The Chief Executive presented the report to Council to appraise Members of the current situation of the review of Twyford and Stenson (unparished area), Stenson Fields (parished area) and Barrow on Trent (parished area) and to advise them of the legal process whereby the Council can review and make changes to local governance arrangements within the whole or part of its District.

The Chief Executive explained that a governance review was at the very heart of democracy and takes into consideration items such as changes in population in certain areas, natural growth in population and boundaries of the area and what arrangements have been, or could be, made for the purpose of community representation. The two options available to Council were, to either take no further action at this time, or formally resolve to undertake a Community Governance Review, including consultation with around 9,000 residents and holding public meetings as deemed necessary as part of the process, the council would have one year to complete the review.

Councillor Shepherd stated that both Aston and Stenson wards had a keen interest in the discussions of the joint request to change their parish council boundaries as Barrow on Trent wished to keep its village ethos, and Stenson Fields supported this statement, and that he would support the second option and undertake the review as requested.

Councillor Watson explained that Barrow on Trent had wanted to change the parish council boundaries for the last 6-8 years but had been unable to do so to date, he supported Councillor Shepherd in undertaking the review under option 2.

Councillor MacPherson sought clarification on whether the change in boundaries would result in a tax increase in the unparished area of Twyford and Stenson.

The Chief Executive responded that if Twyford and Stenson became parished, a precept would be implemented accordingly.

**RESOLVED:-**

- The pool cover had been services and tested by Forge Pool Covers.

- **Gym & Exercise Memberships**

- 1,768 in total Membership up until 1<sup>st</sup> April 2016, average length of membership remained at 9.5 months.
  
- 1,322 children presently subscribe to the hugely successful swimming Scheme with another 100 children currently on the waiting list, the list is frequently assessed to identify any possible openings. The Etwall Primary School's swimming pool is still being utilised on a regular basis.

Councillor Mrs Plenderleith and Councillor Billings had both been approached by local residents commenting on the unavailability of the centre's swimming pool and were satisfied with the explanation of this issue.

The Director of Community and Planning Services explained that the Council was aware of the situation and that by 2028 there will be a deficit of 6 swimming lanes (equating to a swimming pool). The building of a new swimming pool would only take place if a new secondary school would be built in the area, leaving the Council for now with the only option of trying to identify additional space. There are currently ***new housing developments in Etwall/Mickleover going through the application stage, as part of the process the Council would negotiate***

***with developers on the Section 106 contributions and investigate what provision could be made.***

- **NPS (Net Promoter Score) Feedback March 2016**

J. Dobson explained that Active Nation sends emails to a set amount of centre users (mixed groups) each day asking for feedback on their leisure centre experience. Some of the positive points received were; The Facilities are great and very clean, the staff is very helpful and friendly; a good range/mix of classes and gym equipment and good value for money; great care has been taken to design the sports hall for optimum use.

Some of the slightly less positive feedback were: Only scored 9/10 due to difficulty with parking at times; the facilities gets a bit busy when used by the school's pupils; I have only one negative comment, and that is that the centre should be twice the size, especially with the planned new housing developments.

Councillor Billings raised a question at the last Committee meeting regarding Active Nation giving parents the opportunity to feedback as well as the children who use the facilities, J. Dobson replied that this was currently being done and although feedback is sought through the use of emails and the website, the 'Suggestion Box' at the centre is still available to enable people to use that method as well to ensure their comments are noted.

- **Centre Participation Figures 2015/16**

- The average monthly usage, across the five measured core propositions, for the last financial year, was 17,000.

- **Centre Usage Figures**

- The usage had increased with over 47,150 visits since 2014/15.
- The centre saw a total of 53,782 (up from 46,968) 'All Weather Pitch' usage in the last financial year.

Mr. Batchelor extended his thanks to Mr. Golding and John Port School for agreeing to let leisure centre visitors use the bus car park when the centre is at its busiest.

**RESOLVED:-**

***That the Committee considered and noted the points made in the presentation.***

The meeting terminated at 5:30 p.m

PL/201 **QUESTIONS BY MEMBERS OF THE COUNCIL PURSUANT TO COUNCIL PROCEDURE RULE NO.11**

The Committee was informed that no questions from Members of the Council had been received.

**MATTERS DELEGATED TO COMMITTEE**

**PL/202 REPORT OF THE DIRECTOR OF COMMUNITY AND PLANNING SERVICES**

The Director of Community and Planning Services submitted reports for consideration and determination by the Committee and presented oral reports to the Meeting to update them as necessary. Consideration was then given thereto and decisions were reached as indicated.

**PL/203 OUTLINE APPLICATION WITH ACCESS FOR APPROVAL NOW AND ALL OTHER MATTERS TO BE RESERVED FOR FUTURE APPROVAL FOR THE RESIDENTIAL DEVELOPMENT COMPRISING 252 DWELLINGS WITH ASSOCIATED ACCESS, LANDSCAPING, OPEN SPACE AND DRAINAGE INFRASTRUCTURE AT LAND AT SK2934 8494 WEST OF LADYBANK ROAD MICKLEOVER DERBY**

It was reported that members of the Committee had visited the site earlier in the day.

The Principal Area Planning Officer made reference to the latest highway objection from Derby City Council, additional conditions and further comments received from residents and the applicant. A typing error in paragraph four of the *Planning balance and overall conclusion* section, where 'unacceptable' should have read as 'acceptable', was also highlighted.

Mr Matthew Holmes (objector) and Mr Tom Collins (applicant's agent) attended the Meeting and addressed Members on this application.

The Vice-Chairman addressed the Committee as local Ward Member for Etwall, expressing her reservations about the application, referring to the many objections, referring to issues such as traffic, water supply, sewage, health service provision, flooding potential and the possibility of installing a buffer zone and limits on the height of the first line of properties along the eastern boundary.

Councillor Ford suggested that the matter be deferred, as the issues required more information and time to consider.

The Chairman queried whether the matter could be brought back to Committee if the modelling identified any major issues. The Planning Services Manager stated that the modelling would not determine the acceptability of the scheme, but would aid determination of the Section 106 funding provision, confirming that the matter could be returned to Committee if required.

Councillor Southerd expressed his view that matters had been dealt with satisfactorily, that buffer zones were not necessary, difficult to maintain and in any event, did not support integration. He also stated that a deferral was not defensible and that the Planning Services Manager was capable of negotiating the necessary provision, but could return the matter to Committee if required.

Councillor Atkin also made reference to a buffer zone and queried whether, if the height of the initial housing could not be restricted, whether it could be moved back. Concerns were also expressed in relation to the suggested main access road, the impact on residents and education capacity in the area.

The Principal Area Planning Officer noted the queries and responded to each, emphasising that only the traffic modelling matter was outstanding, all other technical matters having been addressed.

**RESOLVED:-**

- A. That delegated authority be granted to the Planning Services Manager to secure the appropriate level of contributions for mitigation of the impact of the development under Section 106 of the Town and Country Planning Act 1990 (subject to compliance with the CIL Regulations 2010);**
- B. That, subject to A. above, planning permission be granted subject to the conditions as set out in the updated report of the Director of Community & Planning Services, including those amended or added conditions as reported to the Committee and the informative requesting the change of properties on the eastern boundary to single storey dwellings.**

PL/204 **APPROVAL OF RESERVED MATTERS (EXCEPT LANDSCAPING) ON LAND SUBJECT TO OUTLINE PERMISSION 9/2013/1040 FOR 100 DWELLINGS, PUBLIC OPEN SPACE, DRAINAGE AND ASSOCIATED WORKS ON LAND AT SK2731 3037 WILLINGTON ROAD ETWALL DERBY**

The Principal Area Planning Officer updated the Committee with the request for additional new conditions, reported the letter from a neighbouring householder and comments from the applicant, in that the proposed buffer zone would be controlled and maintained by a management company, to be secured by condition.

Mrs Angela Jenner (objector) attended the Meeting and addressed Members on this application.

The Vice-Chairman addressed the Committee as local Ward Member for Etwall, making reference to the desirability of a buffer zone in this instance, enabling access to and maintenance of the drainage ditch on the site. With regard to the proximity of properties on Plot1, it was suggested that this could be addressed by relocating the garage.

Councillor Muller also addressed the Committee as the other local Ward Member for Etwall, expressing his support for residents affected by the development, welcoming the buffer zone, but commenting that the removal of hedges in the yet to be determined Phase2 of the development to be a little presumptive.

**RESOLVED:-**

***That planning permission be granted subject to the conditions, including the amendment to Plot1 to lessen the impact on the existing property No.62 Willington Road, Etwall, set out in the updated report of the Director of Community & Planning Services. An informative was also added, requesting that individual access to the buffer zone be granted for maintenance purposes.***

***Abstention: Councillor Ford***

Councillor Muller left the Meeting at 7.25pm.

PL/205 **THE ERECTION OF A REPLACEMENT DWELLING WITH DETACHED GARAGE AND ENTRANCE GATES AT LAND ADJACENT TO 7A PINFOLD LANE REPTON DERBY**

The speaker registered to speak against this application was not in attendance.

Councillor Stanton addressed the Committee as local Ward Member for Repton, stating that the application had not been well received, the feeling being that the area should be used as open space. He also commented, in relation to sustainability, that despite the village being subject to more development than anticipated, no infrastructure improvements had been made to date.

Councillor Smith also addressed the Committee as the other Ward Member for Repton, stating that the 'replacement' was not like-for-like, due to the scale of the proposed property, its location in a conservation area and his concern relating to the narrow access.

Councillor Southerd queried the ownership of the land separate to the building plot and whether this could be turned to garden. Councillor Mrs Hall welcomed the application, stating that large, individual properties can enhance an area. Councillor Atkin, in making reference to the narrow access, queried how the works traffic could be accommodated, suggesting that the construction hours be restricted.

The Planning Services Manager noted the various queries and responded accordingly, also referring to corrections to Condition 18 and 20.

**RESOLVED:-**

***That planning permission be granted, subject to the conditions set out in the updated report of the Director of Community & Planning Services, including the additional condition restricting construction hours and the informative request to be considerate of local parking.***

Councillor Smith left the Meeting at 7.45pm.

**EDS/99 LOCAL PLAN PART 2**

The Planning Policy Manager presented the report to update Members on the Local Plan Part 2 consultation, which took place between December 2015 and February 2016, the consultation generated 2,278 individual comments from 318 people or organisations.

The next steps for the Part 2 of the plan will be to draw up a draft version to go out for consultation, to be published around the end of June 2016. Once consideration have been given of the responses received, a Submission Consultation (Regulation 19) will be undertaken in the Autumn with the target of submitting the Plan to the Secretary of State by the end of 2016.

Comments and queries raised by Members in relation to; the sizes of the 14 new possible sites; what format the local plan will be presented in; the importance of being able to feedback on progress of the plan to the Parish Councils and what mechanisms are in place to make interested parties aware that the land they are interested in was now available, were noted and responded to by the Planning Policy Manager.

A query regarding allocation and the five-year supply of Gypsy and Traveller pitches was raised and responded to by the Principal Planning Officer, she would also find out the exact number and feedback to Members.

**RESOLVED:**

***That Members endorsed the Local Development Scheme (LDS) for publication.***

EDS/101 **FIXED PENALTY NOTICE SANCTIONS UNDER THE UNAUTHORISED DEPOSIT OF WASTE (FIXED PENALTIES) REGULATIONS 2016**

The Environmental Health Manager presented the report to seek members approval on the use and level of fixed penalty to be imposed in the event of the issue of Fixed Penalty Notices (FPNs) for fly tipping offences. The new law, which takes effect on 6<sup>th</sup> May 2016 will enable Councils to issue FPNs of up to £400 for relatively low levels of environmental crime (often described as 'enviro-crime'). Although fly-tipping incidents have reduced year on year to an all-time low in 2014/15 of 495 incidents, during 2015/16 incidents have significantly increased by 38%, this increase reflects a national trend of increasing fly tipping which started in 2013/14

Comments and queries raised by Members in relation to; the different degrees of fly-tipping; who's responsibility it was to take away items dumped on private land once the investigation had been closed; what records are kept of frequently used sites; what the trigger was for a case to be taken to court rather than an FPN being issued; possible charges to house-holders for the green bin; the promotion of refuge sites to the public; how to positively promote surveillance to the public to encourage their assistance and can the name of the perpetrator and place of crime be publicised under FNP's even though they had not been convicted through a court, were noted and responded to by the Environmental Health Manager.

**RESOLVED:**

***1.1 That Members approved the use of Fixed Penalty Notices, where appropriate, to take enforcement action against fly tipping offenders.***

***1.2 That Members approved that the Fixed Penalty Notice charge be set at £400, with an early payment reduced charge of £280,***

Comments were raised by Members in relation to the disappointment that the work programme did not contain any future agenda items as in previous years.

The Director of Community and Planning Services responded that with the publication of the new 5-year Corporate Plan last week (which the work programme will be based upon), from now on all reports will remain on the programme throughout the year to give an overview of work undertaken,

HCS/106 **OPEN SPACE, SPORT AND COMMUNITY FACILITY STRATEGY UPDATE**

The Open Space and Facility Development Manager delivered the report to the Committee.

Councillor Dunn commended the report, but drew attention to the Chestnut Avenue basketball court issue, a matter that the Director of Community and Planning Services confirmed could be revisited at a later date as part of the process. Councillor Billings also praised the report, requesting that Members be kept up to date with developments, as he was aware that not all parish council's had responded to the consultation. The Open Space and Facility Development Manager confirmed that the project list was growing and that the matter would be brought back to Committee to agree the priority ranking of these projects. The Director added that the closure of the Moorways facility in Derby had impacted on the District's sports facilities and that the Council had met with Sport England to discuss its capital / funding plans for the area.

Councillor Richards, in referring to the continuing development of the central area, remarked on its shortfall in the majority of sports facility categories and suggested use of the land at the Woodhouse recreation ground, aimed at improving the provision within the urban core. The Director noted these comments and made reference to current plans to create a Swadlincote Sporting Hub, modelled along similar lines as the Melbourne Sporting Partnership.

Councillor Harrison acknowledged the report as an important support resource for Section 106 funding applications, but referred to two apparent omissions, the Football Foundation and Kings Newton bowling club. In relation to the former, the Director confirmed that the Football Association had been consulted and, in relation to the latter, he would investigate the situation.

Councillor Taylor welcomed the inclusion of biodiversity and Greenways within the report, querying whether there was an opportunity to promote the Greenways further, enabling more to access the countryside, referring in particular to the old railway line from Newhall to Rosliston. The Director of Community and Planning stated that the Greenways strategy was being formulated in conjunction with Derbyshire County Council, made reference to the links into planning developments, the major one at Drakelow, for example, where funding will be utilised for such projects. Councillor Richards reported that the Nadin Trust had, some years back, conducted a feasibility study on the former railway line, a document that should still be within the Council's records.

