CL/145. **SUBSTITUTE PANELS**

There were no amendments to the compositions of Substitute Panels.

CL/146. **REPRESENTATION ON OUTSIDE BODIES**

There were no amendments to the representation on Outside Bodies.

CL/147. **STATEMENT OF COMMUNITY INVOLVEMENT**

Members were advised that a report had been received from the Inspector that undertook an examination of the Statement of Community Involvement

and the written representations received. The Inspector had accepted the changes to the document agreed at the Special Council Meeting on 15th December 2005 and made only one other recommended change that was considered necessary. The examination assessed the document against certain tests, set out in an Appendix to the report. The Inspector's report was binding.

Councillor Taylor congratulated Officers on the formulation and delivery of the Statement of Community Involvement and this view was supported by Councillor Southerd.

RESOLVED:-

That Council notes the content of the Inspector's report and adopts the Statement of Community Involvement, as amended, in accordance with the Inspector's recommendations.

CL/148. **LOCAL GOVERNMENT ACT 1972, SCHEDULE 12A – EXEMPT INFORMATION**

It was reported that the Local Government (Access to Information) (Variation) Order 2006 made amendments to Schedule 12A of the Local Government Act 1972. It altered Part One of the Schedule, which described the categories of information that might be considered exempt from the requirement to make available to the public papers relating to local authority meetings and access to those meetings. The amendments would have the effect of simplifying the exemption in the Schedule and harmonising them with the provisions of the Data Protection Act and the list of exemptions contained in the Freedom of Information Act. The revised descriptions of exempt information were set out within the report. The Order came into effect on 1st March 2006 and accordingly, amendments to the Access to Information Rules were required within the Constitution.

RESOLVED:-

That the Access to Information Rules within the Constitution be amended, as appropriate, to reflect the changes to the descriptions of exempt information.

CL/149. **REPORT ON THE CURRENT HEALTH OF SCRUTINY AT SOUTH DERBYSHIRE DISTRICT COUNCIL – IS IT FIT FOR PURPOSE?**

A report was presented by Councillor Harrington, on behalf of the Overview Committee. By way of introduction, the report outlined discussions which had taken place between Scrutiny Members and the conclusions reached. The conclusions were outlined in a series of bullet points and a context was provided. The report then posed the question whether Scrutiny was fulfilling its purpose. The report examined the role of Scrutiny, the Council's Constitution principles and particular reference was made to the work programme, policy review and development. The report then looked at the Scrutiny Committees' work plans and a lesson from an excellent authority. This section of the report highlighted potential areas of joint working with Derbyshire County Council and a subsequent section on development areas looked at the respective goals for Scrutiny within the County and District Councils.

The report then highlighted resources, Officer support, structure and budgets. Subsequent sections looked at efficiencies, cross authority and committee working, together with Gershon and budgetary issues.

Councillor Harrington confirmed the offer from Scrutiny to work closely with policy committees, to add value. Councillor Bladen supported the views expressed as the Vice Chair of the Overview Committee. He referred to the reorganisation of local government and the important role of Scrutiny. He touched on the operation of Scrutiny in fourth option Councils, as compared to those operating a cabinet structure. He hoped Members would read the conclusions of the report.

Councillor Carroll welcomed this thoughtful report and noted the serious implications, including budgetary issues which required discussion. It was proposed that this item be referred to the Finance and Management Committee. Councillor Southerd felt that this was an interesting and well researched report. There was a need to avoid duplication and to define the Scrutiny role in this fourth option Council. The report had some excellent recommendations, some of which had budgetary implications. He supported the proposal to refer this issue to the Finance and Management Committee, whilst recognising the need for this role to be independent. Councillor Harrington welcomed the comments and the opportunity to discuss this issue further.

RESOLVED:-

That the matter be referred for further consideration by the Finance and Management Committee.

Note: At 7:40pm Councillor Murphy left the Meeting.

