

Appendix 2 – Street Trading Consultation Responses

Response Received from:	Response	Suggested Action to be Taken
<p>Matt Holford – Environmental Health</p>	<p>If possible, we'd like to use the policy to positively influence the food hygiene standards and environmental credentials of the traders.</p> <p>A suggestion on food hygiene is to include the following condition in the Appendix 2 list of standards conditions;</p> <p>All street traders selling food or drink shall be registered as a food business. It is the expectation of the Council that all such businesses shall maintain a food hygiene rating score of 4 or 5. Where the traders fails to maintain such a score then the local authority may refuse to renew (under section 9 of the Policy) or seek to revoke (under section 12 of the Policy) the license. These will be determined on a case by case basis.</p>	<p>New condition to be added to schedule of conditions. Condition to read as follows:</p> <p>The holder of a street trading consent shall hold a four- or five-star food hygiene rating for the food unit; should that rating fall below four star, the consent holder shall ensure that at least a four star rating is obtained within 3 months of receiving a lower score; should this not be obtained; the consent shall be revoked.</p>
<p>Matt Holford – Environmental Health</p>	<p>I'm conscious that, by necessity, the conditions in the Policy are all framed as 'shall' (i.e. mandatory), whereas our environmental aspirations are substantively about influencing where we don't have the legal powers to compel.</p> <p>I've added in a proposed condition 17 which you're welcome to amend if you don't think it fits. I'm not particularly happy with my wording of "Consent holders shall seek to continually reduce their environmental impact" because it's pretty subjective, so any suggestions which provide wording which is more enforceable but remains within the boundaries of what the LG(MP) Act allows for inclusion in a consent is welcome.</p> <p>South Derbyshire District Council meets the ISO14001 environmental management standard and consent holders shall ensure that they comply with all relevant environmental law while operating under the terms of this consent. Consent holders shall</p>	<p>See suggested new condition below.</p>

Appendix 2 – Street Trading Consultation Responses

	<p>seek to continually reduce their environmental impact in accordance with the Councils Environmental Policy through steps including more local sourcing of products, reducing energy consumption, minimising waste and reduced carbon emissions.,</p>	
<p>Heather Foster – Environmental Protection</p>	<p>Further to Matt’s comments thank you so much for sending this over, its great to see the enthusiasm for environment shining through</p> <p>A few notes:</p> <ul style="list-style-type: none"> • Section 8.7 – Like that environmental credentials are there! No changes just some questions for ISO: <ul style="list-style-type: none"> ○ How do we track traders on their environmental credentials? Do we have a form that I could review to see what we ask? Waste, Water, fuel, sourcing of produce etc (as assuming they are small businesses). Then this could help with point scoring in future. ○ Some ideas - We could give them some great resources to things they could do environmentally and link in with Matts comment? ○ Do they have to re-apply for licences? Could ask them what they are doing differently to support environmental aims? • Appendix 2 – Love that waste is captured 😊 including waste water – maybe we add it to the below: <ul style="list-style-type: none"> ○ As per the line in contention at the moment could we reword to the below? And maybe put elements into a table? ○ As per the line in contention at the moment could we reword to the below? And maybe put elements into a table? 	<p><i>New Suggested Condition to read as follows:</i></p> <p><i>The consent holder is to be aware of the Council’s commitment to protecting our environment and asks all consent holders to understand their impact on the environment from their activities, what it purchases/sells, including the impact of waste and emissions to the district. We ask consent holders to support:</i></p> <ul style="list-style-type: none"> • <i>Reducing their emissions</i> <ul style="list-style-type: none"> ○ <i>Supply chain from local businesses</i> ○ <i>Use electric or renewable power sources including vehicles to travel to or moving items</i> ○ <i>Ask your supply chain how they are reducing their impact or choose ‘greener’ option</i> ○ <i>For food businesses - Use ‘in season’ local ingredients, as a first choice and offer/ expand plant based alternative meals.</i> • <i>Reduce their waste and others waste:</i> <ul style="list-style-type: none"> ○ <i>Review food portion size and ingredients to support human health, less food waste and save business money.</i> https://lovefoodhatewaste.com/ ○ <i>support people using reusable containers/cups</i>