Councillor Richards thanked Councillor Dunn for his efforts, at a County level, in getting the Tour into the District and acknowledged this excellent opportunity to use existing facilities and for local businesses. Councillor Taylor commended the route and promoted the working relationships with parish council's. The Director confirmed that the matter had been discussed at the last Parish Liaison Meeting.

## **1.0 Recommendations**

- 1.1 That, in accordance with Council Procedure Rule No. 1.1(e), the Council appoints the Committees and Sub-Committees as set out at Annexe 'A' together with the six Area Forums detailed in Article 9 of the Council's Constitution.
- 1.2 That the Council approves and adopts the recommended allocation of seats to the Political Groups for the municipal year 2016/17.
- 1.3 That the Council allocates seats between the Political Groups as set out at Annexe 'A' and invites the two Groups to make nominations to fill the seats.

## **2.0 Purpose of Report**

- 2.1 To consider the Council's political proportionality for the municipal year 2016/17.

## **3.0 Detail**

- 3.1 The Council's duty to determine the allocation of seats is prescribed by Section 15 of the Local Government and Housing Act 1989 ("the Act") (specifically subsections (3) to (5) as modified by The Local Government (Committees and Political Groups) Regulations 1990 ("the Regs")). A Political Group is defined as being constituted by at least two Members who have advised the proper officer of the local authority in writing that they wish to be treated as a Political Group.
- 3.2 The political composition of the Council is as follows:-
  - Conservative Group 24
  - Labour Group 12
- 3.3 The Council is required to review the representation of the different political groups on Committees and Sub-Committees at, or as soon as practicable after, the Annual Meeting of the Council; or where notice is received of a change in the composition of Political Groups.

3.4 The principles of determination are as follows:-

- (a) All the seats are not allocated to the same Group;
- (b) The majority of the seats go to the Group (if any) which has an overall majority on the Council;
- (c) Subject to the above two principles, that the number of seats on the total of all the ordinary Committees allocated to each Group bears the same proportion to the proportion on the Full Council.

3.5 The total number of Committee seats on the District Council for allocation is 98. After calculating the proportionality for the two Groups, this gives 65 seats to the Conservative Group and 33 seats to the Labour Group, as indicated on the schedule attached at Annexe 'A'.

#### **5.0 Corporate Implications**

## Acknowledgment

I am pleased to present this year's Overview and Scrutiny Annual Report, the report contains information about the key scrutiny activity over the past year

It has been a challenging year for the Council and also for scrutiny. The Council continues to face the challenge of delivering services to the people in South Derbyshire with less and less money and our Councillors involved with scrutiny had been tasked with analysing this work, its outcomes and providing constructive challenge.

As this Annual Report shows, a wide range of issues has been considered within the scrutiny process and this has given committee members the opportunity to be part of a forward-looking council that allows Scrutiny total freedom to monitor and review any issues it judges appropriate. This year has taken Scrutiny and Section 106 Contributions and Domiciliary Dental Provision into the community giving residents a chance to put questions to representatives from the Clinical Commissioning Group and NHS England about their local situation.

I would like to take this opportunity to thank in particular my Vice-Chair Councillor Stuart Swann, Kevin Stackhouse, Tony Sylvester, Tove Cecilia Lindgren and Chris Tyler for their invaluable support. I would also like to extend my thanks to everyone who attended or contributed to overview and scrutiny over the year. The Overview and Scrutiny Committee recognises and appreciates the valuable contributions that Elected Members, Officers and representatives of organisations have made towards its work, and acknowledges that without this support and co-operation, it could not fulfil its aim to improve services for the benefit of South Derbyshire residents.

*Cllr. Mrs. Farrington*

Councillor Mrs Gillian Farrington  
Chair of the Overview & Scrutiny Committee

# 1. Background

## 1.1 Purpose of the Report

This is the Annual Report to Council from Overview and Scrutiny, as required by Article 6 of the Council's Constitution.

Overview and Scrutiny (O & S) plays an important and active part in local government's decision-making process and is a principal way of achieving open, democratic accountability for the provision of public services. The aim of O & S is to improve public services and quality of life for local residents. Its main value is in holding the Council and other service providers to account, monitoring performance and in its capacity to inform and influence the actions of the Council and its partners. O & S is a legal requirement, which was introduced by the Local Government Act 2000; it was extended in later legislation, and was consolidated in the Localism Act of 2011. O & S allows Councillors to examine, question and evaluate various functions of the Council and other providers of public services on behalf of the public in an open and effective way.

The report outlines how the Overview and Scrutiny Committee has discharged its functions during the municipal year 2015/16 and details the current position and outcomes of its activities.

## 1.2 Overview and Scrutiny has five broad functions:

1. Holding the Council and its statutory partners to account in the public interest. This enables more transparent and effective decision making. This includes the power to 'call-in' a decision made by one of the policy committees that has not yet been implemented.
2. Supporting effective policies and initiatives which have a beneficial impact on the community through policy review and development.

3. Contributing to continuous improvement in services through monitoring quarterly departmental performance reports and the implementation of improvement plans.
4. Having a positive impact on the work and outcomes of external agencies and Providers of public services.
5. Aiding Councillors in engaging with their communities and playing the role of community representatives and leaders.

### **1.3 Composition of Overview and Scrutiny Committee**

The Committee consists of eight Members, being five Members of the Conservative Group and three Members of the Labour Group in accordance with the political balance of the Council. For 2015/16, the following Members were appointed to the Committee:-

#### **Conservative Group**

Councillor Mrs. Farrington (Chair), Councillor Swann (Vice-Chair), Councillor Atkin, Councillor Mrs. Coe and Councillor Mrs. Patten

#### **Labour Group**

Councillor Bambrick, Councillor Dr. Pearson and Councillor Mrs. Stuart.

### **1.4 Main Purposes of Committee**

The main purposes of the Committee are as follows:-

- (a) Write reports and/or make recommendations to Council, Policy Committees or Area Forums in connection with the formulation of Policy and the discharge of any functions.
- (b) Consider any matter affecting the District or its residents.

- (c) Review and/or scrutinise decisions made or actions taken in connection with the discharge of any of the Council's functions.
- (d) Exercise the Call-In procedure in respect of decisions made, but not yet implemented, by any Policy Committee or Area Forum.
- (e) Oversee the Best Value process and report findings to the relevant Policy Committee.

### **1.5 Meetings**

The Overview and Scrutiny Committee usually meets every six weeks, on Wednesday evenings at the Council's Civic Offices, however when the needs arises to engage on a more direct level with the community, meetings have taken place across the district. Meetings are held in Open session, unless there are Exempt items for consideration by the Committee. Additional task groups can be set-up to undertake work on their behalf, this usually happens when there is a need to review a topic in greater depth.

### **1.6 Call-In of Policy Committee Decisions**

The Overview and Scrutiny Committee has the power to determine 'call-in' requests of any policy committee decision made but not implemented. During the year 2015/16, the Committee was not required to deal with any 'called in' decisions or requests from Policy Committees for specific investigations. This meant that the Committee was able to focus on the coordination of work across the overview and scrutiny function within the Council and the wider community.

## 2. Specific Areas of Activity and Achievements

### 2.1 The Annual Report

In March 2016, the Committee considered the draft Annual Report for the 2015/16 Local Government Year, which looks at each of the priorities in turn and provides an overview of some of the outcomes achieved by the Committee and how it has discharged its function

### 2.2 Setting the Committee Work Programme

The Committee held a workshop in June 2015 outlining suggestions on how the Committee might identify and agree possible issues to form the basis of its Work Programme during the new Local Government Year. Members considered a range of possible topics for the Committee to consider, the Councillors responsible for each initial scoping exercise and in particular, what lines of enquiry they would like to cover. The key issues that the Committee looked at were:

- Section 106 Health Based NHS Contributions
- NHS Domiciliary Dental Service Provision
- Fibre-Optic Works by Sky
- Regulation of Investigatory Powers Act (RIPA) 2000
- Cemetery Provision
- Electoral Services
- Festival of Leisure
- Community Grant fund Process
- Housing Revenue Account Budget (HRA) 2015/16
- The Budget 2016/17
- Council Tax Arrears
- Work Programme 2016/17

*A short summary of the Committee's work during the year is set out below*

## **Section 106 Health Based NHS Contributions**

A substantial piece of work took place around Section 106 Contributions once the Committee had been made aware that there were a significant sum of Section 106 monies still with the CCG (Clinical Commissioning Group), though grants had already been allocated to specific local projects, few payments had been made. The Committee invited representatives from the Council's Planning Department

and the Clinical Commissioning Group to attend four public meetings around the district, each session detailing the background of Section 106 NHS contributions followed by a Questions & Answers (Q & A's) session involving both Committee Members and Members of the Public. The Committee resolved that the work undertaken in partnership with the Planning Department and Clinical Commissioning Group had made great progress, and allocated funds were in the process of being dispersed accordingly.

## **General Dental Provision and Domiciliary Dental Provision in South Derbyshire**

When the report on local dentistry provision was initially conveyed to Committee to provide information on why there had been no local commissioning since 2006, it became evident that the facility for domiciliary dental care for the elderly and infirm was minimal. The Committee resolved that they would invite representatives from the NHS England to attend two Committee meetings and a Public Meeting to answer questions and get clarification on why these issues faced South Derbyshire and in particular, no local commissioning or future plans for domiciliary care. The Committee was satisfied that the information provided was up to date, had been looked into in detail and that Section 106 NHS contributions were not designated to dental provision.

### **Ultrafast Broadband Trial by Sky**

This item had been added to the Work Programme as several Members of the Committee had received grave concerns and complaints by residents particularly in the Midway and Woodville wards, regarding the Ultrafast Fibre-Optic Broadband trial taking place. Following this, a meeting with senior representatives from Sky had been arranged, to ensure all concerns, which had been raised were looked into and could be fed back to residents. Sky assured the Committee that future correspondence to residents would be re-designed and that they would call upon local Councillors to aid the marketing team in doing so. Sky agreed to endeavour to attend meetings such as Parish Councils and Area Forums in order to inform residents and local Councillors of upcoming work taking place in their wards. Sky also agreed that they would endeavour to notify local Councils at the same time as they notify the County Council of upcoming work.

### **Cemetery Provision**

The Committee initially became involved in 2015 with regards to cemetery provision in South Derbyshire, in particular the reduction in cemetery space in the urban core and Gresley cemetery. An audit of Parish Councils provision, had been undertaken to assist in the consideration of the future cemetery needs of the district, and If it was determined that South Derbyshire District Council (SDDC) needed to build a new burial site, the Committee would be involved in how to find a new site, how to finance it and also how to manage it. A task group had been set up to carry on the work into 2016/17.

### **Regulation of Investigatory Powers Act 2000 (RIPA)**

The Committee has a standing function to monitor the Council's use of Regulation of Investigatory Powers (RIPA) on a quarterly basis, following the Council's Inspection by the Office of Surveillance Commissioners. The Committee was satisfied the Council's use of Regulation of Investigatory Powers Act 2000 Policy and Guidance during the municipal year 2015/16 had been carried out according to the Act of 2000.

## **Electoral Services**

The Committee requested the opportunity to scrutinise in detail, the procedures of the electoral services, following the recent move to Individual Electoral Registration (IER), and the departmental restructuring, as continued resilience was crucial in a fast growing area such as South Derbyshire. The Chief Executive presented a report to Committee on the revised structure of the Electoral Services section, and ensured Members that the Council could continue to effectively administer the Electoral Service.

## **Festival of Leisure**

This item had been requested to appear on the Work programme as Members of the Committee felt that the original direction of the festival as a community event had changed over the last couple of years, and was now looked upon as a commercial event. The Committee invited the Director of Community & Planning Services and Officers from the Marketing & Events team to do a presentation on the background, breakdown and development of the Festival, and answer questions regarding the scrutiny process of sealed bids, the allocation and cost of stalls, in particular relating to local and charity groups. The Committee was satisfied with the process which the Festival of Leisure had been put through, and that local groups and charities had been given the opportunity to attend the event at reduced prices or at no cost.

## **Community Grant Fund Process**

This item had been added to the Work programme as Members of the Committee questioned the current process by the District Council, in particular for smaller organisations, in providing funding advice and support to non-profit local developing projects. The Committee resolved that Members would work with the Community Partnership Manager in reviewing the process of smaller grants.

## **Housing Revenue Account Budget (HRA) 2015/16**

Dear Mr McArdle,

Newhall and Stanton Parish Council Campaign Group, would like our Principal Authority being South Derbyshire District Council, to accept the enclosed petition and map, to trigger a Community Governance Review. This is for the formation of a Parish Council for Newhall and Stanton in Derbyshire. The petition has been completed under the Local Government and Public Involvement in Health Act, Section 80.

The area of the following proposed Parish Council, in pursuance of the rights conferred upon us by the above act of Parliament, hereby requests South Derbyshire District Council to undertake a Community Governance Review.

This is to constitute a Local Parish Council for the Ward of Newhall and Stanton. The Parish shall comprise of the un-parished parts of the Electoral Ward of Newhall and Stanton, which is part of South Derbyshire District Council, and shall comprise the same area as outlined in black on the attached map. The Ward map was provided to Newhall and Stanton Parish Council Campaign Group by Derbyshire County Council, as the Ward for Newhall and Stanton. Such a new Parish Council is to be called Newhall and Stanton Parish Council.

Newhall and Stanton Parish Council Campaign Group can confirm that the Ward of Newhall and Stanton has more than 2,500 local government electors. The Petition has been signed by more than the 7.5% of the electors required to trigger a Community Governance Review. The electoral register used to complete the petition was the most recent being for 2014/2015.

Newhall and Stanton Parish Council Campaign Group wish to commence an open and constructive dialogue with South Derbyshire District Council during the Community Governance Review period, to reach a comprehensive and acceptable agreement between all parties. With this in mind, please can you arrange to send the Clerk a breakdown of when and how this review will be undertaken including any key dates to the address above.

Newhall and Stanton Parish Council Campaign Group and its residents of Newhall and Stanton are making this submission in the belief that a Newhall and Stanton Parish Council will prove beneficial to both the Residents of Newhall and Stanton and South Derbyshire District Council.

Newhall and Stanton Parish Council Campaign Group believes that a Newhall and Stanton Parish Council will work hard to create a great cohesive, attractive and economically vibrant community, fulfilling their own potential and overcoming their own difficulties including conflict, extremism, deprivation and disadvantage. Also a Parish Council will help empower the community of Newhall and Stanton to have a voice within its own community, giving the community its own identity, to respond to challenging economic, social and cultural trends, and to demographic change. A Newhall and Stanton Parish Council will contribute to the creation of a successful community by influencing the quality of planning and design of public open space and the built environment, as well as improving the management and maintenance of such amenities. A Newhall and Stanton Parish Council is an important factor to improve the quality of life for the residents of Newhall and Stanton. A Newhall and Stanton Parish Council would be best placed to judge what is needed to build cohesion.

