DSi41- I have spoken to the informant. She believes that the gaming machines have been tampered with as they dont normally drop jackpots. I am aware of a previous incident that the informant believed the machines had been tampered with although when they were checked by the engineers no evidence of this could be found. [REDACTED] that the machines are due to be exchanged tomorrow and due to this reason will be able to get the engineers to examine the machine to see if a theft offence has been committed. On suspecting something being wrong a customer and staff have gone to approach the males but they have run off going to a vehicle. This vehicle has then sped off but moments later it reappears with the passenger seen to be laughing at them. The vehicle then pulls up and reverses at speed [REDACTED] fearing that she would be hit. [REDACTED] two bottles which have been drunk by the two males [REDACTED] for evidence.

13/04/2011 23:52:51 - RMK - 3490 - DSCOMSAFE3  
Can SOCO be requested to attend the location viewing both the gaming machines and bottles.

13/11/2010 01:43:07 - RMK - 3490 - DSPARADERM3  
DSA43, I have attended the PH and spoken to the [REDACTED]  
states that the two male mentioned are believed to have been acting  
suspiciously. The only information which [REDACTED] to state this is that  
the two men had not been seen in the pub before, they have only had  
one drink and have put a small amount of money into the bandit machine  
. This has then won them the jackpot on three occasions. Informant  
states that this has never happened before and the males looked like  
they were doing something with their phones which has effected the  
machine.

13/11/2010 01:45:01 - RES - 4859 - FCRICCS10  
Resource DSS4 de-assigned

13/11/2010 01:48:57 - RMK - 3490 - DSPARADERM3  
At this time we can not confirm that an offence has taken place. The  
machine is owned by [REDACTED]  
[REDACTED] need to be contacted to see if they can get  
an engineer to confirm if an offence has occurred. A bottle has been  
seized and has been booked into [REDACTED] This bottle is  
the one which one of the males was drinking and should an offence be  
recorded in the future this can be sent for fingerprinting.

13/11/2010 01:49:56 - RMK - 3490 - DSPARADERM3  
please tr for me so taht i can contact the informant tomorrow and see  
if [REDACTED] been able to get an engineer out.
