2.1 To agree a work programme for 2006/7.

3.0 Background

3.1 The 3 Policy Committees of the Council established working panels to put forward proposals to streamline decision making and enable the Committees to perform a more strategic policy orientated role.

3.2 The working panels recognised the establishment of a Work Programme is a means of giving the Committee the "time and space" to focus on planning for the future, developing policy and managing performance management. It would also allow members to have a greater role in shaping the agenda and managing the workload.

3.3 It was agreed that the Working Panels would formulate a draft Work Programme that could be considered and approved at the first meeting of the committee in the new municipal year.