A Newhall and Stanton Parish Council would perform a central role in its community leadership. Depending on the issue, it may want to take the lead locally, while at other times it may act as an important stakeholder or in partnership with others. In either case, A Newhall and Stanton Parish Council would work effectively with partners to undertake the role of placeshaping, and would be responsive to the challenges and opportunities of Newhall and Stanton in a co-ordinated way.

Many thanks and kindest regards.

Yours Sincerely.

Mrs Clare Orme

Clerk/RFO to Newhall & Stanton Parish Council Campaign Group

# **COMMUNITY GOVERNANCE REVIEW OF NEWHALL AND STANTON**

## **TERMS OF REFERENCE**

### **Introduction**

On 21<sup>st</sup> January 2016, South Derbyshire District Council (“the Council”) approved these Terms of Reference created for the purposes of undertaking a Community Governance Review covering the unparished area of Newhall and Stanton.

A Community Governance Review (“the Review”) is a legal process whereby the Council can review and make changes to local governance arrangements within the whole or part of its District.

These arrangements will be determined following consultation with local people and will aim to bring about improved community engagement, better local democracy and result in more effective and convenient delivery of local services.

### **Legislation and Guidance**

In undertaking the Review and implementing any outcome, the Council will be guided by the following legislation and guidance:-

- Part 4 of the Local Government and Public Involvement in Health Act 2007, as amended;
- The relevant parts of the Local Government Act 1972;
- The Local Government (Parishes and Parish Councils) (England) Regulations 2008;
- The Local Government Finance (New Parishes) (England) Regulations 2008; and
- The Guidance on Community Governance Reviews issued jointly by the Department for Communities and Local Government and the Local Government Boundary Commission for England (March 2010) (“the Guidance”).

## **Aim of the Review**

In carrying out the Review, the Council aims to ensure that decisions affecting community governance within the Newhall and Stanton area are reflective of the identities and interests of the community and are both effective and convenient.

Other important considerations are the impact on community cohesion, the size, population and boundaries of the area and what (if any) arrangements have already been made or could be made for the purposes of community representation or community engagement.

## **Who is undertaking the Review?**

The Council is responsible for undertaking any review within its electoral area.

All interested persons and bodies have the opportunity to submit representations throughout the process for consideration by Full Council (a meeting of all 36 South Derbyshire District Councillors) before any decisions are made.

## **Why is the Council undertaking the Review?**

The Review has been instigated following the submission of a valid petition from the Newhall and Stanton Parish Council Campaign Group requesting that a Parish Council be constituted for the area of Newhall and Stanton. As this area does not already exist as a parish, the petition is treated to also include a request for a parish to be constituted.

## **How will the Council undertake the Review?**

Specifically, the Council will consider the following:-

- Whether or not a parish be constituted for the area under review and if so the name and style of the parish;
- Whether or not, as a result of the Review, the area of any existing neighbouring parish needs to be retained, merged, altered or abolished;
- Whether or not any parish should have a Parish Council or any alternative and, if so, determine the electoral arrangements, i.e, the ordinary year of election, the size, the number of Councillors to be elected, the division of the parish into wards and the parish boundaries;
- Whether or not any grouping provision should be made; and
- Whether or not any other local community governance arrangements should be made.

### **Why constitute a Parish?**

The Council recognises that all communities have individual local issues and any decisions made will reflect those issues and be in the best interests of Newhall and Stanton.

Government guidance states that the advantage of constituting an area as a parish is that parishes reflect distinctive and recognisable communities of interest with their own sense of identity. It further states that this identity and community lends strength and legitimacy to the parish structure, creates a common interest in local affairs, encourages participation in elections, leads to representative and accountable government, engenders visionary leadership and generates a strong, inclusive community with a sense a civic values, responsibility and pride.

### **What does a Parish Council do?**

Parish Councils are the most local form of government. They collect money from council tax payers (via the District Council) known as a 'precept' and this is used to invest in the area to improve services or facilities. Parish Councils can take different forms, but are usually made up of local people who stand for election as a Parish Councillor to represent their area. They can be the voice of the local community and work with other tiers of government and external organisations to co-ordinate and deliver services and work to improve the quality of life in the area.

### **Alternative styles**

Parishes may have alternative styles to 'Parish'. The alternative styles are 'community', 'neighbourhood' or 'village'. In addition, it should be noted that the style 'town' is still available to a parish. However, for as long as the parish has an 'alternative style', it will not also be able to have the status of a 'town' and vice versa. The use in these terms of reference to parish does not preclude one of the alternative styles being adopted.

There will then be a further period of time for people to comment on the draft decision before the final decision is made.

The Council recognises that the development of strong, sustainable communities depends on residents' active participation in decision making and making a positive contribution to improving the place where they live. The Council is therefore committed to engaging effectively with the communities it serves and to enabling local people to participate meaningfully in decisions that affect their lives, where all people feel able to take an active part in influencing service delivery.

The Council welcomes all representations from any persons or bodies with a local interest who may wish to comment or make proposals on any aspect of the matters under review.

25/01/2016	1	Mr	David	Burrows		14	Holly Bank Close		Newhall		To date the only information available from the people proposing the setting up of the council is that the precept would be "the cost of a bar of chocolate". This appears to be either a fact overlooked by the organisers or a deception not to make the cost of the charge known until council is formed. My experience is that people are always in favour of something until they are told there is a cost. I would hope that the public will be informed of the likely cost should a council be formed.	Y			
29/01/2016	2	Ms	Pam	Stones		9	Sunnyside		Newhall		I fully support the establishing of a Parish Council for Newhall and Stanton. I have to say that I am at a loss as to why one doesn't already exist!		Y		
29/01/2016	3	Mr	George	Storer			Not provided - e-mail				I just cant see why we need a parish council when we already have swadlincote.we already pay out money to them and another would mean more money when we are already fiding it hard to pay our bills.i can only speak for myself but in this case I would say no,			Y	
29/01/2016	4	Mrs	S	Davies			Not provided - e-mail				Good evening, After receiving your letter regarding a Parish Council for Newhall and Stanton, I wish to include my views. This would be a great opportunity for Newhall and Stanton to become a Parish Council. Residents should be proud of the area and have a say where budgets are spent. The area does need a lot of facilities and the funding currently goes to derby city areas and this is not beneficial to our local area. Our children need more out of school activities. Having lived in Newhall all of my life, I'm pleased that the community wants to get involved. Our community wants to have more input into the local services. I hope this is of interest.		Y		
31/01/2016	5	Mr	John	Appleby		8	Tideswell Green		Newhall	DE11 0UX	In accordance with your letter of 26 January 2016, I would like to register <b>my total support</b> for the proposal to establish a Parish Council in the Newhall and Stanton area. I believe that greater involvement and participation by the community at a very local level will be a major step forward in improving the aesthetic appearance, community facilities and, most important, the public perception of what to me as a resident of 40+ years is an excellent place to live, work and raise a family. We just need the Parish Council to be the springboard to deliver something better and more reflective of residents needs.		Y		
04/02/2016	6	Mr	Barry	Woods		45	St. Johns Drive		Newhall	DE11 0SU	I would like to submit a representation relating to the review and register my full support for the Newhall and Stanton Parish Council Campaign Group's initiative, for the formation of a Newhall and Stanton Parish Council. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between the different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.		Y		
07/02/2016	7	Mrs	Marianne	Biddle			Newhall - Address not provided - e-mail				I wish to register my full support for the proposed Newhall and Stanton Parish Council. Newhall and Stanton need a voice and the status that a Parish Council would bring to the area. A local Parish Council could address situations that only local residents probably know about. There is already a wonderful community spirit albeit we are a very close knit community ,we would very much like to look after our own needs with help,support and advice from our excellent District Council. All age groups need caring for, this could be done locally. The cry has always been that Newhall gets nothing ! I say if you don't ask you don't get, we need someone to ask the right questions and to ask for help when it is needed. A Parish Council will consist of local people I hope they will be easier for people to contact to address local issues.		Y

I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.		Y		
15/02/2016	11	Mrs	M	Sturch	3	Willow Drive		Newhall	DE11 0NW	I do not want a Parish Council in Newhall because of the added expense in increasing the Council Tax which is too high already.	Y		Y	
15/02/2016	12	Mr	Patrick	Marklew	67	Sunnyside		Newhall	DE11 0TN	As the title of your letter suggests you are proposing yet another tier of political interference that will cost people in the ward yet another level of taxation. Both aspects are totally unnecessary and unacceptable, the entry level political rung is not only pointless but not something that local people should be asked to finance by way of precept or other taxation. Anyone trying to get into the political arena should do so via elections to local or county council at their own expense not the taxpayer and a Parish Council "training ground" is not required. Any more levels of interference simply delays getting changes made in the area because it will always be someone else responsible for that, no one will ever take responsibility for changes that are needed or finance that must be found to pay for changes. As resident in the Ward I am opposed to any further levels of "council" be it Parish, Village or any other name.	Y		Y

20/02/2016	31	Mr	John	Yeadon		29	Queens Drive		Newhall	DE110EG	I was approached and asked to sign the petition and told of the many delights that would befall newhall with a parish council, it would allow more local control and things would be much better with a parish council fighting the district council to get more funds for the newhall area. at no stage was it mentioned that I would have to pay more council tax i.e. the precept and its not very clear in the council document which I have read twice and only the word precept appears so I believe the petition is invalid because having spoken to several newhall residents who signed the petition no one was told of any increase in tax and they claim they would not have signed it if a if an increase of tax had been mentioned. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.	Y

I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.	Y

24/02/2016 119	Mr	G	Harrison	30	Westwood Park	Newhall	DE11 0RS	I am writing to register my full support for the Newhall and Stanton Parish Council Campaign Group's initiative, for the formation of a Newhall and Stanton Parish Council. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.	Y

24/02/2016 146		Leslie	Cooper	33	Laburnham Road	Newhall	DE11 0NR	I am writing to register my full support for the Newhall and Stanton Parish Council Campaign Group's initiative, for the formation of a Newhall and Stanton Parish Council. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.	Y

I have always felt that Newhall has been left behind other areas in the district who have had Parish Councils for a number of years. It appears now that Newhall quite a number of residents who are willing and well able to put their names forward to undertake the duties if elected. I'm sure that both Newhall and Stanton would be a much better place to live if we had a Parish Council.</p> <p>Regards, Stan Matthews. DE11 0NH</p>	Y

I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. 02/03/2016	249	Mr	Paul	Dunn	15	Briar Close	Newhall	DE11 0RX	<p>As a resident of Newhall I feel I should comment on the proposal to establish a Parish Council. 1.The residents of the ward will not get a vote but councillors living in Melbourne, Etwell or Repton will. Why's is that as it doesn't affect them? 2. The extra burden of tax via a precept is not welcome in times of Austerity. 3.There is no obvious benefit for residents. 4. The creation of a PC would involve costs for a clerk. 5. There would be costs for a lengthsman which is work SDDC already is esponsible for. To conclude....I don't believe there is a need to create a PC for Newhall and Stanton.</p>	Y

I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. 05/03/2016	258	Mrs	Rosemary	Hancock	2	Tideswell Green	Newhall	DE11 0UX	I am writing to express my views re a Parish Council for Newhall and Stanton. I support this proposal whole heartedly, as I think that by it's formation the people of this area will have a strong voice with regard to the Community that they live in. Having seen in other areas of South Derbyshire how effective Parish Councils can be in the lives of their residents, I have always felt that Newhall should have one, and that some of the things that have happened in Newhall may have been prevented. I think that a Parish Council would bring the Community closer together and would improve the lives of the residents. I also think that some of the negativity that seems to be associated with Newhall may be removed. I also think the proposed area should not be altered.	Y

<p>I am contacting you to say that I fully support the formation of a Newhall and Stanton Parish Council as proposed by the Campaign Group. I have seen the area that they propose to cover and it's boundaries and I am in agreement with the proposal. I look forward to the formation of the Newhall and Stanton Parish Council believing that it will bring more local democracy and allow local residents to have more of a say in local matters. It will encourage local residents to take more interest in their area knowing that they will now be able to influence local decisions affecting where they live. It will also help instil a pride in where they live. The formation of a Newhall and Stanton Parish Council will help to bring the various sections of the community closer together and help in understanding and cooperating together for the good of the village. It would be able to help organise local events to the benefit of local residents, bringing more integration to the village. A Newhall and Stanton Parish Council would raise the profile of Newhall and Stanton and improve the lives and well-being of it's residents making the area a better place in which to live. I fully support the formation of a Newhall and Stanton Parish Council.</p>

11/03/2016 348	Mr	A	Burton	162	Woodland Road	Stanton	DE15 9TJ	I am writing to register my full support for the Newhall and Stanton Parish Council Campaign Group's initiative, for the formation of a Newhall and Stanton Parish Council. I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.	Y

I also support the complete area that they have proposed on their map, showing the proposed boundary area for the Newhall and Stanton Parish Council. I believe that a Newhall and Stanton Parish Council would be a positive step and a great asset to local residents, giving the voice back to our community. I also feel that it would offer the most sustainable and appropriate structure through which to represent the varied interests of local residents, who live and work in Newhall and Stanton. If the record of community spirit to date is anything to go by, there is every chance that the formation of a Newhall and Stanton Parish Council would help to improve community relations between different groups, it would also promote better integration, co-operation and understanding within the village. A Newhall and Stanton Parish Council would be a better, more effective way of getting local people more involved in community life. The formation of a Newhall and Stanton Parish Council will enhance the health and well-being of residents and community cohesion. I fully support the formation of a Newhall and Stanton Parish Council.		Y

## **COMMUNITY GOVERNANCE REVIEW OF NEWHALL AND STANTON DRAFT PROPOSALS**

**A Parish Council is established for the Newhall and Stanton area of the District.**

Parish Councils play an important role in terms of community empowerment at the local level and 80% of respondents to the initial consultation indicated that they supported the establishment of a parish council in the area.

Parish councils are set apart from other forms of community governance as they are a democratically elected tier of local government with directly elected representatives, independent of other council tiers and budgets, and possess specific powers for which they are democratically accountable.

The Council has no evidence to suggest that the establishment of a parish council would be detrimental to a cohesive community in which people of different backgrounds get on well together and share a sense of place.

**The area of the proposed parish be as per the boundaries shown on the attached plan which accords with the boundaries of the Newhall and Stanton Polling District.**

The boundaries accord with those of the polling district of Newhall and Stanton and are therefore considered to be appropriate and easily identifiable.

