It was reported that the Government had brought into force regulations relating to the conduct of local authority Members in England. In addition, the Standards Board for England (SBE) had produced its own guidance for local authorities to be mindful of when determining any matter under the local assessment regime.

All complaints against elected Members would now be received by the Standards Committee, rather than the SBE. In appropriate cases, they would be dealt with by way of investigation by the Monitoring Officer and if necessary, local determination by the Standards Committee. Serious cases would still be referred to the SBE for determination. The regulations provided that Standards Committees should establish sub-committees for the initial assessment, review and hearings processes. The report explained the requirements for different membership of the first and second sub-committees, with each being chaired by an independent member of the Committee. The proposed terms of reference for the three sub-committees were provided. There would be a requirement for an additional parish councillor to serve on the Standards Committee. This accorded with SBE guidance that there should be a minimum of three parish council representatives on the Standards Committee.

**RESOLVED:-**

- (1) That the Council increases the membership of the Standards Committee to eleven members, increasing the number of parish council representatives to three.***
- (2) That the Council establishes three Standards Sub-Committees for the Initial Assessment, Review and Hearings processes, the composition of which is as set out in the report.***
- (3) That the Council approves the terms of reference for the three Sub-Committees established above, as set out in Annexe 'SMB4' to the Signed Minute Book.***

A number of extracts were provided in relation to the content of minutes and particularly those elements which should not be included within minutes.
