### 1.0 Purpose of Report

1.1 To consider action taken in respect of this matter.

### 2.0 Content

2.1 Further to Minute No. DC/128 of 6th February 2001, Members are reminded that the Sub-Committee authorised the institution of legal proceedings to secure the removal of these advance warning signs.

2.2 A subsequent site inspection has revealed that the large plastic banner sign has been removed, but the small freestanding sign was still in evidence. However, it is considered that this sign is relatively non-obtrusive and is therefore not material to the situation.

### 3.0 Financial Implications

None.

### 4.0 Recommendations

4.1 That no further action be taken on the matter.

### 5.0 Background Papers