**The Parish Council be named 'Newhall and Stanton Parish Council'.**

The Government encourages avoidance of composite names other than in exceptional circumstances where the demands of history, local connections or the preservation of local ties make a pressing case for the retention of distinctive traditional names. However, the Council feels that the name of the parish council should take into account the distinctive areas well known as Newhall and Stanton and the use of just one of those would not accurately reflect the entire proposed area of the parish council.

**The Parish Council should use the 'style' of 'Parish' Council, as opposed to the alternative styles of 'Village', 'Neighbourhood' or 'Community' Council.**

Existing Parish Councils in the District use the 'style' of 'parish council'. The alternative styles of 'village', 'neighbourhood' or 'community' council were introduced in the Local Government and Public Involvement in Health Act 2007 and are therefore relatively new. It is felt that using one of these alternative styles in the establishment of a new parish council at this time would potentially lead to confusion of the status of the new council, which should be avoided.

None of the respondents to the initial consultation suggested an alternative style, but in any event, the 'style' of the parish council could easily be changed by any parish council established in the future, if they felt it necessary.

**Subject to the establishment of a Parish Council taking effect from 1<sup>st</sup> April 2017 and the first elections being held in May 2017, the first terms of office of elected Parish Councillors be for the term of two years with the next elections being held in May 2019 and every four years thereafter.**

The Council proposes to reduce the initial terms of office of councillors of a new parish council in order that subsequent elections would take place at the same time as that of other such council's in the District.

**The number of Parish Councillors to be elected to the Parish Council be set in the range 9 to 16.**

The average number of councillors on each parish council within the District is nine.

The Council has noted that the number of parish councillors for each parish council shall not be less than five. The Council does not feel that the number of parish councillors should be more than 10 as it is important that the parish council does not have regular vacancies and in the interests of democracy, elections are contested.

**The Parish Council should not be split into separate wards.**

The Council does not consider that the size of the proposed parish council necessitates splitting the parish into wards or that the single election of councillors for the parish council would be impracticable or inconvenient. Nor does the Council consider that any areas of the parish council should be separately represented on the Council.

## Foreword

This document comprises guidance issued by the Secretary of State and the Local Government Boundary Commission for England under section 100 of the Local Government and Public Involvement and Health Act 2007 (the 2007 Act) on undertaking, and giving effect to recommendations made in, community governance reviews and on making recommendations about electoral arrangements respectively.

The Implementation Plan for the Local Government white paper, *Strong and Prosperous Communities*<sup>1</sup> (the 2006 white paper), sets out Communities and Local Government's future approach to guidance. It proposes that guidance must be short, clear and practical, and that an open and inclusive approach to its preparation should be followed, involving the range of stakeholders who will be affected by or have an interest in it.

This guidance follows that approach. It is an updated version of guidance originally published in 2008 prepared by a partnership of Communities and Local Government and the Electoral Commission with stakeholders including DEFRA, the Local Government Association, County Councils Network, London Councils, the National Association of Local Councils, and the Society of Local Council Clerks. It aims to be clear and practical but also to encourage innovative and flexible local action. The main change to the guidance has been to reflect the establishment of the Local Government Boundary Commission for England, which is responsible for the boundary-related functions previously exercised by the Electoral Commission and the Boundary Committee for England.

A model community governance reorganisation order is available on the Department's website.<sup>2</sup>

## Section 1: Introduction

### The Local Government and Public Involvement in Health Act 2007 and community governance reviews

1. Chapter 3 of Part 4 of the 2007 Act devolves the power to take decisions about matters such as the creation of parishes and their electoral arrangements to local government and local communities in England.
2. The Secretary of State therefore has no involvement in the taking of decisions about recommendations made in community governance reviews and the Local Government Boundary Commission for England's (LGBCE) involvement is limited to giving effect to consequential recommendations for related alterations to the electoral areas of principal councils.
3. From 13 February 2008, district councils, unitary county councils and London borough councils ('principal councils') have had responsibility for undertaking community governance reviews and have been able to decide whether to give effect to recommendations made in those reviews. In making that decision, they will need to take account of the views of local people.
4. Principal councils are required, by section 100(4) of the 2007 Act, to have regard to this guidance which is issued by the Secretary of State, under section 100(1) and (3), and the LGBCE under section 100(2).
5. This guidance is not an authoritative interpretation of the law (as that is ultimately a matter for the courts) and it remains the responsibility of principal councils to ensure that any actions taken by them comply with the relevant legislation. They should seek their own legal advice where appropriate.

#### Aim of this guidance

6. This guidance is intended to provide assistance to principal councils on:
  - a) undertaking community governance reviews
  - b) the making of recommendations for electoral arrangements for parish councils and the making of consequential recommendations to the LGBCE for related alterations to the boundaries of electoral areas of principal councils; and

- c) giving effect to recommendations made in community governance reviews

## Issues covered in this guidance

7. The guidance supports and helps to implement key aspects of the 2006 white paper. The 2007 Act requires that local people are consulted during a community governance review, that representations received in connection with the review are taken into account and that steps are taken to notify them of the outcomes of such reviews including any decisions.
8. The matters covered by the guidance include:
  - a) duties and procedures in undertaking community governance reviews (Chapter 2), including on community governance petitions; the document gives guidance on a valid petition, and for the requirement for petitions to meet specific numerical or percentage thresholds signed by local electors
  - b) making and implementing decisions on community governance (Chapter 3): the 2007 Act places a duty on principal authorities to have regard to the need to secure that any community governance for the area under review reflects the identities and interests of the local community in that area, and that it is effective and convenient; relevant considerations which influence judgements against these two principal criteria include the impact on community cohesion, and the size, population and boundaries of the proposed area
  - c) other forms of community governance not involving parishes (Chapter 4) for example, residents' associations, community forums, tenant management organisations, area committees
  - d) considerations on whether parish meetings and parish councils would be most appropriate, and electoral arrangements (Chapter 5)
  - e) consequential recommendations for related alterations to ward and division boundaries (Chapter 6)

## Statutory provisions

9. In addition to the 2007 Act, legislation relating to parishes can also be found in the Local Government Act 1972 (in particular, provision about parish meetings and councils, the constitution of a parish meeting, the constitution and powers of parish councils and about parish councillors) and the Local Democracy, Economic Development and Construction Act 2009 (reviews and recommendations about,

electoral areas by the LGBCE), as well as in other enactments.

### Structure of guidance

10. This document is published jointly and is divided into two parts. Chapters 2 to 4 deal with those matters which the Secretary of State may issue guidance on and the issues raised in Chapters 5 and 6 are those on which the LGBCE may issue guidance. Having conducted a community governance review, unless in certain circumstances there are no implications for electoral arrangements, principal councils will need to consider both parts of this guidance together.

### Further information

11. Further information about electoral arrangements for parishes and any related alterations to district or London borough wards, or county divisions should be sought from the LGBCE's website [www.lgbce.org.uk](http://www.lgbce.org.uk)

## Section 2: Undertaking community governance reviews

### Why undertake a community governance review?

12. Community governance reviews provide the opportunity for principal councils to review and make changes to community governance within their areas. It can be helpful to undertake community governance reviews in circumstances such as where there have been changes in population, or in reaction to specific or local new issues. The Government has made clear in the 2006 white paper and in the 2007 Act its commitment to parish councils. It recognises the role such councils can play in terms of community empowerment at the local level. The 2007 Act provisions are intended to improve the development and coordination of support for citizens and community groups so that they can make the best use of empowerment opportunities.
13. The 2007 Act is intended to streamline the process of taking decisions about giving effect to recommendations made in a community governance review, such as recommendations for the creation of new parishes and the establishment of parish councils, and about other matters such as making changes to parish boundaries and electoral arrangements. By devolving the powers to take these decisions from central government to local government, the 2007 Act is intended to simplify the decision-making process and make it more local.
14. Parish and town councils are the most local tier of government in England. There are currently about 10,000 parishes in England – around 8,900 of which have councils served by approximately 70,000 councillors. There is a large variation in size of parishes in England from those with a handful of electors to those with over 40,000 electors.
15. In many cases making changes to the boundaries of existing parishes, rather than creating an entirely new parish, will be sufficient to ensure that community governance arrangements to continue to reflect local identities and facilitate effective and convenient local government. For example, over time communities may expand with new housing developments. This can often lead to existing parish boundaries becoming anomalous as new houses are built across the boundaries resulting in people being in different parishes from their neighbours. In such circumstances, the council should consider undertaking a community governance review, the terms of reference

of which should include consideration of the boundaries of existing parishes.

16. A community governance review offers an opportunity to put in place strong, clearly defined boundaries, tied to firm ground features, and remove the many anomalous parish boundaries that exist in England. Reviews also offer the chance to principal councils to consider the future of what may have become redundant or moribund parishes, often the result of an insufficient number of local electors within the area who are willing to serve on a parish council. Some of these issues are considered elsewhere in this guidance (see Chapter 3 about parish councils and parish meetings and Chapter 4 regarding grouping parishes and dissolving parish councils and abolishing parishes).
17. Since new boundaries may be used to provide the building blocks for district and London borough ward and/or county division boundaries in future electoral reviews of district, London borough, unitary and county councils, it is important that principal councils seek to address parish boundary anomalies when they arise. Principal councils should therefore consider carefully changes to parish boundaries as these can have consequential effects on the boundaries for other tiers of local government.
18. Community governance reviews may also be triggered by local people presenting public petitions to the principal council. This is explained in more detail in paragraphs 39 to 43 on public petitions to trigger community governance reviews.

### Terms of reference for community governance reviews

19. The 2007 Act allows principal councils to determine the terms of reference under which a community governance review is to be undertaken. It requires the terms of reference to specify the area under review and the principal council to publish the terms of reference. If any modifications are made to the terms of reference, these must also be published.
20. Terms of reference will need to be drawn up or modified where a valid community governance petition has been received by the principal council. Local people will be able to influence the terms of reference when petitioning (see paragraphs 24 and 39 to 43 for more information).
21. As the 2007 Act devolves power from central to local government and to local communities, it is inappropriate to prescribe a “one size fits

all” approach to terms of reference for community governance reviews applied by principal councils. However, the Government expects terms of reference to set out clearly the matters on which a community governance review is to focus. The local knowledge and experience of communities in their area which principal councils possess will help to frame suitable terms of reference. The terms should be appropriate to local people and their circumstances and reflect the specific needs of their communities.

22. In areas for which there is both a district council and a county council, district councils are required under section 79 of the 2007 Act to notify the county council of their intention to undertake a review and of their terms of reference. County councils play a strategic role in the provision of local services, and they can offer an additional dimension to any proposal to conduct a review, particularly as the terms of reference are being formulated. The bodies which the principal council must consult under section 93 of the 2007 Act include other local authorities which have an interest in the review. Such local authorities would include any county council for the area concerned. In such circumstances the district council should seek the views of the county council at an early stage.
23. Local people may have already expressed views about what form of community governance they would like for their area, and principal councils should tailor their terms of reference to reflect those views on a range of local issues. Ultimately, the recommendations made in a community governance review ought to bring about improved community engagement, better local democracy and result in more effective and convenient delivery of local services.

### Timing of community governance reviews

24. A principal council is under a duty to carry out a community governance review if it receives a valid community governance petition for the whole or part of the council’s area. However, the duty to conduct a review does not apply if:
  - a) the principal council has concluded a community governance review within the last two years which in its opinion covered the whole or a significant part of the area of the petition or
  - b) the council is currently conducting a review of the whole, or a significant part of the area to which the petition relates
25. Where a review has been conducted within the last two years the principal council still has the power to undertake another review if it so wishes. Where a review is ongoing the council can choose to

modify the terms of reference of the ongoing review to include the matters within the petition, or to conduct a second review.

26. Otherwise, the 2007 Act provides for a principal council to conduct a community governance review at any time. Principal councils will want to keep their community governance arrangements under review, and they should ensure that they consider on a regular basis whether a review is needed. A review may need to be carried out, for example, following a major change in the population of a community or as noted earlier in this chapter (see paragraph 15) to re-draw boundaries which have become anomalous, for example following new housing developments being built across existing boundaries. Principal councils should exercise their discretion, but it would be good practice for a principal council to consider conducting a review every 10-15 years – except in the case of areas with very low populations when less frequent reviews may be adequate.
27. In the interests of effective governance, the principal council should consider the benefits of undertaking a review of the whole of its area in one go, rather than carrying out small scale reviews in a piecemeal fashion of two or three areas. However, it is recognised that a full-scale review will not always be warranted, particularly where a review of the whole area or a significant part of the principal council's area has been carried out within the last few years. Occasionally, it may be appropriate to carry out a smaller review, for example, to adjust minor parish boundary anomalies.
28. Principal councils should use their knowledge and awareness of local issues when deciding whether to undertake a review. However, principal councils should avoid starting a community governance review if a review of district, London borough or county council electoral arrangements is being, or is about to be, undertaken. Ideally, community governance reviews should be undertaken well in advance of such electoral reviews, so that the LGBCE in its review of local authority electoral arrangements can take into account any parish boundary changes that are made. The LGBCE can provide advice on its programme of electoral reviews.
29. Where the LGBCE bases its new district or London borough ward boundaries on parish boundaries the Parliamentary Boundary Commission will then use these boundaries to determine parliamentary constituency boundaries (parliamentary constituencies use district and London borough wards as their building blocks). This illustrates the importance of keeping parish boundaries under review and ensuring they accurately reflect local communities.
30. Reorganisation of community governance orders (explained further in [Page 195 of 234](#))

this chapter under implementation) creating new parishes, abolishing parishes or altering their area can be made at any time following a review. However for administrative and financial purposes (such as setting up the parish council and arranging its first precept), the order should take effect on the 1 April following the date on which it is made. Electoral arrangements for a new or existing parish council will come into force at the first elections to the parish council following the reorganisation order. However, orders should be made sufficiently far in advance to allow preparations for the conduct of those elections to be made. In relation to a new parish council, the principal council may wish to consider whether, during the period between 1 April and the first elections to the parish council, it should make interim arrangements for the parish to be represented by councillors who sit on the principal council.

31. Parish council elections should normally take place every four years at the same time as the elections for the district or London borough ward or, in areas outside of London which have no district council, the county division in which a parish, or part of a parish, is situated. However, where a new parish is to be created, it may be necessary to alter the date of the next parish election, particularly if the next elections to the ward or division are not scheduled to take place for some time. To achieve this, section 98 of the 2007 Act allows principal councils to modify or exclude the application of sections 16(3) and 90 of the Local Government Act 1972, so that the first election to the new parish council is held in an earlier year. This results in councillors serving either a shortened or lengthened first term to allow the parish council's electoral cycle to return to that of the unitary, district or London borough ward at the next election.

