A South Derbyshire Action Plan will be developed from that briefing session and will feed into infrastructure development and cycle participation and events.

In Winchester Drive it was raised that Sky Broadband were carrying out works under a Permitted Development Order, without any consultation and people are not receiving replies to letters being sent to the company. Councillor Wilkins says that as individual's you are able to take the company to County Court.

The residents of The Sandlands & Lady Fields stopped Sky from putting Poles in their streets. Each resident parked and refused to move their cars to let them put the poles in the pavement and they have now received an official letter to say they won't be putting any poles in those areas.
