to work with neighbouring authorities and other prescribed bodies in preparing Development Plan Documents. Local Authorities must "engage constructively, actively and on an ongoing basis" during the preparation of Local Plans when they relate to strategic matters. Strategic matters are defined as development including infrastructure that "would have a significant impact on at least two planning areas".

Non-Strategic Housing Site Options

The Local Plan Part 2 will allocate non-strategic housing sites (less than 100 dwellings), which together will provide capacity for the delivery of a minimum of 600 dwellings across the District. This will form part of the overall strategy set out in Policy S4 of the Local Plan Part 1.

The housing allocations have been selected from sites held on the Strategic Housing Land Availability Assessment (SHLAA) database. This is an ongoing mechanism for landowners, developers and agents to submit and promote sites to the Council, which they consider to be suitable for development. Hundreds of SHLAA sites have been submitted to the Council, of which only a small number have been allocated in the Local Plan Part 1 or included in the Pre-Submission Local Plan Part 2.

The proposed allocations are as follows:

- H23A Moor Lane, Aston (S/0271) - up to 42 dwellings**
- H23B Jacksons Lane, Etwall (S/0284) - up to 50 dwellings**
- H23C Derby Road, Hilton (S/0299) - up to 43 dwellings**
- H23D Station Road, Melbourne (S/0109 & S/0256) - up to 46 dwellings**
- H23E Acresford Road, Overseal (S/0250) - up to 70 dwellings**
- H23F Valley Road, Overseal (S/0022) - up to 64 dwellings**
- H23G Milton Road, Repton (S/0101) - up to 25 dwellings**
- H23H Mount Pleasant Road, Repton (S/0088) - up to 24 dwellings**
- H23I Off Kingfisher Way, Willington (S/0266) - up to 50 dwellings**
- H23J Oak Close, Castle Gresley (S/0239) - up to 55 dwellings**
- H23K Midland Road, Swadlincote (S/0133) - up to 57 dwellings**
- H23L Land north of Scropton Road, Scropton (S/0291) - up to 10 dwellings**
- H23M Montracon Site, Woodville (S/0292) - up to 95 dwellings**
- H23N Stenson Fields (S/0206) - up to 70 dwellings**

() refers to SHLAA number

The proposed allocations are not anticipated to provide significant new infrastructure on site due to their size. However, contributions will be sought towards healthcare, education, open space and other provision to meet the needs of residents where appropriate.

Policy H23 provides a list of key considerations for each of the sites and sets site specific requirements for each of the allocations.

Maps of the allocations are set out in the Pre-Submission Local Plan Part 2 from page 6 onwards and are available to view in the exhibition room.

Settlement Boundaries

Settlement boundaries define the built limits of a settlement and distinguish between it and the countryside. Areas outside of settlement boundaries are considered to be countryside.

Boundaries are defined for Swadlincote, including Woodville, and those settlements identified (in Policy H1: Settlement Hierarchy of the Part 1 Plan) as Key Service Villages, Local Service Villages and some Rural Villages (where a compact group of dwellings exists).

Settlement boundaries have been reviewed to ensure that they are logical and reflect what is on the ground; incorporate allocations; and to take account of responses to the previous Local Plan Part 2 consultations.

The settlement boundaries maps in Settlement Boundaries Topic Paper and in the room show:

- The proposed settlement boundary - purple dash line (— — —)
- The adopted Local Plan (1998) settlement boundary - orange line (———)

Local Green Spaces

The allocation of Local Green Spaces is a way of providing special protection against development for green areas of particular importance to local communities. They are not a tool to simply prevent unwanted development. Indeed Government policy is clear that designation will be not be appropriate for most green areas.

The District Council has previously consulted on proposed Local Green Spaces. However further work needs to be undertaken to establish the exact location of the Local Green Spaces. Policy BNE8 establishes the principle and protection of Local Green Spaces within the District, **but proposed Local Green Space allocations will now be set out and consulted upon in a later Development Plan Document.**

Part 2 Policies

The Pre-Submission Local Plan Part 2 contains development management policies, which, once adopted, will be used alongside those in the Local Plan Part 1 to guide the Council in making decisions on planning applications. Where the same policy chapter headings exist within Part 1 and Part of the plan, the policy numbers within Part 2 continue on from those within the Local Plan Part 1.