### Undertaking community governance reviews

32. Section 93 of the 2007 Act allows principal councils to decide how to undertake a community governance review, provided that they comply with the duties in that Act which apply to councils undertaking reviews.
33. Principal councils will need to consult local people and take account of any representations received in connection with the review. When undertaking the review they must have regard to the need to secure that community governance reflects the identities and interests of the community in the area under review, and the need to secure that community governance in that area is effective and convenient. Further information on making recommendations is in Chapter 3.
34. Under the 2007 Act principal councils are required to consult both

those local government electors in the area under review, and others (including a local authority such as a county council) which appears to the principal council to have an interest in the review. In the case of a community governance review where a parish council already exists, as a local authority, it too should be consulted. Other bodies might include local businesses, local public and voluntary organisations - such as schools or health bodies. The principal council must take into account any representations it receives as part of a community governance review.

35. Principal councils must consider the wider picture of community governance in carrying out their reviews. In some areas there may be well established forms of community governance such as local residents' associations, or community forums which local people have set up and which help make a distinct contribution to the community. Some principal councils may also have set up area committees which perform a specific role in the local community.
36. In undertaking a review, section 93(5) requires principal councils to take these bodies into account. Potentially, as representatives of their community, these bodies may be considered as foundations for or stages towards the creation of democratically elected parishes (further information about other non-parish forms of community governance can be found in Chapter 4).
37. Principal councils are required to complete the review, including consequential recommendations to the LGBCE for related alterations to the boundaries of principal area wards and/or divisions, within 12 months of the start of the community governance review. The review begins when the council publishes terms of reference of the review and concludes when the council publishes the recommendations made in the review<sup>3</sup>. The Government stated in the 2006 white paper that they wanted the process for undertaking community governance (formerly parish reviews) to be simplified and speeded up. Given that there is no longer the need to make recommendations to Central Government prior to implementing any review recommendations, the 2007 Act makes it easier for principal councils to reach decisions on community governance reviews. Whilst a community governance review will depend on a number of factors, such as the number of boundary changes, the Government believes it should be feasible to accomplish reviews within 12 months from the start.
38. Principal councils will need to build into their planning process for

reviews reasonable periods for consultation with local electors and other stakeholders, for the consideration of evidence presented to them in representations, as well as for decision-making (see Chapter 3 on making and implementing recommendations made in community governance reviews). Implementation of reviews by Order and the requirement for the principal council to publicise the outcome of a community governance review are covered in paragraphs 98 to 103.

## Public petitions to trigger community governance reviews

39. In recent years, the Government has been keen to encourage more community engagement. The 2006 white paper confirmed this development further stressing the intention to build on the existing parish structure improving capacity to deliver better services, and to represent the community's interests.
40. Under the 2007 Act, local electors throughout England can petition their principal council for a community governance review to be undertaken. The petition must set out at least one recommendation that the petitioners want the review to consider making. These recommendations can be about a variety of matters including:
- the creation of a parish
  - the name of a parish
  - the establishment of a separate parish council for an existing parish
  - the alteration of boundaries of existing parishes
  - the abolition of a parish
  - the dissolution of a parish council
  - changes to the electoral arrangements of a parish council
  - whether a parish should be grouped under a common parish council or de-grouped
  - a strong, inclusive community and voluntary sector
  - a sense of civic values, responsibility and pride; and
  - a sense of place – a place with a 'positive' feeling for people and local distinctiveness
  - reflective of the identities and interests of the community in that area and
  - effective and convenient
  - the impact of community governance arrangements on community cohesion; and

- the size, population and boundaries of a local community or parish
  - people from different backgrounds having similar life opportunities
  - people knowing their rights and responsibilities
41. For a petition to be valid it must meet certain conditions. The first of these conditions is that a petition must be signed by the requisite number of local electors. It is recommended that petitioners aim to collect the requisite number of signatures based on the most recently published electoral register. It should be against this register that the petition thresholds (set out below) will be assessed. The three thresholds are:
- a) for an area with less than 500 local electors, the petition must be signed by at least 50% of them
  - b) for an area with between 500 and 2,500 local electors, the petition must be signed by at least 250 of them
  - c) for an area with more than 2,500 local electors, the petition must be signed by at least 10% of them
42. These thresholds have been chosen to ensure that the minimum number of signatures to be obtained is neither so high that it will be impossible in most cases to collect that number nor so low as to allow a very small minority of electors to trigger a review. So, in areas with higher populations the threshold is not so high as to prevent a genuine desire for a review not being realised. Equally, in areas with smaller numbers of electors, this means that a handful of electors cannot initiate a review against the wishes of the majority of their fellow electors. The thresholds therefore help to ensure that the local democratic process is properly maintained.
43. The petition should define the area to which the review relates, whether on a map or otherwise, and refer to identifiable fixed boundaries. Where a proposed boundary is near an individual property, the petition must make clear on which side of the boundary the property lies. The petition must specify one or more proposed recommendations for review.
44. Where a petition recommends the establishment of a town or parish council or parish meeting (see paragraph 88) in an area which does not currently exist as a parish, the petition is to be treated as including a recommendation for a parish to be created even if it does not expressly make such a recommendation<sup>4</sup>

## Section 3: Making and implementing recommendations made in community governance reviews

45. As stated in the 2006 white paper parish councils are an established and valued form of neighbourhood democracy and management. They are not only important in rural areas but increasingly have a role to play in urban areas. We propose to build on the existing parish structure, so as to improve its capacity to deliver better services and represent the community's interests.

### Context of parishes in the wider community

46. Communities and Local Government is working to help people and local agencies create cohesive, attractive and economically vibrant local communities, building on the Government's Sustainable Communities' strategy.
47. An important aspect to approaching sustainable communities is allowing local people a say in the way their neighbourhoods are managed. One of the characteristics of a sustainable community is the desire for a community to be well run with effective and inclusive participation, representation and leadership. This means:
- a) representative, accountable governance systems which both facilitate strategic, visionary leadership and enable inclusive, active and effective participation by individuals and organisations; and
  - b) effective engagement with the community at neighbourhood level including capacity building to develop the community's skills, knowledge and confidence
48. Central to the concept of sustainable communities is community cohesion. The impact of community governance on cohesion is an issue to be taken into account when taking decisions about community governance arrangements, and this is discussed further below.

### Defining a parish

49. Parish and town councils vary enormously in size, activities and circumstances, representing populations ranging from less than 100 (small rural hamlets) to up to 70,000 (large shire towns – Weston-Super-Mare Town Council being the largest). The majority of them are small; around 80% represent populations of less than 2,500. Small parishes with no parish council can be grouped with

neighbouring parishes under a common parish council (see paragraphs 112 to 115).

50. Parish councils continue to have two main roles: community representation and local administration. For both purposes it is desirable that a parish should reflect a distinctive and recognisable community of place, with its own sense of identity. The views of local communities and inhabitants are of central importance.
51. The identification of a community is not a precise or rigid matter. The pattern of daily life in each of the existing communities, the local centres for education and child care, shopping, community activities, worship, leisure pursuits, transport facilities and means of communication generally will have an influence. However, the focus of people's day-to-day activities may not be reflected in their feeling of community identity. For instance, historic loyalty may be to a town but the local community of interest and social focus may lie within a part of the town with its own separate identity.

### Criteria for undertaking a community governance review

52. Section 93 of the 2007 Act requires principal councils to ensure that community governance within the area under review will be:
  - reflective of the identities and interests of the community in that area and
  - effective and convenient
53. When considering the criteria identified in the 2007 Act, principal councils should take into account a number of influential factors, including:
  - the impact of community governance arrangements on community cohesion and
  - the size, population and boundaries of a local community or parish
54. In considering this guidance, the impact on community cohesion is linked specifically to the identities and interests of local communities. Size, population and boundaries are linked to both but perhaps more specifically to community governance being effective and convenient.

### The identities and interests of local communities

55. Parish councils have an important role to play in the development of their local communities. Local communities range in size, as well as in a variety of other ways. Communities and Local Government is

working to help people and local agencies create cohesive, attractive and economically vibrant local communities. The aim for communities across the country is for them to be capable of fulfilling their own potential and overcoming their own difficulties, including community conflict, extremism, deprivation and disadvantage. Communities need to be empowered to respond to challenging economic, social, and cultural trends, and to demographic change.

56. Parish councils can contribute to the creation of successful communities by influencing the quality of planning and design of public spaces and the built environment, as well as improving the management and maintenance of such amenities. Neighbourhood renewal is an important factor to improve the quality of life for those living in the most disadvantaged areas. Parish councils can be well placed to judge what is needed to build cohesion. Other factors such as social exclusion and deprivation may be specific issues in certain areas, and respect is fundamental to the functioning of all places and communities. The Government remains committed to civil renewal, and empowering citizens to work with public bodies, including parish councils, to influence public decisions.
57. 'Place' matters in considering community governance and is a factor in deciding whether or not to set up a parish. Communities and Local Government's vision is of prosperous and cohesive communities which offer a safe, healthy and sustainable environment. One aspect of that is strong and accountable local government and leadership. Parish councils can perform a central role in community leadership. Depending on the issue, sometimes they will want to take the lead locally, while at other times they may act as an important stakeholder or in partnership with others. In either case, parish councils will want to work effectively with partners to undertake the role of 'place-shaping', and be responsive to the challenges and opportunities of their area in a co-ordinated way.
58. It is clear that how people perceive where they live - their neighbourhoods - is significant in considering the identities and interests of local communities and depends on a range of circumstances, often best defined by local residents. Some of the factors which help define neighbourhoods are: the geography of an area, the make-up of the local community, sense of identity, and whether people live in a rural, suburban, or urban area.
59. Parishes in many cases may be able to meet the concept of neighbourhoods in an area. Parishes should reflect distinctive and recognisable communities of interest, with their own sense of identity. Like neighbourhoods, the feeling of local community and the wishes

of local inhabitants are the primary considerations.

60. Today, there may well be a variety of different communities of interest within a parish; for example, representing age, gender, ethnicity, faith or life-style groups. There are other communities with say specific interests in schools, hospitals or in leisure pursuits. Any number of communities of interest may flourish in a parish but they do not necessarily centre on a specific area or help to define it.
61. Building a sense of local identity may make an important contribution to cohesion where a local area is facing challenges arising from rapid demographic change. In considering the criteria, community governance reviews need to home in on communities as offering a sense of place and of local identity for all residents.

### Effective and convenient local government

62. The Government believes that the effectiveness and convenience of local government is best understood in the context of a local authority's ability to deliver quality services economically and efficiently, and give users of services a democratic voice in the decisions that affect them.
63. Local communities should have access to good quality local services, ideally in one place. A parish council may be well placed to do this. With local parish and town councils in mind, effective and convenient local government essentially means that such councils should be viable in terms of providing at least some local services, and if they are to be convenient they need to be easy to reach and accessible to local people.
64. In responding to the requirement for effective and convenient local government, some parish councils are keen, and have the capacity to take on more in the provision of services. However, it is recognised that not all are in position to do so. The 2007 Act provides a power of well-being to those parish councils who want to take on more, giving them additional powers to enable them to promote the social, economic and environmental well being of their areas. Nevertheless, certain conditions must be met by individual parish councils before this power is extended to them.
65. Wider initiatives such as the Quality Parish Scheme and charters agreed between parish councils and principal councils also help to give a greater understanding of securing effective and convenient local government. In such cases, parish and town councils which are well managed and good at representing local views will be in a better

position to work closely with partner authorities to take more responsibility for shaping their area's development and running its services.

## Factors for consideration

66. When reviewing community governance arrangements, principal councils may wish to take into account a number of factors, to help inform their judgement against the statutory criteria.

### *The impact on community cohesion of community governance arrangements*

67. Setting up parishes and parish councils clearly offers the opportunity to strengthen community engagement and participation, and generate a positive impact on community cohesion. In conducting community governance reviews (whether initiated by itself or triggered by a valid petition), the principal council should consider the impact on community cohesion when deciding whether or not to set up a parish council.
68. Britain is a more diverse society – ethnically, religiously and culturally – than ever before. Today's challenge is how best to draw on the benefits that migration and diversity bring while addressing the potential problems and risks to cohesion. Community cohesion is about recognising the impact of change and responding to it. This is a fundamental part of the place-shaping agenda and puts local authorities at the heart of community building.
69. In its response to the recommendations of the Commission on Integration and Cohesion the Government has defined community cohesion as what must happen in all communities to enable different groups of people to get on well together. A key contributor to community cohesion is integration which is what must happen to enable new residents and existing residents to adjust to one another.
70. The Government's vision of an integrated and cohesive community is based on three foundations:
- people trusting one another and trusting local institutions to act fairly
71. And three key ways of living together:
- a shared future vision and sense of belonging
  - a focus on what new and existing communities have in common, alongside a recognition of the value of diversity
  - strong and positive relationships between people from different backgrounds

72. The Commission on Integration and Cohesion's report, *Our Shared Future*, is clear that communities have expert knowledge about their own circumstances and that actions at the local level contribute to achieving integration and cohesion, with local authorities well placed to identify any pressures. The Commission reports that policy makers and practitioners see civic participation as a key way of building integration and cohesion – from ensuring people have a stake in the community, to facilitating mixing and engendering a common sense of purpose through shared activities. The 2006 white paper's proposals for stronger local leadership, greater resident participation in decisions and an enhanced role for community groups contribute to promoting cohesion.
73. Community cohesion is about local communities where people should feel they have a stake in the society, and in the local area where they live by having the opportunity to influence decisions affecting their lives. This may include what type of community governance arrangements they want in their local area.
74. The 2007 Act requires principal councils to have regard to the need to secure that community governance reflects the identity and interests of local communities; the impact on community cohesion is linked strongly to it. Cohesion issues are connected to the way people perceive how their local community is composed and what it represents, and the creation of parishes and parish councils may contribute to improving community cohesion. Community governance arrangements should reflect, and be sufficiently representative of, people living across the whole community and not just a discrete cross-section or small part of it. It would be difficult to think of a situation in which a principal council could make a decision to create a parish and a parish council which reflects community identities and interests in the area and at the same time threatens community cohesion. Principal councils should be able to decline to set up such community governance arrangements where they judged that to do so would not be in the interests of either the local community or surrounding communities, and where the effect would be likely to damage community cohesion.
75. As part of a community governance review a principal council should consider whether a recommendation made by petitioners will undermine community cohesion in any part of its area.
76. Challenges to community cohesion are often very local in nature and because of their knowledge of local communities, local authorities are in a good position to assess these challenges. As for the other considerations set out in this guidance, principal councils will wish to

reach a balanced judgement in taking community cohesion into account in community governance arrangements.

