

In accordance with Council Procedure Rule No. 12, Councillor Richards will move the following motion:

*“This Council requires the Chief Executive to undertake a feasibility study into the potential for this Council to create a wholly owned Development Company in order that we could if necessary, build homes on our land, carry out maintenance, repairs and refurbishments to our housing stock and thus reduce our reliance on outside contractors, and to present his findings at the earliest opportunity to a future meeting of the Council.”*
