

In accordance with Council Procedure Rule No. 10 Mr Pete Price will ask the following question:

There has been excellent joint working between Active Nation and the schools regarding balancing community and school demands for pool space, and I appreciate there has been an agreement in place since around 2012 regarding school use taking priority during school hours. However, compared to September 2022 the current school term has seen a sharp decline in community time slots for swimming, so I'd like to ask how the Council which represents this use, will work with current and future contractors and the school to ensure a reasonable balance is maintained between the demands for pool space and time.