Settlement Development

Policy SD1: Settlement Boundaries and Development: *The policy establishes which settlements have settlement boundaries and that outside of settlement boundaries land will be considered as countryside. The policy states that within settlement boundaries development will be permitted where it accords with the development plan (See Topic Paper for further information).*

Part 2 Policies

Housing

Policy H23: Non Strategic Housing Allocations: *The policy sets out the proposed housing allocations, the key considerations relating to the sites and site specific requirements.*

Policy H24: Replacement Dwellings in the Countryside

Policy H25: Rural Workers Dwelling

Policy H28: Residential Conversions

These policies seek to allow: extensions to residential curtilages within the countryside and development within residential curtilages - provided particular criteria are met.

The policies seek to allow appropriate housing development within the countryside, provided particular criteria are met.

Policy H26: Residential Gardens within the Countryside

Policy H27: Residential Extensions and other Householder Development

Built and Natural Environment

Policy BNE5: Development in the Countryside

Policy BNE6: Agricultural Development

Policy BNE7: Trees, Woodland and Hedgerows

These policies seek to provide the appropriate safeguards to ensure that development which must take place in countryside does not lead to unacceptable environmental effects

National Planning Policy requires an appropriate balance to be struck between supporting a prosperous rural economy and conserving and enhancing the natural environment.

Policy BNE8: Local Green Spaces: *The policy seeks the protection of Local Green Spaces and states that designations of Local Green Spaces will be made through a separate Development Plan Document.*

Policy BNE9: Advertisements and Visual Pollution: *Advertisements, street furniture and smaller scale infrastructure can significantly affect the overall appearance and feel of an area. This policy seeks to ensure that such development is appropriately controlled.*

South Derbyshire has a wealth of designated and non-designated heritage assets. It is important that the fabric of heritage assets is maintained to ensure their continued contribution to the economic prosperity of the District and their protection for future generations.

Policy BNE10: Heritage

Policy BNE11: Shopfronts

Policy BNE12: Former Power Station Land: *The policy seeks to support the comprehensive redevelopment of the former Drakelow Power Station and the former Willington Power Station.*

Part 2 Policies

Retail

Policy RTL1: Retail Hierarchy

Policy RTL2: Swadlincote Town Centre Potential Redevelopment Sites

The policies are intended to protect and enhance the vitality and viability of Swadlincote by directing retail, office, leisure and other main town centre development to this location and resisting out of town centre development, except for facilities to meet local needs in villages and in new and existing local centres.

Infrastructure

Policy INF11: Telecommunications: *The policy seeks to strike a balance between delivering infrastructure and preserving landscape and buildings of particular importance.*

Policy INF12: Provision of Secondary Education Facilities: *The policy allocates land for a new secondary school(s), at Thulaston Fields and Lowes Farm.*

What has changed since the Draft Local Plan Part 2 consultation?

Draft Local Plan Part 2 Policy BNE7: Marina Development - The Canal and River Trust recommended the deletion of Policy BNE7. They were of the opinion that the policy did not add further detail to that already covered by Policy INF10 in the adopted Local Plan Part 1. The Authority agreed with this recommendation and has not carried the policy forward into the Pre-Submission Local Plan Part 2.

Draft Local Plan Part 2 Policy RTL3: Local Centres and Villages - The policy has been incorporated into Policy RTL1: Retail Hierarchy

Pre-Submission Local Plan Policy H23: Non-Strategic Housing Allocations - The policy no longer intends to allocate Land at Linton Road, Rosliston (SHLAA sites S/0154 & S/0160) and Cadley Hill, Swadlincote (SHLAA site S/0161). In addition the policy now sets site specific requirements for each housing allocation, as well as the key considerations for all sites.

Pre-Submission Local Plan Policy BNE12: Former Power Station Land - The policy now seeks to support the comprehensive redevelopment of the Former Willington Power Station as well as the Former Drakelow Power Station.

Pre-Submission Local Plan Policy INF8: Local Green Spaces - The policy no longer allocates Local Green Spaces within the Local Plan Part 2. However the policy still seeks the protection of Local Green Spaces and states that designations of Local Green Spaces will be made through a separate Development Plan Document.

Pre-Submission Local Plan Policy INF12: Provision of Secondary Education Facilities - Derbyshire County Council (the statutory Authority for education provision) has now selected two sites for secondary education provision. Consequentially land at Thulston Fields and Lowes Farm have been allocated within the policy.

It came after a Government Inspector ruled that the plan was 'sound' and legally compliant, meaning the Plan became a formal document for planning teams to use.
