WARD(S) AFFECTED:	ALL	

1.0 Recommendation

1.1 That the Committee review and report to Council on progress in achieving the action points set out in the Self Assessment of performance under the Local Code of Corporate Governance.

2.0 Purpose of Report

2.1 The purpose of this report is to:

- (1) outline the background and process which has led to the submission of the appended Review of Self Assessment document and Action Plan;
- (2) invite the Committee to consider the document and report to Full Council on progress.

3.0 Background

3.1 A revised Local Code of Corporate Governance was adopted by the Council on 3rd July 2008, at which time it was reported that a Self Assessment audit had been carried out by officers to provide evidence of how the Council had fulfilled or intended to fulfil its commitment to corporate governance.

3.2 In approving the Code, Full Council resolved that the Standards Committee should receive half yearly reports on progress in relation to compliance with the six core principles on which the Code is based. This was to ensure that the Standards Committee had a pivotal role in promoting and maintaining high standards of conduct throughout the Authority.

What is corporate governance ?

3.3 Corporate Governance in local government is the system by which a Council directs and controls its functions and relates to its community. Good Corporate Governance is essential in demonstrating there is credibility and confidence in the public services we provide. Sound arrangements are founded upon openness, integrity and accountability, together with the over-arching concept of leadership.

The purpose of a Local Code of Governance

- 3.4 The Local Code of Governance is a single document that aims:
- to serve as a management tool for reviewing and monitoring existing Corporate Governance arrangements
 - to ensure that evidence about our governance arrangements, e.g. for “Use of Resources” assessment, and Annual Governance Statement etc. is available
 - to help develop plans for improving arrangements for Corporate Governance

Our commitment to Corporate Governance

- 3.5 South Derbyshire District Council is committed to having sound Corporate Governance arrangements. The development and maintenance of a Local Code of Corporate Governance will assist in achieving this aim.
- 3.6 The Code assists in demonstrating good governance of the Council's affairs and that the stewardship of the resources at its disposal are effective.
- 3.7 The Code of governance will be reviewed periodically to ensure that it remains up to date.

What our governance arrangements are measured against

- 3.8 Further CIPFA/SOLACE guidance entitled “*Delivering Good Governance in Local Government*” has recently been issued and the Council has made use of the six core and supporting principles to assess our governance arrangements.
- 3.9 The six core principles are:
1. Focusing on the purpose of the Council and on outcomes for the community and creating and implementing a vision for the local area.
 2. Members and Officers working together to achieve a common purpose with clearly defined functions and roles.
 3. Promoting values for the Council and demonstrating the values of good governance through upholding high standards of conduct and behaviour.
 4. Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.
 5. Developing the capacity and capability of Members and Officers to be effective.
 6. Engaging with local people and other stakeholders to ensure robust public accountability.
- 3.10 In May 2008, the corporate group of senior officers consisting of the Director of Corporate Services, Head of Legal & Democratic Services, Head of Financial Services, Head of Organisational Development and the Corporate Performance and Policy Officer met and will continue to do so on a six-monthly cycle to assess our governance arrangements.

- 3.11 The group carried out an assessment against the CIPFA/SOLACE checklist by assessing the documents/processes and other means used to measure compliance with the six supporting principles.
- 3.12 The way in which the Officers have measured compliance with the supporting principles is with a score between 0 and 10, as set out in the table below. Although the scores awarded are judgemental, they are determined through robust discussion by the corporate group. In addition, any comments/plans for improvement are noted for subsequent review, compliance with which will result in at least one additional point being added to the self assessment score.

Score	Level of compliance with supporting principle
1 – 6	Unacceptable
7	Partial
8	Substantial
9	Practically
10	Fully

- 3.13 The self assessment provides the evidence of how the Council has fulfilled, or intends to fulfil its commitment to high standards of corporate governance, and establishes the Council's baseline position as regards compliance with the six principles. On 9th November 2009, Officers again met to review the assessment they undertook on 19th May 2009. A report showing the progress that has been made in the last six months, with a recalculation of the score where justified, is attached at **Annexe 'A'**.
- 3.14 It was agreed that an Action Plan, identifying those areas where we had scored 8 or below, would be created with a view to addressing those issues over the next twelve months. A copy of the Action Plan, showing the progress made to date is attached at **Annexe 'B'**.
- 3.15 The Standards Committee on 21st July 2009, which was the last occasion the Code was assessed, suggested that it would be beneficial if the Chairman could be involved in the self-assessment process. On 17th November 2009, the Chairman met with the Head of Legal & Democratic Services to review the Council's baseline position in relation to Principle 3, to assess both the source documents and scoring.
- 3.16 One of the major items that has been completed in the last six months is the publication of South Derbyshire's Sustainable Community Strategy ("the Strategy"). This has resulted in the Officer Group being able to add this important piece of work to our evidence base and re-evaluate our scores as a result of this. The Strategy sets out the vision for the economic, social and environmental well-being of South Derbyshire and takes account of all the strategies that are important, bringing them together and showing how people and agencies that work together can make a difference and add value. There is a rolling five year action plan that outlines the specific activities that will happen each year which are carried out by partner organisations, through the five theme groups which monitor and report progress and performance to the South Derbyshire Partnership on a regular basis.

4.0 Financial Implications

4.1 None directly arising from the report.

5.0 Corporate Implications

5.1 The Code overarches all the Council's activities and compliance with it will necessarily take into account all the Council's policies and strategies in relation to these issues.

5.2 The self assessment process is an important element in ensuring that the Council keeps under review its Local Code of Corporate Governance, in order to continue to maintain the six core principles.

6.0 Community Implications

6.1 A key aim of the authority is community leadership, which is concerned with the style and manner in which the Council operates and how we relate to local people and partners. One important aspect included in this aim is our policies and arrangements for corporate governance.