*Size, population and boundaries of a local community or parish*

77. Size, population and boundaries of a local community or parish are linked to aspects of both principal criteria as identified in the 2007 Act, but perhaps more specifically to community governance being effective and convenient. Often it is factors such as the size, population and boundaries which influence whether or not it is going to be viable to create a parish council. Parishes must fall within the boundaries of a single principal council's area.
78. The Local Government Commission for England in its 1993 Report *Renewing Local Government in the English Shires* makes the point that there is a long history of attempts to identify ideal minimum and maximum sizes for local authorities. Instead its preference was for authorities to be based on natural communities and reflecting people's expressed choices. This is even truer today, particularly at the most local level of government. Nevertheless, the size of communities and parishes remains difficult to define.
79. Parish councils in England currently vary greatly in size from those with a handful of electors with some representing hamlets of around 50 people to those in towns with well over 40,000 electors. Geography and natural boundaries; population size; and to an extent 'council size' (the term used by the LGBCE to describe the number of councillors who are elected to a local authority) may influence how small or large a parish council can be.
80. The general rule should be that the parish is based on an area which reflects community identity and interest and which is of a size which is viable as an administrative unit of local government. This is generally because of the representative nature of parish councils and the need for them to reflect closely the identity of their communities. It is desirable that any recommendations should be for parishes or groups of parishes with a population of a sufficient size to adequately represent their communities and to justify the establishment of a parish council in each. Nevertheless as previously noted, it is recognised that there are enormous variations in the size of parishes, although most parishes are below 12,000 in population.
81. A parish council should be in a position to provide some basic services and many larger parishes will be able to offer much more to their local communities. However, it would not be practical or desirable to set a rigid limit for the size of a parish whether it is in a

rural or urban area, although higher population figures are generally more likely to occur in urban areas. Equally, a parish could be based on a small but discrete housing estate rather than on the town within which the estate lies.

82. There may be cases where larger parishes would best suit the needs of the area. These might include places where the division of a cohesive area, such as a Charter Trustee town (see paragraphs 133 to 134), would not reflect the sense of community that needs to lie behind all parishes; or places where there were no recognisable smaller communities.
83. As far as boundaries between parishes are concerned, these should reflect the “no-man’s land” between communities represented by areas of low population or barriers such as rivers, roads or railways. They need to be, and be likely to remain, easily identifiable. For instance, factors to consider include parks and recreation grounds which sometimes provide natural breaks between communities but they can equally act as focal points. A single community would be unlikely to straddle a river where there are no crossing points, or a large area of moor land or marshland. Another example might be where a community appeared to be divided by a motorway (unless connected by walkways at each end). Whatever boundaries are selected they need to be, and be likely to remain, easily identifiable.
84. In many cases a boundary change between existing parishes, or parishes and unparished areas, rather than the creation of an entirely new parish, will be sufficient to ensure that parish arrangements reflect local identities and facilitate effective and convenient local government. For example, over time, communities may expand with new housing developments. This can often lead to existing parish boundaries becoming anomalous as new houses are built across them resulting in people being in different parishes from their neighbours.
85. A review of parish boundaries is an opportunity to put in place strong boundaries, tied to firm ground detail, and remove anomalous parish boundaries. Since the new boundaries are likely to be used to provide the building blocks for district ward, London borough ward, county division and parliamentary constituency boundaries in future reviews for such councils, it is important that principal councils seek to address parish boundary issues at regular intervals.

## Parish meetings and parish councils

- 86.** Under the Local Government Act 1972 all parishes, whether or not they have a parish council, must have a parish meeting. In many parishes the requirement to have a parish meeting takes the form of at least one annual meeting, or more often several meetings during each year, organised (where one exists) by the parish council or if not by the parish meeting itself. The parish meeting of a parish consists of the local government electors for the parish, and as such local electors are invited to attend these meetings. Parish meetings have a number of functions, powers and rights of notification and consultation. The trustees of a parish meeting hold property and act on its behalf. Depending on the number of local government electors in the parish, there are different rules about whether or not a parish council must be created for the parish, or whether it is discretionary.
- 87.** Where principal councils are creating new parishes, the 2007 Act requires them to make recommendations about whether or not a new parish should be constituted in their area. New parishes can be constituted in a number of different ways, including by creating a parish in an area that is not currently parished, amalgamating two or more parishes and separating part of a parish, with or without aggregating it with parts of other parishes.
- 88.** Section 94 of the 2007 Act applies in relation to these recommendations. It places principal councils under a duty to recommend that a parish should have a council in parishes which have 1000 electors or more. In parishes with 151 to 999 electors the principal council may recommend the creation of either a parish council or a parish meeting. In parishes with 150 or fewer electors principal councils are unable to recommend that a parish council should be created and therefore only a parish meeting can be created. The aim of these thresholds is to extend the more direct participatory form of governance provided by parish meetings to a larger numbers of electors. Equally, the thresholds help to ensure that both the population of a new parish for which a council is to be established is of sufficient size to justify its establishment and also that local people are adequately represented.
- 89.** One of the reasons for these differing thresholds is that the Government recognises the difficulty which sometimes exists in small parishes, in particular, in managing to get sufficient numbers to stand for election to the parish council. However, the thresholds identified above do not apply to existing parish councils. If the community governance review concludes that the existence of the parish council reflects community identities and provides effective and convenient

local government, despite the small number of electors, then it can recommend that the parish council should continue in existence. So, where an existing parish of 150 or less electors already has a parish council with the minimum number of five parish councillors it can continue to have a parish council.

90. If a principal council chooses to establish a parish council, or if an existing parish whose boundaries are being changed has a parish council, the principal authority must consult on, and put in place the necessary electoral arrangements for that parish. (See Chapter 5 Electoral Arrangements.)

### Recommendations and decisions on the outcome of community governance reviews

91. Community governance reviews will make recommendations on those matters they have considered, as defined by the terms of reference set at the start of the review.
92. A principal council must make recommendations as to:
  - a) whether a new parish or any new parishes should be constituted
  - b) whether existing parishes should or should not be abolished or whether the area of existing parishes should be altered or
  - c) what the electoral arrangements for new or existing parishes, which are to have parish councils, should be
93. It may also make recommendations about:
  - a) the grouping or degrouping of parishes
  - b) adding parishes to an existing group of parishes or
  - c) making related alterations to the boundaries of a principal councils' electoral areas
94. In deciding what recommendations to make the principal council must have regard to the need to secure that community governance reflects the identities and interests of the community in that area and is effective and convenient. The 2007 Act provides that it must also take into account any other arrangements (apart from those relating to parishes and their institutions) that have already been made, or that could be made, for the purposes of community representation or community engagement.
95. The recommendations must take account of any representations received and should be based on evidence which demonstrates

that the recommended community governance arrangements would meet the criteria set out in the 2007 Act. Where a principal council has conducted a review following the receipt of a petition, it will remain open to the council to make a recommendation which is different to the recommendation the petitioners wished the review to make. This will particularly be the case where the recommendation is not in the interests of the wider local community, such as where giving effect to it would be likely to damage community relations by dividing communities along ethnic, religious or cultural lines.

96. In making its recommendations, the review should consider the information it has received in the form of expressions of local opinion on the matters considered by the review, representations made by local people and other interested persons, and also use its own knowledge of the local area. It may be that much of this information can be gained through the consultation which the council will have held with local people and also the council's wider engagement with local people on other matters. In taking this evidence into account and judging the criteria in the 2007 Act against it, a principal council may reasonably conclude that a recommendation set out in a petition should not be made. For example, a recommendation to abolish or establish a parish council, may negatively impact on community cohesion, either within the proposed parish area, or in the wider community within which it would be located, and therefore should not be made.
97. The aim of the 2007 Act is to open up a wider choice of governance to communities at the most local level. However, the Government considers that there is sufficient flexibility for principal councils not to feel 'forced' to recommend that the matters included in every petition must be implemented.
98. Under the 2007 Act the principal council must both publish its recommendations and ensure that those who may have an interest are informed of them. In taking a decision as to whether or not to give effect to a recommendation, the principal council must have regard to the statutory criteria (see paragraph 51). After taking a decision on the extent to which the council will give effect to the recommendations made in a community governance review, the council must publish its decision and its reasons for taking that decision. It must also take sufficient steps to ensure that persons who may be interested in the review are informed of the decision and the reasons for it. Who should be informed will depend on local circumstances. Publicising the outcome of reviews is dealt with in the next section on implementation.

*Implementation of community governance reviews by order*

99. There are a number of steps that a principal council must take to publicise the outcome of any review it has conducted, and to provide information about that outcome to the bodies it must notify following any reorganisation order it makes to implement the review. Community governance reviews should be conducted transparently so that local people and other local stakeholders who may have an interest are made aware of the outcome of the decisions taken on them and the reasons behind these decisions.
100. If the council implements the recommendations made in its review, there are other steps it is required to undertake. These include depositing copies of the reorganisation order<sup>5</sup> which the principal council will need to draw up to give effect to its decisions. Besides depositing at its main office a copy of the reorganisation order, it should also deposit a map showing the effects of the order in detail which should be available for inspection by the public at all reasonable times (i.e. during normal working hours). The 2007 Act also requires the council to make available a document setting out the reasons for the decisions it has taken (including where it has decided to make no change following a community governance review) and to publicise these reasons.
101. The principal council must publicise how the council has given effect to the review, and that the order and map are available for public inspection as set above. Other means of publicity it may wish to consider are through publication on the council's website, in local newspapers, on notice boards in public places, and in local libraries, town halls or other local offices. In addition, after a principal council has made a reorganisation order, as soon as practicable, it must inform the following organisations that the order has been made:
- a) the Secretary of State for Communities and Local Government
  - b) the LGBCE
  - c) the Office of National Statistics
  - d) the Director General of the Ordnance Survey
  - e) any other principal council (e.g. a county council) whose area the order relates to

---

<sup>5</sup> A copy of a model reorganisation order with different examples of recommendations can be viewed on the Communities and Local Government website. It may help principal councils to draw up reorganisation orders which could be adapted to their own needs and circumstances. Principal councils are not obliged to follow this example. It is offered on an advisory basis and principal councils will want to seek their own legal advice that any orders they produce meet the necessary legal requirements.

102. The Audit Commission has statutory responsibility for appointing external auditors to all local councils in England. For the purposes of its audit appointment functions the Commission needs to be aware of changes emerging from community governance reviews. Therefore, principal councils should inform the Audit Commission of any reorganisation orders made to implement the recommendations of community governance reviews.
103. Section 97 of the 2007 Act provides for regulations to make incidental, consequential, transitional or supplementary provision for the purposes of, or in consequence of, reorganisation orders. Two sets of regulations have been made under the 2007 Act, which apply to reorganisation orders - both came into force on 8 April 2008. The first of these, the Local Government (Parishes and Parish Councils) (England) Regulations 2008 No.625 make provisions in relation to matters such as the distribution of property and the rights and liabilities of parish councils affected by a reorganisation order. The second set, the Local Government Finance (New Parishes) Regulations 2008 No.626 deal with the setting of precepts for new parishes.
104. Section 99 of the 2007 Act provides for public bodies affected by reorganisation following a community governance review to make agreements about incidental matters and what those agreements may provide for. So as to ensure that a reorganisation order has effect subject to the terms of any such agreement, principal councils should make provision for this in the reorganisation order. An example provision has been included in the model reorganisation order which can be found on the Communities and Local Government website (see footnote 2).

### Maps of parish changes and mapping conventions

105. To assist those who will have an interest in any recommendations made by the principal council when conducting a community governance review and to accompany the reorganisation order, clear high quality maps should be produced to a standard equivalent to using Ordnance Survey large scale data as a base. Maps can be graphically presented at a reduced scale for convenience but preferably no smaller than 1:10,000 scale. Each recommendation and order should be depicted on a map or maps. The mapping should clearly show the existing parish ward, parish, district or London borough boundaries and all proposed parish ward and parish boundaries in the area(s) affected, or given effect to in a reorganisation order.

106. It can be useful to include some positional information to identify the location of the area(s) in relation to the complete area of the principal council. A colour key can be included to clearly identify each boundary type. Where there are only proposed changes to an existing parish boundary alignment it can be helpful to show in translucent colour any areas to be transferred from one parish to another. This indicates clearly the extent of the proposed change. It can also be beneficial to add unique references to all areas of transfer to create a cross reference to the re-organisation order document. Applying a reference to each order map should also be considered so that a link is created with the re-organisation order.

## Section 4: Other aspects of community governance reviews

### Parish names and alternative styles for parishes

- 107.** Prior to the 2007 Act, a parish could be given the status of a town under section 245 of the Local Government Act 1972. “Town” status continues to be available to a parish. In addition, the 2007 Act inserted sections 12A and 12B into the 1972 Act to offer a further choice of alternative styles for a parish: community, neighbourhood and village. However, for as long as the parish has an alternative style, it will not also be able to have the status of a town and vice versa.
- 108.** The ‘name’ of a parish refers to the geographical name of the area concerned and can be changed independent of a review by a principal council at the request of a parish council or parish meeting (where there is no parish council)<sup>6</sup>. A change in the status or ‘style’ of a parish allows for that area to be known as a town, community, neighbourhood or village, rather than as a parish. The status or style of the parish will be reflected in the name of any council of the parish, the parish meeting, any parish trustees, and the chairman or vice-chairman of the parish meeting or of any parish council. So, for example, the council of a parish which uses the style ‘village’ will be known as the ‘village council’ and its councillors as the ‘village councillors’, etc.
- 109.** References in legislation to a ‘parish’ should be taken to include a parish which has an alternative style, as is the case in relation to a parish which has the status of a town. The same applies in relation to references in legislation to a ‘parish meeting’, ‘parish council’, ‘parish councillor’, ‘parish trustees’, etc in connection with a parish which has an alternative style.
- 110.** The Government recognises that in long established parishes, particularly in rural areas, local people may wish to retain the name of their parish and the existing style of their parish councils, - although others may prefer “village” or another style. Following a community governance review, in areas previously unparished where a new parish is being created, people living there may wish for the style of their parish council to reflect the local community in a different way and may prefer one of the alternative styles. This may well be the case for those living in urban areas. Local authorities will wish to take

<sup>6</sup> Section 75 Local Government Act 1972

account of these preferences in deciding the name of the parish and the chosen style.

111. Where the review relates to a new parish, it is for the principal council, in the first instance, to make recommendations as to the geographical name of the new parish, and as to whether or not it should have one of the alternative styles. So far as existing parishes under review by principal councils are concerned, the review must make recommendations as to whether the geographical name of the parish should be changed, but it may not make any recommendations for the parish about alternative style. It will be for the parish council or parish meeting to resolve whether the parish should have one of the alternative styles.
112. In relation to a group of parishes, provision about alternative styles for the group may be made by the principal council in a reorganisation order that forms that group, adds a parish to an existing group or de-groups a parish or group. A grouping containing a mixture of styles is not permitted under section 11A(4) of the Local Government Act 1972. Where an individual parish is removed from a group through a de-grouping order the parish must retain the style it had when it was part of the group until such time as the parish council or meeting resolves to adopt an alternative style. Provision about alternative styles in relation to groups will normally be made independently of a community governance review.