Appendix 2 – Street Trading Consultation Responses

	<p>17. The consent holder is to be aware of the Council’s commitment to protecting our environment and asks all consent holders to understand their impact on the environment from their activities, what it purchases/sells, including the impact of waste and emissions to the district. We ask consent holders to support:</p> <ul style="list-style-type: none"> ● Reducing their emissions <ul style="list-style-type: none"> ○ Supply chain from local businesses ○ Use electric or renewable power sources including vehicles to travel to or moving items ○ Ask your supply chain how they are reducing their impact or choose ‘greener’ option ○ For food businesses - Use ‘in season’ local ingredients, as a first choice and offer/ expand plant based alternative meals. ● Reduce their waste and others waste: <ul style="list-style-type: none"> ○ Review food portion size and ingredients to support human health, less food waste and save business money. https://lovefoodhatewaste.com/ ○ support people using reusable containers/cups ○ ban single use plastics – look at compostable alternatives ○ look for alternatives that are compostable or 100% made from recycled materials or can be recycled without having an plastic inner lining etc ○ Left over food – join with food banks or OLIO scheme to share food - https://olioex.com/ 	<ul style="list-style-type: none"> ○ ban single use plastics – look at compostable alternatives ○ look for alternatives that are compostable or 100% made from recycled materials or can be recycled without having an plastic inner lining etc ○ Left over food – join with food banks or OLIO scheme to share food - https://olioex.com/ <ul style="list-style-type: none"> ● Help spread the word – South Derbyshire declared a climate emergency to be carbon neutral before 2050 <ul style="list-style-type: none"> ○ Tell customers how they should dispose of their packaging and/or promote them bring re-usable cups/ containers (prior COVID restrictions) ○ Tell customers what you are doing which is positive for the environment ○ Speak to your suppliers to see how we can all work towards reducing our impact on the environment and reducing our emissions <p>New Suggested condition to read as follows:</p> <p><i>The consent holder shall ensure that they comply with all relevant environmental law while operating under the terms of this consent</i></p>

Appendix 2 – Street Trading Consultation Responses

	<ul style="list-style-type: none"> • <i>Help spread the word – South Derbyshire declared a climate emergency to be carbon neutral before 2050</i> <ul style="list-style-type: none"> ○ <i>Tell customers how they should dispose of their packaging and/or promote them bring re-usable cups/ containers (prior COVID restrictions)</i> ○ <i>Tell customers what you are doing which is positive for the environment</i> ○ <i>Speak to your suppliers to see how we can all work towards reducing our impact on the environment and reducing our emissions</i> <p><i>18. The consent holder shall ensure that they comply with all relevant environmental law while operating under the terms of this consent</i></p> <p><i>17. a - The consent holder shall ensure refuse originating from their trade is disposed of by a licensed waste carrier and shall leave the site clear of refuse at the completion of trading. No water or waste material shall be discharged on to the highway or any adjacent property.</i></p>	<p><i>New Suggested condition to read as follows:</i></p> <p><i>The consent holder shall ensure refuse originating from their trade is disposed of by a licensed waste carrier and shall leave the site clear of refuse at the completion of trading. No water or waste material shall be discharged on to the highway or any adjacent property.</i></p>
<p>Cllr Amy Wheelton</p>	<p>I have read your email and policy with interest and I note under 8.7 Environmental credentials is mentioned, whilst this is in no way my area of expertise if it possible please to ensure the regulations are worded widely enough to include future changes such as the Environmental Bill detail in line with the Corporate Plan keeping the Environment at the heart of the Council, noise, litter and environmentally friendly do appear to be very much at the heart of my and our residents thoughts.</p>	<p>Amended conditions above address this request</p>