CL/150. **ESTABLISHMENT OF AN AUDIT SUB COMMITTEE**

It was reported that the Comprehensive Performance Assessment (CPA) framework included a use of resources judgement. This assessed how well a Council managed and used its financial resources, to support its delivery of the Council's priorities. This new framework had been deemed 'the harder test'. Rather than focusing on whether a Council had robust frameworks in place, the test had moved to assess the impact of these frameworks. The Audit Commission required Councils to have an Audit Committee to gain a level four in the use of resources assessment. The report set out the guidance issued regarding Audit Committees.

CIPFA considered it good practice to establish an Audit Committee and had recently issued a guidance document in this regard. However, there was no statutory requirement for a local authority to have an Audit Committee. It was proposed to establish a sub-committee of the Finance and Management Committee, to undertake this function. The proposed terms of reference were detailed in an appendix to the report, together with the structural arrangements. These were based primarily on CIPFA's guidance and the Audit Commission's use of resources advice, although good practice adopted by fourth option district councils had been included.

The Leader of the Council highlighted certain sections of the report that appeared contradictory. He questioned when the Council should embrace this issue and sought guidance about the composition of the Audit Sub-Committee. It was proposed to defer this item, to enable further consideration of the arrangements for the new municipal year. Officers provided further information about the composition of the Audit Committee, confirming that it could not include Members of the Finance and Management Committee or Scrutiny Members.

RESOLVED:-

That consideration of this item be deferred.

CL/151. **ODPM CONSULTATION PAPER ‘LOCAL STRATEGIC PARTNERSHIP; SHAPING THEIR FUTURE’**

It was reported that the Office of the Deputy Prime Minister (ODPM) had issued this consultation paper as part of the Government’s local vision debate about the future of Local Government. It re-examined the role, governance and capacity of Local Strategic Partnerships (LSP’s), both in terms of short term changes and more radical longer term adjustments. The document had four main chapters covering :

- The role of LSP’s and sustainable community strategies
- Governance
- Accountability
- Capacity issues

A copy of the executive summary was submitted and the report set out the key messages in this consultation. It posed a series of questions designed to help the OPDM understand how LSP’s were operating and where changes could be made nationally, regionally and locally to help them operate more effectively. The Local Government Information Unit (LGIU) had drafted a response to the consultation paper, to help Councils finalise their views. The LGIU had produced a detailed response, covering all of the areas addressed in the consultation paper on a systematic basis. Board members of the South Derbyshire LSP had been encouraged to respond to the consultation paper on behalf of their respective organisations. The Strategic Co-ordination Group of the LSP had considered this issue at a meeting earlier in the day and suggested a response in line with that of the LGIU, as appended to the report.

Note: At 7:45 pm, Councillors Dunn and Mrs. Renwick left the Meeting.

A number of Members voiced their concerns at the proposals contained within this consultation document. Councillor Harrison took the opportunity to raise the Nottingham East Midlands Airport master plan and he hoped that the Council would respond to that consultation. Councillor Southerd was mindful of the short timescale for responses and commended the draft response from the LGIU. This was supported by Councillor Carroll, as the proposed response was comprehensive and the LGIU comprised local authorities across the Country. This view was also supported by Councillor Mrs. Wheeler who commented on the consultation, the imposition of Local Area Agreements and the likely reduction in Crime and Disorder Partnership funding for the area.

RESOLVED:-

That the Local Government Information Unit's draft response be adopted as the Council's response to the ODPM consultation paper on Local Strategic Partnerships.

CL/152. **LOCAL GOVERNMENT ACT 1972 (AS AMENDED BY THE LOCAL GOVERNMENT [ACCESS TO INFORMATION] ACT 1985)**

That in accordance with Section 100(A)(4) of the Local Government Act 1972 (as amended) the press and public be excluded from the remainder of the Meeting for the following items of business on the grounds that they involve the likely disclosure of exempt information as defined under the paragraphs of Part 1 of Schedule 12A of the Act as indicated in the reports of Committees.