### Grouping or degrouping parishes

113. Section 91 of the 2007 Act provides for a community governance review to recommend the grouping or degrouping of parishes by principal councils. As mentioned in chapter 3, (paragraph 87) unless they already exist as functioning parish councils smaller new parishes of less than 150 electors will be unable to establish their own parish council under the 2007 Act.
114. In some cases, it may be preferable to group together parishes so as to allow a common parish council to be formed. Degrouping may offer the reverse possibilities perhaps where local communities have expanded. Such proposals are worth considering and may avoid the need for substantive changes to parish boundaries, the creation of new parishes or the abolition of very small parishes where, despite their size, they still reflect community identity. Grouping or degrouping needs to be compatible with the retention of community interests. It would be inappropriate for it to be used to build artificially large units under single parish councils.
115. Section 91 also requires a review to consider the electoral arrangements

of a grouped parish council or of a parish council established after a parish is de-grouped. Each parish in a group must return at least one councillor.

- 116.** When making a recommendation to group or de-group parishes, the principal council may make a request to the LGBCE to make a related alteration to the boundaries of district or London borough wards or county divisions. For example, if a principal council decided to add an additional parish to a group, because of their shared community identities, it may wish to recommend that all of the parishes in the group be included in the same district ward (see Chapter 6 for more details).

### Abolishing parishes, and dissolving parish councils

- 117.** While the Government expects to see a trend in the creation, rather than the abolition, of parishes, there are circumstances where the principal council may conclude that the provision of effective and convenient local government and/or the reflection of community identity and interests may be best met, for example, by the abolition of a number of small parishes and the creation of a larger parish covering the same area. If, following a review, a principal council believes that this would provide the most appropriate community governance arrangements, then it will wish to make this recommendation; the same procedures apply to any recommendation to abolish a parish and/or parish council as to other recommendations (see paragraphs 90 -97). Regulations<sup>7</sup> provide for the transfer of property, rights and liabilities of a parish council to the new successor parish council, or where none is proposed to the principal council itself.
- 118.** Section 88 of the 2007 Act provides for a community governance review to recommend the alteration of the area of, or the abolition of, an existing parish as a result of a review. The area of abolished parishes does not have to be redistributed to other parishes, an area can become unparished. However, it is the Government's view that it would be undesirable to see existing parishes abolished with the area becoming unparished with no community governance arrangements in place.
- 119.** The abolition of parishes should not be undertaken unless clearly justified. Any decision a principal council may make on whether to abolish a parish should not be taken lightly. Under the previous parish review legislation, the Local Government and Rating Act 1997 , the

---

<sup>7</sup> The Local Government (Parishes and Parish Councils) (England) Regulations 2008 No.625.

Secretary of State considered very carefully recommendations made by principal councils for the abolition of any parish (without replacement) given that to abolish parish areas removes a tier of local government. Between 1997 and 2008, the Government rarely received proposals to abolish parish councils, it received only four cases seeking abolition and of these only one was approved for abolition by the Secretary of State.

120. Exceptionally, there may be circumstances where abolition may be the most appropriate way forward. Under the 2007 Act provisions, the principal council would need to consider local opinion, including that of parish councillors and local electors. It would need to find evidence that the abolition of a parish council was justified, and that there was clear and sustained local support for such action. A factor taken into account by the Government in deciding abolition cases, was that local support for abolition needed to have been demonstrated over at least a period equivalent to two terms of office of the parish councillors (i.e. eight years), and that such support was sufficiently informed. This means a properly constituted parish council should have had an opportunity to exercise its functions so that local people can judge its ability to contribute to local quality of life.
121. Where a community governance review is considering abolishing a parish council we would expect the review to consider what arrangements will be in place to engage with the communities in those areas once the parish is abolished. These arrangements might be an alternative forum run by or for the local community, or perhaps a residents' association. It is doubtful however, that abolition of a parish and its council could ever be justified as the most appropriate action in response to a particular contentious issue in the area or decision of the parish council.
122. In future, principal councils will wish to consider the sort of principles identified above in arriving at their decisions on whether or not to abolish a parish council. In doing so, they will be aware that decisions about community governance arrangements, including decisions for the abolition of a parish council, may attract a challenge by way of judicial review.
123. The 2006 white paper underlined the Government's commitment to parish councils as an established and valued form of neighbourhood democracy with an important role to play in both rural, and increasingly urban, areas.
124. Section 10 of the Local Government Act 1972 makes provision for the dissolution of parish councils in parishes with very low populations,

but not for the de-parishing of the area. Recommendations for the dissolution of a parish council which is not in this position are undesirable, unless associated either with boundary changes which amalgamate parishes or divide a parish or with plans for a parish to be grouped with others under a common parish council (see paragraphs 112 to 115). Recommendations for changing a parish area (or part of a parish area) into an unparished area are also undesirable unless that area is amalgamated with an existing unparished urban area.

## Rural areas

- 125.** About 90% of the geographical area of England is covered by a parish, and this is mostly in rural or semi-rural areas. So, most populated rural areas already have a structure of local government that includes parishes and many of these have been in existence for hundreds of years. It is desirable that any changes do not upset historic traditions but do reflect changes that have happened over time, such as population shift or additional development, which may have led to a different community identity.
- 126.** The focus of community feeling will differ from place to place and between different types of settlement. A scatter of hamlets may have a feeling of community within each hamlet, meriting a separate parish for each one, or amongst a number of hamlets, for which one parish covering all may be appropriate. Where a number of hamlets surround a village a parish could be based on the village and its environs, provided that the sense of individual identity is not lost.
- 127.** In rural areas, the Government wants to encourage the involvement of local people in developing their community and having a part to play in shaping the decisions that affect them. A parish can be a useful and democratic means of achieving this.

## London

- 128.** The London Government Act 1963 abolished parishes existing at the time within London. When the boundaries for Greater London were established, they were adjusted to allow the surrounding shire counties to keep parishes that were in the fringe areas. Since then, London has been the only part of England not to have parishes or parish councils.
- 129.** The Government's view is that Londoners should have the same rights as the rest of the country. The 2007 Act corrects this anomaly to allow London boroughs the possibility to exercise the same community governance powers as other principal councils including

being able to set up parishes and parish councils. Similarly, local electors in London boroughs are, as elsewhere in England, able to petition for a community governance review.

130. In London, there is the same possibility to choose a style for a parish perhaps to reflect better the local urban area like “community” or “neighbourhood”. Whilst some parts of London are populated by people who may be more transient or mobile than elsewhere, there are equally areas of the capital where there are stable populations who may wish to see the creation of a parish council for their local area.

#### *Other urban areas*

131. There are parts of rural or semi-rural England which are unparished, but the opportunities for establishing new parishes are increasingly to be found in urban and suburban areas. It is possible that identifying the community upon which a parish might be based may be more difficult to discern in some urban areas. A “community” perhaps already represented by a voluntary organisation or a community endeavour, such as a Neighbourhood Watch area or a residents’ association, may indicate a suitable area on which to base proposals for a new or altered parish, (see paragraphs 135 -145).
132. Much of the information described in Chapter 3 on the identities and interests of local communities is applicable to urban areas. There are parishes in parts of some large cities or unitary authorities, as well as a number of parishes in the metropolitan boroughs of the larger conurbations. Some of these parishes have been created under the Local Government and Rating Act 1997 Act, but in most metropolitan boroughs these are on the more sparsely populated peripheries (the originals having been transferred, as part of former rural districts, to the metropolitan counties in 1974).
133. The lower population limits and grouping mentioned above are more relevant to rural areas than to urban areas, although both are applicable in law. The general rule is that the parish is based on an area which reflects community identity and interest and which is viable as an administrative unit. In urban areas this may mean, for example, that a parish should be based on a housing estate rather than on the town within which the estate lies. The larger the town, the greater will be the scope for identification of distinct communities within it.

## Charter trustee areas

- 134.** Charter trustees were established following the local government reorganisations in the early 1970s and 1990s to preserve the historic identity of former boroughs or cities, most with relatively large populations. To this end, charter trustees have the power to carry out ceremonial functions. They were not intended to act as administrative units. Proposals to create a parish or parish council covering all or part of a charter trustee area need to be judged in particular against the following considerations:
- a) the effect on the historic cohesiveness of the area
  - b) what are the other community interests in the area? Is there a demonstrable sense of community identity encompassing the charter trustee area? Are there smaller areas within it which have a demonstrable community identity and which would be viable as administrative units?
- 135.** These issues need to be taken into account in those areas with certain cities or boroughs which will be affected by any consequent reorganisation from the structural and boundary changes in the 2007 Act.

## Other (non-parish) forms of community governance

- 136.** In conducting a community governance review, principal councils must consider other forms of community governance as alternatives or stages towards establishing parish councils. Section 93(5) of the 2007 Act states that *“In deciding what recommendations to make [in the community governance review] the principal council must take into account any other arrangements... that have already been made or that could be made for the purposes of community representation or community engagement in respect of the area under review”*. The following paragraphs consider other types of viable community representation which may be more appropriate to some areas than parish councils, or may provide stages building towards the creation of a parish council. There is sometimes evidence locally of an existing community governance infrastructure and of good practice which are successfully creating opportunities for engagement, empowerment and co-ordination in local communities.
- 137.** However, what sets parish councils apart from other kinds of governance is the fact they are a democratically elected tier of local government, independent of other council tiers and budgets, and possess specific powers. This is an important distinction to make. Parish councils are the foundation stones for other levels of local government in England. Their directly elected parish councillors

represent local communities in a way that other bodies, however worthy, cannot since such organisations do not have representatives directly elected to those bodies.

- 138.** The 2006 white paper recommended that local communities should be able to take more responsibilities for local issues affecting their area. Key to this approach is community empowerment, and the ability of various existing organisations themselves to see through specific projects to tackle local issues. Structures such as local residents' associations, community or neighbourhood forums and area committees have an important role to play in local community governance.
- 139.** At the neighbourhood level, there are various initiatives in existence, which through being representative and accountable can effectively empower local people. They have varying degrees of power and influence, and commensurate levels of transparency and accountability.

#### *Area committees*

- 140.** Area committees are part of the structure of some principal councils (e.g. district, unitary and London borough), where they choose to have them. Area committees are a key initiative for enabling local government to fulfil community governance roles and also to deliver government policy on issues affecting social inclusion in local communities. Principal councils also provide resources for area committees, and their councillors are commonly integral to their constitution. Area committees can cover large areas and exist to advise or make decisions on specific responsibilities that can include parks, off-street parking, public toilets, street cleaning, abandoned vehicles and planning applications amongst others. Also, more widely, they contribute to shaping council services and improving local service provision.

#### *Neighbourhood management*

- 141.** Neighbourhood management programmes are similarly set up by principal councils and may be led by one of a number of bodies. The expansion of neighbourhood management was promoted in the 2006 White Paper as a tool to enable local authorities to deliver more responsive services through their empowerment of citizens and communities. Their purpose is to create the opportunity for residents to work with local agencies, usually facilitated by a neighbourhood manager, to improve services at the neighbourhood level.

- 142.** Neighbourhood management arrangements aim to improve ‘quality of life’ through implementation of (rather than advising or making decisions on) better management of local environment, increasing community safety, improving housing stock, working with young people, and encouraging employment opportunities, supported strategically by relevant stakeholders and Local Strategic Partnerships. They tend to cover smaller populations than area committees. The 2006 white paper recommends that take up of neighbourhood management should be encouraged and that Government should work with local authorities pioneering the approach, to raise the profile of achievements and promote adoption elsewhere.

*Tenant management organisations*

- 143.** The 2006 white paper makes a series of proposals that facilitate the empowerment of residents through tenant management organisations (TMOs). Tenant management organisations are established by the local housing authority; they usually function on urban housing estates and can take responsibility for housing services (such as collecting rents and service charges and organising repairs and maintenance) from the local housing authority under the Housing (Right to Manage) (England) Regulations 2008. The 2006 white paper promoted the role of TMOs and recommended simplifying and extending their scope; enabling them to take on additional services and undertake further representation of residents within neighbourhoods. A TMO is an independent legal body and usually elects a tenant-led management committee to the organisation; they can also enter into a legal management agreement with landlords.

*Area/community forums*

- 144.** Area or community forums (including civic forums) can be set up by the principal council, or created by local residents to act as a mechanism to give communities a say on principal council matters or local issues. Sometimes forums are set up to comment on a specific project or initiative that will impact upon the local area, and so may be time-limited. They increase participation and consultation, aiming to influence decision making, rather than having powers to implement services. They vary in size, purpose and impact, but membership usually consists of people working or living in a specific area. Some forums also include ward councillors, and representatives from the council and relevant stakeholders can attend meetings.

*Residents' and tenants' associations*

- 145.** Residents' and tenants' associations enable local people to participate in local issues affecting their neighbourhood or housing estate, including the upkeep of the local environment, crime, sometimes dealing with anti-social behaviour matters, or on some estates, housing management. They can be set up by any group of people living in the same area and can choose who members will be; how they will be represented and what they want to achieve. In the case of tenants' and residents' associations on estates, they may be established with direct support from the principal council, as a mechanism for communicating with the tenants and residents on its estates. To engage effectively with other organisations, residents' and tenants' associations must be able to show that they are accountable and represent the views of the whole community, rather than narrow self interests of just a few local people.

*Community associations*

- 146.** Community associations offer a particular and widespread democratic model for local residents and local community-based organisations in a defined neighbourhood to work together for the benefit of that neighbourhood. They can use a model constitution registered with the Charity Commission. The principal council may also be represented on the association's committee. They usually manage a community centre as a base for their activities. Membership is open to everyone resident in the area.

## Section 5: Electoral arrangements

### Introduction

**147.** The purpose of a review undertaken by a principal council, or a petition from the electorate, is likely primarily to concern the administrative boundaries of a new or existing parish. As discussed earlier (Chapter 2), this might be in the light of growth from within an existing parish or a locally identified need for a new form of community governance. However, in addition to these primary concerns, principal authorities will also need to consider the governance of new or altered parishes. The principal council must have regard to the need for community governance within the area under review to reflect the identities and interests of the community in that area, and to ensure that the governance is effective and convenient. Further information on electoral arrangements is available from the LGBCE's website [www.LGBCE.org.uk](http://www.LGBCE.org.uk)

### What are electoral arrangements?

- 148.** Electoral arrangements in relation to an existing or proposed parish council are defined in the 2007 Act and are explained in detail below:
- a) ordinary year of election – the year in which ordinary elections of parish councillors are to be held
  - b) council size – the number of councillors to be elected to the council, or (in the case of a common council) the number of councillors to be elected to the council by local electors in each parish
  - c) parish warding – whether the parish should be divided into wards for the purpose of electing councillors. This includes considering the number and boundaries of any such wards, the number of councillors to be elected for any such ward and the name of any such ward

### Ordinary year of election

**149.** Ordinary parish elections are held once every four years with all councillors being elected at the same time. The standard parish electoral cycle is for elections in 2011, 2015 and every four years after 2015, but parish elections may be held in other years so that they can coincide with elections in associated district or London borough wards or county divisions and share costs. For example, all London borough ward elections take place in 2010, 2014 and so on. We would therefore expect parish elections in London to take place in these years.

