POLICY

The Council will have regard to the following factors and policy when deciding any application for consent to allow table dancing, lap dancing, striptease or any similar entertainment:

1. Location of the Premises

There will be a presumption against granting consent when the premises are:

- a) in close proximity to schools, nurseries and children's centres, youth clubs or other premises where a significant number of children are likely to attend.
- b) in close proximity to places of worship.

The mere fact that an application is not in close proximity to the places listed in (a) and (b) does not necessarily mean that an application will be granted. The Council will have to take account of the other factors set out in this policy.

2. The Number of Such Other Premises in the Area The Council would wish to avoid the proliferation of such "entertainments".

3. The Degree and Nature of Support/Objections

All applications must be advertised and any letters of objection or support will be taken into account when considering the application. However, representations must be based on genuine reasons relevant to licensing, such as public order, nuisance and disturbance. The mere number of objections irrespective of their consent will not be a good reason for refusing an application.

4. **The Attitude of the Police and Chief Environmental Health Officer**

The Police and Environmental Health Manager will be consulted on the application and their views will be a material factor when the Council considers the matter. In particular their views on:

the suitability of the operator the suitability of the premises for public order, nuisance, and disturbance will be given particular weight.

- the area where the entertainers perform
- the performers' dressing room
