

**Proposed Overview and Scrutiny Work Programme – 2007/08**

- **Any uncompleted projects from 2005/06**

To consider whether any projects from the previous work programme need to be brought forward.

Any feedback from Policy Committee on any recommendations made by Overview & Scrutiny required?

- **Report and review of flooding issues and maintenance of flood defences in the district of South Derbyshire.**

Covering areas of the River Dove / Trent and Derwent, along with the major tributaries that feed into the river and canal network

- **Improving the Commercial Rural Bus network and the Community Bus Service in the District of South Derbyshire.**

To cover the role of a more 'user friendly' network of bus routes and to address the inadequacy of the services with a potential to reduce car journeys.

To monitor fare paying passengers on some routes and a report on numbers who use their Gold Card / Student Card Service.

- **Willington Train Station.**

To undertake a review of the inadequacies of rail services and the potential of Willington Rail Station to reduce car journeys

To raise materially the number of trains that stop in directions covering the East and West rail lines.

- **Broadband Availability and Quality.**

To improve the delivery of broadband in South Derbyshire for Commercial Businesses and to improve the Quality of service provided.

- **Scrutiny Website**

Update council website

- **Telephone calls to Emergency Services**

When making calls there is a requirement to give a postcode for the incident of which is being recorded

The need to place postcodes in all telephone kiosks and a rolling programme to place them on street signs when being renewed plus appearing as standard on all new developments.
