Dear Malcolm,

RE Establishment of a Monthly Farmers' Market on the Delph and future development of a Thursday Special Market.

At its March 28th meeting, Swadlincote Chamber of Trade received a presentation from Jonathon Little and Simon Wardle on the development of a pilot Farmers' Market on a Thursday in the Delph. I am pleased to report that everyone was extremely supportive of this venture and wish you luck in implementing the pilot this Summer.

Naturally we were reassured that Simon from Geraud Markets remains happy to liaise with Members of the Chamber and other traders to ensure that the project is beneficial to everyone with in the town.

In a similar vein should you wish to bring forwards further specialist themed markets on other Thursdays the Chamber would be supportive as long as similar safeguards and constructive dialogue can be maintained.

Yours sincerely

John Richardson
Vice-Chairman
Swadlincote & District Chamber of Trade
