M - Describe the steps you intend to take to promote the four licensing objectives:-

a) General

It is advised that it is good practice to have a total of three people in store trained to BIIAB standard – Two to be holders of a personal licence, one being the DPS and a second to be able to replace the nominated DPS at short notice should an immediate problem occur and a further person trained to that level, being able to apply for a personal licence again at short notice.

Challenge 25 badges to be worn by Staff and Clear signage displayed around the store and in the windows that the store has this policy in place.

CCTV signage to be displayed around the store and also in the alcohol section on shelf edges, Point of Sale logos with Challenge 25 in the alcohol section to be clearly visible.

Manager will review Monthly Staff Refusals which is a report available from our EPOS system and identify any additional Training requirements members of Staff may require which is available from the Nisa Head Office Licencing department on-line.

b) The prevention of crime and disorder –

In order to prevent Crime and disorder we will ensure the premises is well lit externally with appropriate Car park Lighting and the Store Entrance and side 2 windows will be kept open and clear of any obstructions to ensure clear visibility into and outside the store at all times. A Computer PC Based 32 Channel CCTV operating system will be installed to the retail premises, consisting of 3 external PTZ multi-dome cameras for the car park and 29 cameras to be located within the Retail Store (18) and Back Office Warehouse (11). The CCTV System will be digital recording and have a minimum of 31 days recording facilities which will be stored onsite. The CCTV system will also have the ability to be monitored remotely through the Internet and in circumstances when the Manager is not on site if required can review CCTV footage live of the store from a remote location.

c) Public Safety

Fire Exits to the site (Per the Plan – Annex 4) will be illuminated

Fire Alarm to per building regulations will be installed on the premises

Fire extinguishers will be located in 3 sections on the premises, 2 in the Retail Premises and 1 set in the Warehouse

An Alarm system set with Panic Buttons at the till point will also be fitted to ensure that Cashiers have the confidence to press this button in circumstances where they may feel at threat from members of the Public with a direct link to the Police Station.

Clear Signage displayed that no Alcohol will be served to any member of the Public who appears to be Drunk or under the influence of Drugs

Premises Licence to be displayed in a location where it is visible to members of the Public clearly displaying the trading hours where alcohol can be served.

d) **The Prevention of Public Nuisance**

As mentioned above Full CCTV system will be in place in the store with 2 or 3 screens visible to the Public to make them aware that we have full CCTV recording in place and that any Public Nuisance will be recorded

All Cashiers are trained and advised to refuse members of Public the Purchase of Alcohol if they appear to be Drunk or disorderly and if they are suspicious that they may be purchasing the Alcohol on behalf of someone under the age of 18. External CCTV Cameras will be in place and visible to Staff members on 32 inch TV Monitors so they can assess the situation outside of the Retail Premises to see if members of the Public are being requested to Purchase Alcohol illegally. Cashiers are always advised if in doubt, request that a Supervisor/Manager is called to the till point or in the case where they are not available to refuse the sale. The EPOS system has a camera on the till point and can record a photo of the member of Public in circumstances where they may become offensive and abusive towards them. Audio recording will also be located at the till points to use as evidence in the case where the Police may require a record of the situation where the refusal has taken place.

e) **The Protection of Children from Harm**

A Challenge 25 Policy would be adopted in store which we are already familiar with as this policy is in place in our existing Nisa Store, 51-52 Horninglow Road North, Burton on Trent. DE13 0SW. This store has been successful in Test Purchases carried out by a Private 3rd Party organization organized by Nisa and in addition we have had a number of Test Purchases carried out by East Staffordshire Borough Council which have all been successful. All Cashiers have to Sign that they have received Training to Challenge 25 Standards prior to being able to commence work on the shop floor and sign a Personal Licence sheet. All Staff receive regular 3 monthly Training and records kept in their Training books and we have also set up our EPOS system to prompt the Cashier to ask the Customer for i.d if they look under 25 when Alcohol products are scanned at the till point. In circumstances where the member of Public does not look over 25 the staff member will be prompted to request i.d and confirm in the system the type of i.d shown and the EPOS system then allows the details of the i.d verification to be entered into the system, i.e. Driving Licence, PASS logo i.d or Passport with details of Date of Birth, description etc. In circumstances where the correct form of i.d is not provided the Cashier has to void the sale and enter reason for refusal i.e. no i.d or inappropriate i.d or if the member of public is drunk, disorderly or if they believe they are purchasing on behalf of someone under 18.

