### **Corporate Plan**

#### **Theme 3: Higher Quality Services**

- √ *Three leadership and management development programmes are now underway to develop existing and aspiring managers within the Council. Approximately 63 managers are currently participating in the programmes.*

- √ Assets “surplus to requirements” in accordance with the Council’s Disposals Policy to generate resources for capital investment have been identified. As a result £303,000 has been generated to-date, to re-invest in council priorities. However, several disposals are being held back pending improvement in the economy
- √ Measures to minimise Council Tax increases by improved commissioning of services, streamlining processes and restructuring are being implemented. To date, actual savings of £15,730 have been achieved. This will result in savings of £51,000 in 2009 and £44,000 in 2010
- √ Currently 71% of our customers are being dealt with at the first point of contact. The Customer Services Team has received Benefits and Council Tax training, which will enable them to deal with more calls at the ‘first point of contact’, thus increasing customer satisfaction.

### **Theme 5: Rural South Derbyshire**

- √ *Work to encourage and support local communities in preparing Community/ Parish Plans is progressing well. Currently, 9 Parish Plans are being supported in order to identify local priorities that will also inform Council priorities and the Community Strategy.*
- √ *We are continuing to involve communities in the development of our key plans & strategies. Appropriate consultation in line with a revised Local Development Scheme is currently being undertaken*
