Total outturn is £894k under budget, during March the outturn has improved by £241k (£653k under budget in Feb 13). The following explains these variances.

#### Environmental and Development

Outturn is £141k over budget as a result of unbudgeted redundancy and on costs (£154k), unbudgeted Northgate costs (£90k), a net decrease on income (£39k), Transport overspend (£44k), adverse variance on Depreciation & Impairment of assets (£13k) and other adverse variances (£6k). Adverse variances partly offset by savings on staff costs; £73k due to incorrect NI budget and £132k on salary & wages due to redundancies & vacant posts.

- Income is £39k adverse against budget due to less Planning applications (£117k) partially offset by increased activity in Food Safety (£30k), Building regs (£27k) and Licensing fees (£22k).
- Transport was over spent on Spare Parts the impact resulting in adverse recharges of £44k to Waste Management & Street Cleansing.
- Redundancy costs of £83k have impacted on Waste management & Street Cleansing, Licensing and Tourism Policy, Marketing & Development. Additional Central recharges through redundancy (£71k) have also impacted on all cost centres.
- Unbudgeted Depreciation & Impairments on Off-Street Parking (£19k) result in an adverse variance but savings of £6k on this line in Household Waste & Public Conveniences partially offset.
- Northgate charges of £90k were unbudgeted in relation to Steve Carter.
- Salary & Wages savings are apparent across all cost centres as a result of redundancy savings and over budgeting.

During March the favourable outturn has reduced by £215k (from £74k favourable in February to £141k adverse in March) which is due to;

- Further adverse variance of £19k on planning fees
- Redundancy provisions of £105k
- Adverse variance of £25k for Building application fees
- £58k unbudgeted costs relating to Recycling contract
- £10k Town Team Partners Grant deferred into 2013/14
- £2k other smaller adverse and favourable variances

#### Housing & Community

Outturn is projected to be £85k under budget as a result of favourable variances on insurance (£13k), salary costs (£48k), subscriptions (£4k), depreciation & impairments (£4k), electricity & gas (£5k) and increased income (£81k). Favourable variances are partially offset by redundancy provision (£42k), TPP - other (£17k) and services - professional fees (£11k). Further detail below;

- There is a saving of approximately £48k on salary costs due to incorrect budget
- Additional income includes Burial fees (£14k), Bed & Breakfast (£71k) and other unders and overs (£4k)
- Redundancy provision for Mark Alflat recharged as part of CEC's (£42k)
- TPP - other are Active Nation charges on Indoor Sports & Recreation Facilities (£17k)
- Professional fees over spend is spread over a number of cost centres. Aurora payments for Rosliston are the main overspend (£15k) with other overs and unders offsetting themselves.

During March the outturn projection has reduced by £17k which is due to unbudgeted Redundancy & on costs (£42k), adverse variance on Indoor Sports & Recreational Facilities for income (£63k), Transport recharges (£9k), B&B accommodation costs (£5k), £3k rent charges on Melbourne Leisure Centre plus other smaller adverse and favourable variances (£4k). These adverse costs were partially offset by additional Bed & Breakfast income (£109k).

#### Finance & Management

Outturn is £5,382k under budget detailed below;

- NNDR & New Homes Bonus unbudgeted income (£6,525k) offset partially by unbudgeted interest, pension adjustments and other operating expenditure (£957k)
- S106 payments unbudgeted (£301k)
- Redundancy provision (£58k) unbudgeted
- Unbudgeted Northgate costs for savings & works on DWP (£58k)
- Election underspends (£50k)
- Funded pension scheme settlement less than budgeted (£23k)
- District Valuation fees budgeted but no costs received (£21k)
- Members allowances & subsistence under spent (£11k)
- Additional income from the sale of Bretby Crem (£32k)
- DWP discretionary income (£15k)
- Turnover rental income (£10k)
- Reduction in audit fees (£26k)
- A number of other favourable and adverse variances (£43k)

During March the outturn has improved by £5,280k which is due mainly to the unbudgeted NNDR & New Homes bonus

#### Housing Revenue Account

Outturn is projected to be £4,432k over budget detailed below; as a result of depreciation charges unbudgeted (£4,093k), increased void properties (£75k) increased rental income (£150k), Planned Maintenance works savings (£161k) and salary savings (£95k). Favourable variance is partially offset by Rechargeable Repairs income lower than budget (£22k) and other minor overspends (£8k). Further details below;

- Actual rental income received for Council housing is higher than budgeted due to errors in the 2011/12 budget (£96k)
- Depreciation unbudgeted (£4,093k)
- Responsive works are higher than anticipated due to increased number of voids (£59k)
- There is a salary cost saving of approximately £150k due to incorrect budgeting
- Rechargeable Repairs lower income received than budgeted (£24k)
- Other operating expenditure unbudgeted (£666k)
- Additional income for Careline (£40k)
- HRA recharges £111k less than budget
- Other minor underspends (£13k)

During March the outturn has deteriorated by £4,808k due mainly to depreciation and other operating expenditure