PLEASE NOTE:

THE INFORMATION CONTAINED IN **APPENDIX A** IS FOR THE ATTENTION OF THE LICENSING AUTHORITY / POLICE AND APPLICANT ONLY AT THIS STAGE.

APPENDIX 'A'**RE: Nisa Local, 55 Station Street.**

The applicant is applying for a Premises Licence for an off-licensed establishment with the opening hours of the premise being 0700hrs to 2200hrs Monday to Saturday and 0800hrs to 2100hrs on Sunday. The off-licence sales of alcohol would aim to replicate the opening hours of the store.

The purpose of the premises is to be a general convenience store selling day to day household items. Incorporated into this is the facility to sell alcohol by retail off the premises. The application for a Premises Licence would apparently be based on necessity of the overall offering with a view that the sale of alcohol would increase footfall, sales and revenue at the premise, whilst providing a full offering to both passing trade and residential customers.

The premise is located on a main road that acts as a route between Burton and Hatton and was the TVR showroom owned by Peter Smith TVR, this premises is to cover 3,000 sq ft of retail space and is to cover general day to day supplies. It is located close to a junction that services a small multi purpose commercial unit that has the benefit of a co-operative store with the immediate area are a local post office and an iron mongers / DIY store. On both sides of the main road are a mixture of residential terraced and semi detached houses that are serviced by a local bus stop on either side of the road. This is only a short walk from a large a Public House that offers food and to the other end of the road towards the 'salt box café' is another public house.

It is believed that the premises would be frequented by the local community, those visiting the local area and those working within the area. The premise is also situated very close to late night bus stops that provide a link with the customers that will visit the Night Time Economy, both in Burton and Derby.

The behaviour of certain individuals when under the influence of alcohol is widely recognised and documented as being one of the main factors encouraging their anti-social behaviour and violence through the level of intoxication. My concern is that Adults and Children residing within the local area or attending the local educational establishments would be needlessly subjected to this unacceptable behaviour.

It is noted and accepted that other retail outlets within the area have not suffered or contributed to ASB or crime within the area, however I feel I should point out that the reasoning behind the Licensing Objectives predominantly falls within that of 'Prevention' rather than cure. It is with this thought process in mind that we seek to support and promote the licensing objectives and the premises with the assistance of equally supportive and proportionate conditions.

The premise would allow and through its offering, encourage more persons attend the area and this should be monitored stringently. Likewise the increase in transient custom will inevitably place a higher burden on the tidy up process within the immediate vicinity through the disposal of fast food wrappings. This in itself is a 'Public Nuisance' and could give rise to the decline in the image of a local convenience shopping area.

By applying for this licence I believe that it could lead to an increase in; litter, persons loitering and congregating and an increase in alcohol consumption within this residential and business area thereby giving cause for concern with regards to the support of the four Licensing Objectives;

Public nuisance
Public safety
Protection of children from harm
Crime and Disorder

It is my opinion that without being correctly supported with necessary, proportionate and appropriate conditions within the premises licence, there is the likelihood of the potential for Anti-social Behaviour and other crime that could be attributed to alcohol consumption, therefore undermining all of the licensing objectives.

Derbyshire Constabulary Licensing Department have been liaising with the applicant regarding the wording of suitable conditions to which they have agreed and believe that they are both supportive to the Licensing Act 2003 and the Licensing Objectives, whilst not being restrictive to the business operation. With this in mind should the application receive no other representations and be granted with the attached conditions the Chief Officer of Police would have no objections regarding the application?
