DC/60. **REPORTS OF MEMBERS**

(a) Loose Chippings Signs – Ticknall

Councillor Southerd reported that signs were still in evidence on roads approaching Ticknall, indicating loose chippings on the road, despite being no longer appropriate. Accordingly, the County Highways Authority would be requested to remove such signs.

(b) Planning Conditions – Management of Sites

Councillor Southern expressed concern at recent occurrences in Linton involving residents being disturbed by house alarms and enquired whether a condition could be imposed on the grant of planning permission requiring the developer to advise the police of details of keyholders. The Planning Services Manager advised that conditions could not be imposed relating to the manner in which a development site was managed but in such cases, an appropriate informative could be included on the permission, which was agreed. The Chief Executive advised that an offence would be committed by anyone allowing an alarm to sound continually without informing the police.

The conversion into two dwellings of the public house and hotel including the demolition of the function suite and rear bar area together with the erection of four dwellings at the Hardinge Arms, Main Street, Kings Newton (9/2001/0594/L).

Further to Minute No. DC/56 of 16th October 2001, it was reported that Members of the Committee had visited the site prior to the Meeting.

The Planning Services Manager and the Chair of the Committee referred to further correspondence and a lengthy debate on the merits of the applications ensued. The Planning Services Manager reiterated that he considered there to be no sound reasons for refusal and reminded the Committee that in such previous cases, a Member of the Council had represented the Authority in any subsequent Appeal Inquiry.

RESOLVED:-

That, contrary to the recommendations, planning permission 9/2001/0504/F and Listed Building Consent 9/2001/0584/L be refused for the following reasons:-

The development would result in the loss of a special amenity and meeting place for the residents of Kings Newton that provides a

valuable focus in the village. The premises represent an important community facility, employment provider, tourist facility and contribute significantly to the vibrancy of the village. Therefore, the proposal would result in the loss of an important social facility which helps to define the character and distinctiveness of the village, allows access for disabled people and affords access to a Listed building. As a result, the development would fail to preserve or enhance the character or appearance of the Conservation Area and would be contrary to Environment Policy 9 of the Derby and Derbyshire Joint Structure Plan and Environment Policy 12 of the South Derbyshire Local Plan.

Further to Minute No. DC/56 of 16th October 2001, it was reported that Members of the Committee had visited the site prior to the Meeting. Consideration was given to the application and reference was made to further letters of objection.

RESOLVED:-

That contrary to the recommendation, planning permission be refused due to an overbearing effect on the neighbouring property.

(Councillor Southern wished it to be recorded that he was not in favour of this decision).

- (e) The erection of a pair of semi-detached houses and two detached houses on land adjoining No. 28 New Street, Church Gresley (9/2001/0796/F).

Further to Minute No. DC/56 of 16th October 2001, it was reported that Members of the Committee had visited the site prior to the Meeting. Consideration was given to the application and, it was,

RESOLVED:-

DC/63. **BRIDLEWAY NO. 11 AND APPLICATION TO ADD A FOOTPATH LINK TO THE STATUTORY LIST AND VARY THE DETAILS OF BRIDLEWAY NO. 11, WILLINGTON**

Further to Minute No. DC/51 of 16th October 2001, it was reported that a formal consultation had now been received from Derbyshire County Council on an application to add to the Statutory Register a footpath that followed the bank of the River Trent, vary the particulars relating to bridleway 11 and clarify the extent of bridleway 11.

Following the resolution at the last Meeting of the Committee to forward a letter in support of local residents to the County Highways Authority, the formal views of this Council had been requested prior to the despatch of the letter. The Council had been invited to provide any information or comments in respect of the applications and whilst unable to add any local knowledge to the matter, Officers had studied the aerial photographs on this matter. These suggested that a track did exist at the date of the photographs along the river bank which carried some weight to the view that a footpath had existed along the river bank, although this needed to be the subject of expert interpretation.

The Planning Services Manager referred to correspondence from a local resident, the Derbyshire County Angling Club and Councillor Evens. Members reiterated their support of local residents in this matter and it was understood that the necessary evidence was available.

RESOLVED:-

That a letter in support of the applications be forwarded to the County Council together with all relevant information available.

DC/64. **REPORT OF THE PLANNING SERVICES MANAGER**

The Planning Services Manager submitted reports for consideration and determination by the Committee and presented oral reports to the Meeting to update them as necessary. Consideration was then given thereto and decisions were reached as indicated.
