<u>Agenda Item No.</u>	<u>OPEN REPORTS</u>	<u>Urgent/ Call-in Exempt</u>
6.	<u>AGENDA ITEM</u> BROADBAND REVIEW.	
	DECISION: That the Committee consider the Broadband Review Report and agrees the recommendations contained within it.	
7.	<u>AGENDA ITEM</u> MINERALS CORE STRATEGY: KEY ISSUES AND OPTIONS	
	DECISION: That the general contents of the 'Minerals Core Strategy Key Issues and Options' be noted, and that a response to the consultation be formulated to include the following: <ul style="list-style-type: none">• That the joint Minerals Planning Authorities (MPAs) use historic minerals demand as the basis for future sand and gravel requirements as set out in the report.• That for the period beyond 2020 an approach for identifying future sand and gravel sites based on areas of search be supported, given the lack of clarity over exact minerals apportionments post 2020 as shown in the report.• Members note the comments about the future sustainability of sand and gravel extraction in the Trent Valley and the potential need to identify alternative locations for sand and gravel extraction towards the end of the Plan period as set out in the report.• That the Council support the joint MPAs approach of dealing with secondary waste sites through the Waste Local Development Framework as shown in the report.• That the Council support the production of a long-term strategy to guide minerals sites restoration within the Trent Valley, but request that for all sites, there is a presumption in favour of dry after uses wherever possible and that any	

	<p>document be prepared in consultation with this Authority, as set out in the report.</p> <ul style="list-style-type: none"> • That minerals operators identify sources of backfill for minerals operations before permission is granted for sites located close to the River Trent, in order to ensure that dry after uses can be secured, and that where sites are located towards the edge of the floodplains, that dry after uses be secured, even if land is restored to a lower level than before it was worked (but still above the water table). • That there is concern about the identification of potential future minerals development in the Dove Valley around Scropton and Froston. • Historically, much of the District has been blighted by coal extraction, however mining has also contributed economically to the area. The potential for further coal mining within South Derbyshire remains; in light of this the need for a criteria-based policy approach, which is consistent with MPG3 to managing proposals, is accepted. 	
8.	<p><u>AGENDA ITEM</u> DERBYSHIRE LOCAL TRANSPORT PLAN 3.</p>	
	<p>DECISION: That completion of the questionnaire be delegated to Councillor Bladen (Chairman) and Councillor Taylor, to be submitted by Thursday 17th June 2010.</p>	
9.	<p><u>AGENDA ITEM</u> PERFORMANCE MANAGEMENT REPORT.</p>	
	<p>DECISION: (1) That the Council's key achievements and performance for the quarter ending 31st March 2010 be noted. (2) That where performance has failed to achieve the specified target, the response be noted.</p>	
10.	<p><u>AGENDA ITEM</u> SERVICE PLANS 2010/11.</p>

	<p>DECISION: That the updated work programme be approved.</p>