- 150.** New or revised parish electoral arrangements come into force at ordinary parish elections, rather than parish by-elections, so they usually have to wait until the next scheduled parish elections. They can come into force sooner only if the terms of office of sitting parish councillors are cut so that earlier parish elections may be held for terms of office which depend on whether the parish is to return to its normal year of election.
- 151.** For example, a parish that had elections in 2007 could wait until its next scheduled elections in 2011 for new parish wards to come into force. Alternatively, the new parish wards could have come into force at elections in 2009 if the terms of office of the councillors elected in 2007 were cut to two years. If the elections in 2009 were for two-year terms of office then the parish council could return to its normal electoral cycle in 2011.
- 152.** Alternatively, if new or revised parish electoral arrangements are to be implemented in the third year of sitting councillors' term of office, provision can be made to cut short the term of office of existing councillors to three years. Elections could then take place with all councillors serving a five-year term of office, enabling the parish to return to its normal year of election.

### Council size

- 153.** Council size is the term used to describe the number of councillors to be elected to the whole council. The 1972 Act, as amended, specifies that each parish council must have at least five councillors; there is no maximum number. There are no rules relating to the allocation of those councillors between parish wards but each parish ward, and each parish grouped under a common parish council, must have at least one parish councillor.
- 154.** In practice, there is a wide variation of council size between parish councils. That variation appears to be influenced by population. Research by the Aston Business School Parish and Town Councils in England (HMSO, 1992), found that the typical parish council representing less than 500 people had between five and eight councillors; those between 501 and 2,500 had six to 12 councillors; and those between 2,501 and 10,000 had nine to 16 councillors. Most parish councils with a population of between 10,001 and 20,000 had between 13 and 27 councillors, while almost all councils representing a population of over 20,000 had between 13 and 31 councillors.
- 155.** The LGBCE has no reason to believe that this pattern of council size to population has altered significantly since the research was

conducted. Although not an exact match, it broadly reflects the council size range set out in the National Association of Local Councils Circular 1126; the Circular suggested that the minimum number of councillors for any parish should be seven and the maximum 25.

- 156.** In considering the issue of council size, the LGBCE is of the view that each area should be considered on its own merits, having regard to its population, geography and the pattern of communities. Nevertheless, having regard to the current powers of parish councils, it should consider the broad pattern of existing council sizes. This pattern appears to have stood the test of time and, in the absence of evidence to the contrary, to have provided for effective and convenient local government.
- 157.** Principal councils should also bear in mind that the conduct of parish council business does not usually require a large body of councillors. In addition, historically many parish councils, particularly smaller ones, have found difficulty in attracting sufficient candidates to stand for election. This has led to uncontested elections and/or a need to co-opt members in order to fill vacancies. However, a parish council's budget and planned or actual level of service provision may also be important factors in reaching conclusions on council size.

### Parish warding

- 158.** Parish warding should be considered as part of a community governance review. Parish warding is the division of a parish into wards for the purpose of electing councillors. This includes the number and boundaries of any wards, the number of councillors to be elected for any ward and the names of wards.
- 159.** In considering whether or not a parish should be divided into wards, the 2007 Act requires that consideration be given to whether:
- a) the number, or distribution of the local government electors for the parish would make a single election of councillors impracticable or inconvenient; and
  - b) it is desirable that any area or areas of the parish should be separately represented
- 160.** Accordingly, principal councils should consider not only the size of the electorate in the area but also the distribution of communities within it. The warding of parishes in largely rural areas that are based predominantly on a single centrally-located village may not be justified. Conversely, warding may be appropriate where the parish

encompasses a number of villages with separate identities, a village with a large rural hinterland or where, on the edges of towns, there has been some urban overspill into the parish. However, each case should be considered on its merits, and on the basis of the information and evidence provided during the course of the review.

- 161.** There is likely to be a stronger case for the warding of urban parishes, unless they have particularly low electorates or are based on a particular locality. In urban areas community identity tends to focus on a locality, whether this be a housing estate, a shopping centre or community facilities. Each locality is likely to have its own sense of identity. Again, principal councils should consider each case on its merits having regard to information and evidence generated during the review. (See also under Chapter 3, paragraphs 54 to 60).

*The number and boundaries of parish wards*

- 162.** In reaching conclusions on the boundaries between parish wards the principal council should take account of community identity and interests in the area, and consider whether any particular ties or linkages might be broken by the drawing of particular ward boundaries. Principal councils should seek views on such matters during the course of a review. They will, however, be mindful that proposals which are intended to reflect community identity and local linkages should be justified in terms of sound and demonstrable evidence of those identities and linkages.
- 163.** The principal council should also consider the desirability of parish warding in circumstances where the parish is divided by district or London borough ward and/or county division boundaries. It should be mindful of the provisions of Schedule 2 (electoral change in England: considerations on review) to the Local Democracy, Economic Development and Construction Act 2009 in relation to reviews of district or London borough and county council electoral arrangements. These provide that when the LGBCE is making changes to principal council electoral arrangements, no unwarded parish should be divided by a district or London borough ward or county division boundary, and that no parish ward should be split by such a boundary. While these provisions do not apply to reviews of parish electoral arrangements, the LGBCE believes that, in the interests of effective and convenient local government, they are relevant considerations for principal councils to take into account when undertaking community governance reviews. For example, if a principal council chooses to establish a new parish in an area which is covered by two or more district or London borough wards or county division boundaries it may also wish to consider the merit of putting

parish warding in place to reflect that ward and/or division.

- 164.** When considering parish ward boundaries principal councils should ensure they consider the desirability of fixing boundaries which are, and will remain, easily identifiable, as well as taking into account any local ties which will be broken by the fixing of any particular boundaries.

*The number of councillors to be elected for parish wards*

- 165.** If a principal council decides that a parish should be warded, it should give consideration to the levels of representation between each ward. That is to say, the number of councillors to be elected from each ward and the number of electors they represent.
- 166.** It is an important democratic principle that each person's vote should be of equal weight so far as possible, having regard to other legitimate competing factors, when it comes to the election of councillors. There is no provision in legislation that each parish councillor should represent, as nearly as may be, the same number of electors. However, the LGBCE believes it is not in the interests of effective and convenient local government, either for voters or councillors, to have significant differences in levels of representation between different parish wards. Such variations could make it difficult, in workload terms, for councillors to adequately represent the interests of residents. There is also a risk that where one or more wards of a parish are over-represented by councillors, the residents of those wards (and their councillors) could be perceived as having more influence than others on the council.
- 167.** The LGBCE offers no specific guidelines for what might constitute significant differences in levels of representation; each case will need to be considered on its merits. Principal councils should be mindful that, for the most part, parish wards are likely to be significantly smaller than district or London borough wards. As a consequence, imbalances expressed in percentage terms may be misleading, disguising the fact that high variations between the number of electors per councillor could be caused by only a few dozen electors.
- 168.** Where a community governance review recommends that two or more parishes should be grouped under a common parish council, then the principal council must take into account the same considerations when considering the number of councillors to be elected by each parish within the group.

*Names of parish wards*

- 169.** In considering the names of parish wards, the principal council should give some thought to existing local or historic places so that, where appropriate, these are reflected and there should be a presumption in favour of ward names proposed by local interested parties.

**Electorate forecasts**

- 170.** When considering the electoral arrangements for a parish, whether it is warded or not, the principal council must also consider any change in the number or distribution of the electors which is likely to occur in the period of five years beginning with the day when the review starts. The most recent electoral register should be used to gain an accurate figure for the existing electorate. Planning assumptions and likely growth within the area, based on planning permissions granted, local plans or, where they are in place, local development frameworks should be used to project an accurate five year electorate forecast. This ensures that the review does not simply reflect a single moment but takes account of expected population movements in the short- to medium-term.
- 171.** Electorate forecasts should be made available to all interested parties as early as possible in the review process, ideally before the formal commencement of the review so that they are available to all who may wish to make representations.

**Consent/protected electoral arrangements**

- 172.** If, as part of a community governance review, a principal council wishes to alter the electoral arrangements for a parish whose existing electoral arrangements were put in place within the previous five years by an order made either by the Secretary of State, the Electoral Commission, or the LGBCE, the consent of the LGBCE is required. This includes proposals to change the names of parish wards.
- 173.** The principal council must write to the LGBCE detailing its proposal and requesting consent. The LGBCE will consider the request and will seek to ensure that the proposals do not conflict with the original recommendations of the electoral review, and that they are fair and reasonable.
- 174.** Where a request for consent is made to the LGBCE, it will expect to receive evidence that the principal council has consulted with electors in the relevant parish(es) as part of the community governance review and will wish to receive details of the outcome of that review.
- 175.** For changes to the number or boundaries of parish wards, the

principal council will also need to provide the LGBCE with an existing and five-year forecast of electors in the parish(es) affected. Five-year forecasts should be accurate from the day that the review began. Both existing and forecast figures should be provided for the existing parish (and parish wards where relevant) and the proposed parish (and parish wards where relevant).

176. If the LGBCE consents to the changes it will inform the principal council which can then implement the proposed changes by local order. No LGBCE order is required. Conversely, if the LGBCE declines to give consent, no local order may be made by the local authority until the five-year period has expired.

## Section 6: Consequential recommendations for related alterations to the boundaries of principal council's wards and/or divisions

177. As part of a community governance review, principal councils may wish to consider whether to request the LGBCE to make changes to the boundaries of district or London borough wards or county divisions to reflect the changes made at parish level.
178. There are three instances when a principal council may wish to consider related alterations to the boundaries of wards or divisions following:
- the creation, alteration or abolition of a parish
  - the establishment of new or altered parish ward boundaries
  - a grouping or de-grouping of parishes
179. In the interests of maintaining coterminosity between the boundaries of principal authority electoral areas and the boundaries of parishes and parish wards, principal councils may wish to consider as part of a community governance review whether to make consequential recommendations to the LGBCE for related alterations to the boundaries of any affected district or London borough wards and/or county divisions. The Commission may agree to make related alterations to ensure coterminosity between the new parish boundary and the related ward and/or division boundary. If so, the Commission will make an order to implement the related alterations. The Commission will not normally look to move ward or division boundaries onto new parish ward boundaries. However, it will consider each proposal on its merits.
180. In addition, when making a recommendation to group or de-group parishes, (see paragraph 108 to 111 for more details) the principal council may make a request to the LGBCE to make a related alteration of district or London borough ward or county division boundaries. For example, if a principal council decided to add an additional parish to a group it may wish to recommend that all of the parishes be included in the same district or London borough ward and/or county division. Recommendations for related alterations should be directly consequential upon changes made as part of a community governance review.
181. It will be for the LGBCE [Page 216 of 214](#) following the receipt of proposals, if

a related alteration should be made and when it should be implemented. Only the LGBCE can make an order implementing any alterations to the district or London borough ward or county division boundary. No order will be made to implement related alterations until the order changing the boundary of the relevant parish(es) or parish ward(s), or the order grouping or de-grouping parishes, has been made. Rather than make related alterations that would create detached wards or divisions or that would have a disproportionate impact on ward or division electoral equality, the LGBCE may decide to programme an electoral review of the principal council area.

- 182.** If, in liaison with the district or London borough council and/or the county council, the LGBCE decides to make related alterations to ward and/or division boundaries at a different time, it will consider whether there would be any adverse effects for local people in the holding of elections while the boundaries are not coterminous. However, changes to wards and divisions come into force at district or London borough and county ordinary elections in the electoral areas on either side of the electoral boundary change, so a period of non-coterminosity until the scheduled parish, district or London borough and county elections have taken place may be preferable to unscheduled elections. Unscheduled elections will be necessary to bring into force changes between adjacent parishes or wards whose scheduled elections never normally coincide.
- 183.** In two-tier areas, district councils are advised to seek the views of the county council in relation to related alterations to division boundaries.
- 184.** A principal council may decide that it does not wish to propose related alterations to ward or division boundaries. Where this results in boundaries no longer being coterminous, principal councils will need to be satisfied that the identities and interests of local communities are still reflected and that effective and convenient local government will be secured. Principal councils will also wish to consider the practical consequences, for example for polling district reviews, of having electors voting in parish council elections with one community but with a different community for district or London borough and/or county elections.
- 185.** Where proposals for related alterations are submitted to the LGBCE, it will expect to receive evidence that the principal council has consulted on them as part of a community governance review and the details of the outcome of that review. Principal councils may wish to undertake this consultation at the same time as they consult on proposals to alter the boundaries of parishes or establish new parishes. They must complete the community governance review,

including making any consequential recommendations to the LGBCE for related alterations, within a period of one year. Sufficient time should be given to the LGBCE to consider the proposals in advance of the election year in which the principal council proposes they be implemented.

186. The principal council will need to take into account the number of registered electors in any district or London borough ward or county division affected when the review starts, and a forecast of the number of electors expected to be in the areas within five years, and provide this information to the LGBCE. This information should be used to establish a total electorate figure for each district or London borough ward and/or county division affected by the recommendations, both for the current electorate and for expected electorate five years after the start of the review. These totals should also be provided to the LGBCE.
187. When submitting proposals to the LGBCE the principal council should illustrate the proposed changes on maps of a suitable scale, using different coloured lines and suitable keys to illustrate the required changes.
188. If the LGBCE decides not to implement the proposed related alterations, then the existing ward and/or division boundaries will remain in force. The LGBCE has no power to modify any recommendations submitted to it; it may only implement or reject the recommendations.
189. In most cases, related alterations to district or London borough ward and/or county division boundaries tend to be fairly minor in nature and simply tie the ward and/or division boundary to the affected parish boundary. However, if an authority has altered several parish and/or parish ward boundaries and proposes several related alterations to district or London borough ward and/or county division boundaries, the cumulative effect of these could affect electoral equality at district or London borough and/or county level. This could be particularly acute if a number of parishes were transferred between district or London borough wards or county divisions to reflect grouped parishes. In such circumstances, the LGBCE will wish to consider conducting an electoral review of the principal council area or an electoral review of a specified area within it. The timing of such reviews would be dependent on the LGBCE's review programme commitments.
