PL/180 CONSTRUCTION OF A SINGLE CARRIAGEWAY ROAD WITH VERGES, CYCLEWAYS AND FOOTWAYS ALONG WITH THREE NEW ROUNDABOUTS AND ASSOCIATED INFRASTRUCTURE AND THE PARTIAL DEMOLITION OF WOODHOUSE BUSINESS CENTRE (WOODVILLE REGENERATION ROUTE PHASE 2) AFFECTING DERBY ROAD, SWADLINCOTE ROAD, WOODHOUSE STREET AND KILN WAY AND ACROSS LAND AT THE FORMER DYSON SITE OCCUPATION LANE WOODVILLE SWADLINCOTE

It was reported that members of the Committee had visited the site earlier in the day.

The Principle Area Planning Officer presented the report to Committee informing of revisions required in the report and including the wording of the first Informative. The Officer updated Members that two further representations had been received during the consultation period which ended on 31st March 2018, one from the landowner questioning whether his land is required claiming no contact from the applicant and the second from a business in support of the application, but highlighting that the location of the road could constrain existing parking and storage area. The Committee was informed that although both matters would be for the County Council, the applicant had submitted evidence to show correspondence with the landowner and advised that dialogue would resume following the outcome of this Meeting. The Officer explained the proposed layout of the site highlighting the proposed traffic routing plan, footpaths, cycle ways, landscaping scheme and the site's inclusion in the Council's Local Plan.

Some local Members welcomed the proposal for redevelopment for employment and housing provision and the potential alleviation of traffic at the Clock Island roundabout and surrounding area. Councillor Dr Pearson, Ward Member for Midway, sought clarification on the site's potential impact on Woodville Business Centre. The Principle Area Planning Officer clarified that any potential loss of employment space in order to facilitate the route could be considered by the County Council during negotiations.

PL/181 **THE VARIATION OF CONDITION 19 OF PERMISSION REF. 9/2014/0740 (RELATING TO OUTLINE PERMISSION (ALL MATTERS RESERVED EXCEPT FOR ACCESS) FOR UP TO 400 DWELLINGS AND PROVISION OF NEW SCHOOL PICK UP/DROP OFF AREA, TOGETHER WITH ASSOCIATED HIGHWAY WORKS, PUBLIC OPEN SPACE, LANDSCAPING, PARKING AND ATTENUATION FACILITIES) ON LAND AT BROOMY FARM WOODVILLE ROAD HARTSHORNE SWADLINCOTE**

The Principle Area Planning Officer presented the report to Committee updating Members that Condition 19 required the inclusion of compliance to the approved method statement in regard to the filling works and an amended Informative. The Officer highlighted the history of the application, delivery of infrastructure and phasing of the development clarifying that Condition 19 related to the filling of the tunnel and the cutting and not to do with highway safety reasons.

Mr Paul Burton (applicant) attended the Meeting and addressed Members on this application.

Councillor Dr Pearson addressed the Committee raising concerns in relation to the delivery of the link road, potential impact on traffic, local residents and footpath route to Eureka Primary School from the proposed development. The Principle Area Planning Officer advised that an alternative route could be provided through funding contributions specified in the Section 106 Agreement relating to the upgrade of footpaths.

Clarification was sought and provided on the time required to complete the work to the tunnel, the reasons for the condition and the delivery of the link road.

The Principle Area Planning Officer presented the report to Committee explaining the phasing plan, layout, landscaping, the use of material from the site to fill the tunnel and provision of affordable housing as part of the Council's five-year supply.

Mr Paul Burton (applicant) attended the Meeting and addressed Members on this application.

Councillor Dr Pearson reiterated his concerns regarding provision of the link road and affordable housing, which were also shared by some Members of the Committee who further added that combined with the potential impact on residents and traffic in the area, they felt it was difficult to support the proposal.

Further clarification on construction traffic was sought and a suggestion for it to be routed to the part-filled road was made, in order to alleviate pressure points and also assist in compression of the ground. The Principal Area Planning Officer advised that this could be possible as part of the construction traffic routing plan cited under Condition 11.

Councillor Coe, local Ward Member, raised concern relating to the importance of timing of the works for this and other approved development in the area in order mitigate the impact on residents. The Officer suggested that an advisory note to Derbyshire County Council could request consideration of other committed developments when potential approval for works is granted.
