- 2.1 To inform members of the Safer South Derbyshire Partnership's Partnership Plan 2017-20 (see appendix 1).
- 2.2 The Partnership Plan is a statutory document that sets out the priorities, objectives and targets that the Safer South Derbyshire Partnership (SSDP) will work towards over the next 3 years. It has to be revised and updated annually.

3.0 Detail

- 3.1 In 2006, a review of the partnership provisions of the Crime and Disorder Act 1998 and the Police Reform Act 2002 lead to a series of recommendations. Amongst other things the review contained a statutory requirement relating to 'strategic assessments', whereby each crime and disorder reduction partnership will have a 'strategy group' that will be responsible for the development and production of a strategic assessments and a resulting partnership plan.
- 3.2 The strategic assessment is produced by the Safer Derbyshire Research and Information Team (SDRI) and details the following:
- Current levels and patterns of crime and disorder in the area
 - Identify where any changes have occurred to the levels of crime and disorder in the area and why they have occurred.
 - Identify the matters that the responsible authorities should prioritise to reduce crime and disorder in the area.

- Identify what matters to local people who live and work in the area and consider the priorities for reducing crime and disorder in the area.

3.3 The Partnership Plan is a three year plan which will be reviewed every 12 months to update on progress, identify new priorities and realign the local activities to address these problems.

3.4 The new plan details the challenges the Partnership will face over the next three years, it informs residents about the community safety partnership structure in operation across the County and the risk and threat priorities that have been identified. It provides performance information and recommended action from the Derbyshire Strategic Assessment and locally, what our priorities will be and what we have achieved over the past 12 months.

3.5 The Partnership plan 2017-2020 has been approved by the Safer South Derbyshire Partnership Strategic Group.

4.0 Financial Implications

4.1 The SSDP has a core budget available for implementing initiatives to address the priorities identified in the partnership plan, this budget is held by the South Derbyshire District Council.

4.2 The main contributors to the budget are South Derbyshire District Council, with additional contributions in the form of funding and officer support from, Derbyshire Police, Derbyshire County Council and the Police and Crime Commissioner

5.0 Corporate Implications

5.1 The Partnership Plan aids and improves the co-ordination of multi-agency action against crime and disorder and thus contributes to achieving many of the community safety related projects and measures contained within the corporate plan: PE2 Protect and help support the most vulnerable, including those affected by financial challenges, PE3 Use existing tools and powers to take appropriate enforcement action, PL3 Help maintain low crime and anti-social behaviour levels in the District & PL4 Connect with our communities, helping them to feel safe and secure.

6.0 Community Implications

6.1 This policy will help deliver the following Community Strategy priority's: 'More people feel safe and secure in their home and in the community, particularly those who are most vulnerable', 'Children and young people are resilient and protected from harm', and 'Young people are more aware and informed about risks to their safety from Child Social Exploitation and Sexting'
